## **Seduction A Play In One Act:**

*Robert Altman's Subliminal Reality* Robert T. Self, 2002 With his complex and unconventional films Robert Altman often draws an impassioned response from critics but bafflement and indifference from the general public Some audiences have dismissed his movies as insignificant unsatisfying and unreadable Ironically Altman might agree he makes films in order to challenge filmgoers expectations of straightforward narratives and easily understood endings In Robert Altman's *Subliminal Reality* Robert T Self sheds light on Altman's work and provides the most comprehensive analysis of his films to date With close readings of classics like *MASH* *McCabe Mrs Miller* and *Nashville* as well as the more recent films *The Player* *Short Cuts* and *Cookie's Fortune* Self asserts the value of Altman's work not only to film theory and the entertainment industry but to American culture Book jacket

**Legacies of the Stone Guest** Alexander Burry, 2023-06-13 The story of Don Juan first appeared in writing in seventeenth century Spain reaching Russia about a century later Its real impact however was delayed until Russia's most famous poet Alexander Pushkin put his own unique and uniquely inspirational spin on the tale Published in 1830 *The Stone Guest* is now recognized with other Pushkin masterpieces as part of the Russian literary canon Alexander Burry traces the influence of Pushkin's brilliant innovations to the legend which he shows have proven repeatedly fruitful through successive ages of Russian literature from the Realist to the Silver Age Soviet and contemporary periods Burry shows that rather than creating a simple retelling of an originally religious tale about a sinful consummate seducer Pushkin offered open ended scenes re envisioned and complicated characters and new motifs that became recursive and productive parts of Russian literature in ways that even Pushkin himself could never have predicted

**Seducing Augustine** Virginia Burrus, Mark D. Jordan, Karmen MacKendrick, 2010 Augustine's *Confessions* is a text that seduces But how often do its readers respond in kind Here three scholars who share a longstanding fascination with sexuality and Christian discourse attempt to do just that Where prior interpreters have been inclined either to defend or to criticize Augustine's views Virginia Burrus Mark Jordan and Karmen MacKendrick set out both to seduce and to be seduced by his text Often ambivalent but always passionately engaged their readings of the *Confessions* center on four sets of intertwined themes secrecy and confession asceticism and eroticism constraint and freedom and time and eternity Rather than expose Augustine's sexual history they explore how the *Confessions* conjoins the erotic with the hidden the imaginary and the fictional Rather than bemoan the repressiveness of his text they uncover the complex relationship between seductive flesh and persuasive words that pervades all of its books Rather than struggle to escape the control of the author they embrace the painful pleasure of willed submission that lies at the erotic heart not only of the *Confessions* but also of Augustine's broader understanding of sin and salvation Rather than mourn the fateful otherworldliness of his theological vision they plumb the bottomless depths of beauty that Augustine discovers within creation thereby extending desire precisely by refusing satisfaction In unfolding their readings the authors draw upon other works in Augustine's corpus while building on prior Augustinian scholarship in their

own overlapping fields of history theology and philosophy They also press well beyond the conventional boundaries of scholarly disciplines conversing with such wide ranging theorists of eroticism as Barthes Baudrillard Klossowski Foucault and Harpham In the end they offer not only a fresh interpretation of Augustine s famous work but also a multivocal literary philosophical meditation on the seductive elusiveness of desire bodies language and God

*Wrestling with Seduction* Lee Barbara Connally, 2003-12-23 To wrestle to engage in a determined struggle Seduction a temptation to fulfill a desire one might otherwise wish to resist an act to charm and persuade *Wrestling with Seduction* a collection of modern prose and poetry takes the reader on a journey that progresses over terrain each of us likely has trod at one time or another From the time we first experience falling in love we also encounter along the way loves fraternal and evil twin the blues Then there are the other nuances of seduction the seduction of what we see every day and covet for ourselves the seduction of memory the seductive forces of family and community beliefs mores and traditions the seduction of time On top of all that is the treachery and desperation of the heart so that it usually is pretty untrustworthy By middle age we all probably know something about seduction the good and the bad and the in between The trouble is that giving in to it the falling feels so doggone good whether one is young or old But surviving the fall and telling about it later with a laugh even is a whole other story This collection of personal offerings speaks not only about falling in love but also about childhood and family and life and death and work and play and a lot of things which we may not always recognize as seductive But they are Herein the struggle has a beginning middle and something of a resolution if that's what one may wish to call it This writer at least is enjoying this period of denouement

**The Orphan in Eighteenth-Century Law and Literature** Dr Cheryl L Nixon, 2013-05-28 Cheryl Nixon's book is the first to connect the eighteenth century fictional orphan and factual orphan emphasizing the legal concepts of estate blood and body Examining novels by authors such as Eliza Haywood Tobias Smollett and Elizabeth Inchbald and referencing never before analyzed case records Nixon reconstructs the narratives of real orphans in the British parliamentary equity and common law courts and compares them to the narratives of fictional orphans The orphan's uncertain economic familial and bodily status creates opportunities to plot his or her future according to new ideologies of

the social individual Nixon demonstrates that the orphan encourages both fact and fiction to re imagine structures of estate property and inheritance blood familial origins and marriage and body gender and class mobility Whereas studies of the orphan typically emphasize the poor urban foundling Nixon focuses on the orphaned heir or heiress and his or her need to be situated in a domestic space Arguing that the eighteenth century constructs the valued orphan Nixon shows how the wealthy orphan became associated with new understandings of the individual New archival research encompassing print and manuscript records from Parliament Chancery Exchequer and King s Bench demonstrate the law s interest in the propertied orphan The novel uses this figure to question the formulaic structures of narrative sub genres such as the picaresque and romance and ultimately encourage the hybridization of such plots As Nixon traces the orphan s contribution to the developing novel and developing ideology of the individual she shows how the orphan creates factual and fictional understandings of class family and gender

*The Politics and Poetics of Contemporary English Tragedy* Sean Carney,2013-01-01 *The Politics and Poetics of Contemporary English Tragedy* is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a comprehensive rather than selective study of both the politics and poetics of their work Carney s attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic

**The Seduction Narrative in Britain, 1747-1800** Katherine Binhammer,2009-09-24 Eighteenth century literature displays a fascination with the seduction of a virtuous young heroine most famously illustrated by Samuel Richardson s *Clarissa* and repeated in 1790s radical women s novels in the many memoirs by fictional or real penitent prostitutes and in street print Across fiction ballads essays and miscellanies stories were told of women s mistaken belief in their lovers vows In this book Katherine Binhammer surveys seduction narratives from the late eighteenth century within the context of the new ideal of marriage for love and shows how these tales tell varying stories of women s emotional and sexual lives Drawing on new historicism feminism and narrative theory Binhammer argues that the seduction narrative allowed writers to explore different fates for the heroine than the domesticity that became the dominant form in later literature This study will appeal to scholars of eighteenth century literature social and cultural history and women s and gender studies

**Athens** Susan Lape, 2009-01-10 *Reproducing Athens* examines the role of romantic comedy particularly the plays of Menander in defending democratic culture and transnational polis culture against various threats during the initial and most fraught period of the Hellenistic Era. Menander's romantic comedies, which focus on ordinary citizens who marry for love, are most often thought of as entertainments devoid of political content. Against the view Susan Lape argues that Menander's comedies are explicitly political. His nationalistic comedies regularly conclude by performing the laws of democratic citizen marriage, thereby promising the generation of new citizens. His transnational comedies, on the other hand, defend polis life against the impinging Hellenistic kingdoms, either by transforming their representatives into proper citizen husbands or by rendering them ridiculous romantic losers who pose no real threat to citizen or city. In elaborating the political work of romantic comedy, this book also demonstrates the importance of gender kinship and sexuality to the making of democratic civic ideology. Paradoxically, by championing democratic culture against various Hellenistic outsiders, comedy often resists the internal status and gender boundaries on which democratic culture was based. Comedy's ability to reproduce democratic culture in scandalous fashion exposes the logic of civic inclusion produced by the contradictions in Athens's desperately politicized gender system. Combining careful textual analysis with an understanding of the context in which Menander wrote, *Reproducing Athens* profoundly changes the way we read his plays and deepens our understanding of Athenian democratic culture.

**Fight the Power** Eric Leif Davin, 2008-11-12 Eric Leif Davin was raised as a Southern Baptist and Mormon convert, although he was always a non-believer. However, like everyone else in his blue collar surroundings, he believed in America, the military, anti-Communism, and although too young to vote, Senator Barry Goldwater when he ran for president in 1964. Then in the Sixties, he went to college and became swept up in the movements of the times. He came to realize that everything he'd believed about his war, the Vietnamese Vietnam War, was wrong. He came to believe that we were more than just on the wrong side. We were the wrong side. Eventually, he was drafted. However, he refused induction into the military, preferring to face five years in prison, the maximum sentence, rather than fight in an immoral war. This memoir describes his journey through the Sixties from a working class, gung ho Goldwater Republican supporter of the Vietnamese Vietnam War to a radicalized anti-war activist, Vietnamese, who was eventually drafted to fight in that war but refused to go.
