Rasch Meta-Metres of Growth for Some Intelligence and Attainment Tests David Andrich, Ida Marais, Sonia Sappl, 2023-09-12 This book adapts Rasch's approach for quantifying growth on physiological variables where growth decelerates to intellectual variables To apply this approach it is necessary to construct measurements in a constant unit over the relevant range of the variable With such measurements the book illustrates the approach to quantifying growth on six intellectual variables two intelligences tests and two each of tests of proficiencies in reading comprehension and mathematics The book discusses how it is not immediately obvious that deceleration on a quantitative scale should also hold for the growth in intellectual variables It goes on to show that this is indeed the case with all six tests analysed and considers some implications of this feature for understanding intellectual development in particular the centrality of the growth trajectory set in early life

Global Economic Prospects, June 2015 The World Bank, 2015-06-22 Global growth is expected to be 2.8 percent in 2015 but is expected to pick up to 3.2 percent in 2016 17 Growth in developing countries and some high income countries is set to disappoint again this year The prospect of rising borrowing costs will compound the challenges many developing countries are facing as they adapt to an era of low commodity prices Risks to this outlook remain tilted to the downside This edition of Global Economic Prospects includes two Special Features that analyze the policy challenges raised by the two transitions in developing countries the risks associated with the first U.S. central bank interest rate increase since 2006 and the implications of persistently low commodity prices for low income countries Global Economic Prospects is a World Bank Group Flagship Report that examines global economic developments and prospects with a special focus on developing countries on a semiannual basis in January and June The January edition includes in depth analyses of topical policy challenges faced by developing countries while the June edition contains shorter analytical pieces

Political Candidate Selection Jeanette Ashe, 2019-12-05 The secret garden of politics where some win and others lose their candidate selection bids and why some aspirant candidates are successful while others fail have been enduring puzzles within political science This book solves this puzzle by proposing and applying a universally applicable multistage approach to discover the relationship between selection rules selectors biases aspirants attributes and selection outcomes Rare party and survey data on winning and losing candidates and insider views on what it takes to win a selection contest at multiple selection stages are compared and used to reveal the inner workings of the secret garden With a primary focus on the British Labour party over several elections the findings challenge many long held assumptions about why some aspirant candidate types are successful over others and provides real world and controversial solutions to addressing women's and other marginalised groups descriptive underrepresentation As such it provides a much needed fresh

look at party selection processes and draws new conclusions as to why political underrepresentation occurs and should inform policies to remedy it This text will be of key interest to scholars and students of gender and ethnicity in politics political parties and candidate selection and more broadly to the study of political elites comparative politics sociology labour studies gender race and disability studies and to practitioners *Federal Register* ,2013-09 **Critical Perspectives on Teachers and Teaching** Jessica Holloway,2024-02-08 This book draws attention to the new ways the field of education is problematising the emerging and evolving conditions that shape the work lives and identities of teachers It offers geographically diverse accounts of the teacher and teaching demonstrating what it means to do critical research well Teachers and their practice have been and continue to be important sites of critical research This book offers varied perspectives from diverse geographies to examine how teacher subjectivities are shaped by conditions of possibility Collectively they show how critiquing conditions rather than the teachers themselves provide a means for problematising the teacher while also advocating the well being of teachers as humans Contributions offer compelling examples of how critical scholars can emphasise teaching as a political and value laden exercise and therefore treat the teacher subject as also being constituted through political and value laden discourses Critical Perspectives on Teachers and Teaching offers a provocation to inspire new questions moving forward That is critical researchers have an obligation to challenge taken for granted assumptions not only by looking outwards at the policymakers edu businesses and intergovernmental agencies e g OECD but also by looking inwards and challenging their assumptions about power discourse and subjectivity This book was originally published as a special issue of Critical Studies in Education [Oswaal SSC CGL \(Combined Graduate Level\) Tier-I 25 Previous Years Solved Papers | Year-wise 2016-2023 | For 2024 Exam](#) Oswaal Editorial Board,2024-01-23 Description of the product 100% Updated with 2023 Papers Fully Solved Extensive Practice with 2500 Previous Years Questions 2 Sample Papers Concept Clarity Learn Key Concepts through Detailed Explanations 100% Exam Readiness with Latest Five Years Trend Analysis 2019 2023 Valuable Exam Insights with Hints Short cuts Expert Tips to Crack SSC CGL Tier 1 Exam in the first attempt
