Selected Bibliography **Feeding Desire** Rebecca Popenoe, 2004 Based on fieldwork in an Arab village in Niger analyzes the meanings of women's fatness as constituted by desire kinship concepts of health Islam and the crucial social need to manage sexuality Sexuality, State, and Civil Society in Germany, 1700-1815 Isabel V. Hull, 2018-09-05 This long awaited work reconstructs the ways in which the meanings and uses of sex changed during that important moment of political and social configuration viewed as the birth of modernity Isabel V Hull analyzes the shift in the sexual system which occurred in German speaking Central Europe when the absolutist state relinquished its monopoly on public life and presided over the formation of an independent civil society Hull defines a society's sexual system as the patterned way in which sexual behavior is shaped and given meaning through institutions She shows that as the absolutist state encouraged an independent sphere of public activity it gave up its theoretically unlimited right to regulate sexual behavior and invested this right in the active citizens of the new civil society Among the questions posed by this political and social transformation are When does sexual behavior merit society's regulation What kinds of behaviors and groups prompt intervention What interpretive framework does the public apply to sexual behavior Hull persuades us that a culture's sexual system can be understood only in relation to the particularities of state law and society and that when state and society are examined through the sexual lens much conventional wisdom is cast in doubt The Decameron (Norton Critical Editions) Giovanni

Selected Bibliography Leather Spinsters and Their Degrees of Asexuality , *Translating Transgressive Texts* Pauline Henry-Tierney,2023-12-22 Through close examination of references to gender identity female sexuality and corporeality this book is the first of its kind to shed light on the complexities of translating the recent transgressive turn in contemporary women s writing in French Via four case studies namely the translations into English of Nelly Arcan s *Putain* 2001 Catherine Millet s *La Vie sexuelle de Catherine M* 2001 Nancy Huston s *Infrarouge* 2010 and Nina Bouraoui s *Garçon manqué* 2000 this book explores how transgressive topoi such as prostitution anorexia matrophobia rape female desire and transgenderism are translated The book considers how auto fictional female selves portrayed are dis placed by translation at both a textual and paratextual level Combining feminist phenomenological perspectives on female lived experience with feminist translation theory this interdisciplinary study offers an insight into how the experiential is brought into language how it journeys via language into new cultural contexts via translation and creates a dialogical space in which the subjectivities of those involved author narrator protagonist translator become open to the porosity of encounters with alterity The volume will appeal to scholars in translation studies French Studies and gender and sexuality studies particularly those interested in feminist translation and literary translation Translation and Gender Luise Von Flotow,2016-04-08 The last thirty years of intellectual and artistic creativity in the 20th century have been marked by gender issues Translation practice translation theory and translation criticism have also been powerfully affected by the focus on gender As a result of feminist praxis and criticism and the simultaneous emphasis on culture in translation studies translation has become an important site for the exploration of the cultural impact of gender and the gender specific influence of culture With the dismantling of universal meaning and the struggle for women s visibility in feminist work and with the interest in translation as a visible factor in cultural exchange the linking of gender and translation has created fertile ground for explorations of influence in writing rewriting and reading Translation and Gender places recent work in translation against the background of the women s movement and its critique of patriarchal language It explains translation practices derived from experimental feminist writing the development of openly interventionist translation strategies the initiative to retranslate fundamental texts such as the Bible translating as a way of recuperating writings lost in patriarchy and translation history as a means of focusing on women translators of the past *The Imperial Dictionary, English, Technological, and Scientific* John Ogilvie,1853 **The Erotics of Materialism** Jessie Hock,2021-01-15 In *The Erotics of Materialism* Jessie Hock maps the intersection of poetry and natural philosophy in the early modern reception of Lucretius and his *De rerum natura* Subtly revising an ancient atomist tradition that condemned poetry as frivolous Lucretius asserted a central role for verse in the practice of natural philosophy and gave the figurative realm a powerful claim on the real by maintaining that mental and poetic images have material substance and a presence beyond the mind or page Attending to Lucretius s own emphasis on poetry Hock shows that early modern readers and writers were alert to the fact that Lucretian materialism entails a theory of the imagination and

ultimately a poetics which they were quick to absorb and adapt to their own uses Focusing on the work of Pierre de Ronsard Remy Belleau John Donne Lucy Hutchinson and Margaret Cavendish *The Erotics of Materialism* demonstrates how these poets drew on Lucretius to explore poetry's power to act in the world Hock argues that even as classical atomist ideas contributed to the rise of empirical scientific methodologies that downgraded the capacity of the human imagination to explain material phenomena Lucretian poetics came to stand for a poetry that gives the imagination a purchase on the real from the practice of natural philosophy to that of politics In her reading of Lucretian influence Hock reveals how early modern poets were invested in what Lucretius posits as the materiality of fantasy and his expression of it in a language of desire sex and love For early modern poets Lucretian eroticism was poetic method and *De rerum natura* a treatise on the poetic imagination initiating an atomist genealogy at the heart of the lyric tradition

Political Writings Simone de Beauvoir,2012-06-21 *Political Writings* offers an abundance of newly translated essays by Simone de Beauvoir that demonstrate a heretofore unknown side of her political philosophy The writings in this volume range from Beauvoir's surprising 1952 defense of the misogynistic eighteenth century pornographer the Marquis de Sade to a co written 1974

documentary film transcribed here for the first time which draws on Beauvoir's analysis of how socioeconomic privilege shapes the biological reality of aging The volume traces nearly three decades of Beauvoir's leftist political engagement from exposés of conditions in fascist Spain and Portugal in 1945 and hard hitting attacks on right wing French intellectuals in the 1950s to the 1962 defense of an Algerian freedom fighter Djamila Boupacha and a 1975 article arguing for what is now called the two state solution in Israel Together these texts prefigure Beauvoir's later feminist activism and provide a new interpretive context for reading her multi volume autobiography while also shedding new light on French intellectual history during the turbulent era of decolonization
