Monthly List of Russian Accessions Library of Congress. Processing Department,1967-07 **Violence and New Religious Movements** James R. Lewis,2011-04-06 The relationship between new religious movements NRMs and violence has long been a topic of intense public interest an interest heavily fueled by multiple incidents of mass violence involving certain groups Some of these incidents have made international headlines When New Religious Movements make the news it is usually because of some violent episode Some of the most famous NRMs are known much more for the violent way they came to an end than for anything else Violence and New Religious Movements offers a comprehensive examination of violence by and against new religious movements The book begins with theoretical essays on the relationship between violence and NRMs and then moves on to examine particular groups There are essays on the Big Five the most well known cases of violent incidents involving NRMs Jonestown Waco Solar Temple the Aum Shunrikyo subway attack and the Heaven s Gate suicides But the book also provides a richer survey by examining a host of lesser known groups This volume is the culmination of decades of research by scholars of New Religious Movements *The Mapping of a Russian War: The Atlas of the Principality of Polatsk by Stanisław Pachołowiecki (1580)* Jakub Niedźwiedź,Karol Łopatecki,Grzegorz

Franczak,2024-12-02 This volume is a comprehensive analysis of the Atlas of the Principality of Polatsk 1580 one of the oldest cartographic representations of the military conflict between Russia Muscovy and the Western world Its author the Polish royal cartographer Stanisław Pachołowiecki drew the maps at the beginning of the Livonian War 1579 1582 when the Polish Lithuanian army liberated the Lithuanian and Livonian lands from Muscovian occupation The Mapping of a Russian War focuses on the military aspects of the maps their political and propaganda use and the Early Modern construction of the past through maps The authors present an innovative approach to these maps rarely examined by the international research community **Proceedings, American Philosophical Society (vol. 95, no. 5)** , [Russian Journal of Plant Physiology](#)

,1998 [Apocalyptic Politics](#) Martyn Whittock,2022-11-03 Apocalyptic end times beliefs are found across different religious cultures and time periods especially those influenced by the Abrahamic faiths These apocalyptic beliefs are often associated with radicalized politics and what we would today often describe as populist movements and leaders What are the roots of such beliefs How have they developed over time In what ways do they impact the modern world In a series of case studies

ranging over different faiths time periods and global locations this book explores how and why these beliefs have become so often the driver of radicalized politics **Russian Journal of Inorganic Chemistry** ,2000 Monthly Index of Russian Accessions Library of Congress. Processing Department,1967-07 Philosophy, Society and the Cunning of History in Eastern Europe Costica Bradatan,2013-09-13 Philosophy Society and the Cunning of History in Eastern Europe charts the intellectual landscape of twentieth century East Central Europe under the unifying theme of precariousness as a mode of historical existence Caught between empires often marked by catastrophic historic events and grand political failures the countries of East Central Europe have for a long time developed a certain intellectual self representation a culture that not only helps them make some sense of such misfortunes but also protects them somehow from a collapse into nihilism An interdisciplinary study of this sophisticated culture of survival and endurance has been long overdue Not only is it charming and worth studying in its own right but with the re integration of the new Europe into the old one and the emergence on the Western European intellectual scene of many authors from the East such a culture will also shape the European mind of the 21st century This volume decodes and explores this culture of precariousness from the complementary angles of philosophy political theory intellectual history and literary studies Expert contributors look at a wide range of topics from philosophical martyrdom to collective suffering to geographical fatalism and explore the works of key authors in the field including Cioran Ko akowski Kert sz Bauman and i ek This book was originally published as a special issue of Angelaki The Journal of the Theoretical Humanities
