**A Skeptic's Guide to Belief** Ken Crispin,2019-04-04 What would happen if you faced your doubts set aside your preconceptions and decided to follow the path of truth wherever it might lead Most people whether believers or atheists doggedly defend what they have always believed Many see this as an expression of faith Yet there is something almost inexpressibly sad about the plight of people living out their lives in reliance upon beliefs they dare not question Perhaps that is why many of us come to a point at which we feel compelled to pursue the truth no matter what the implications But even if we found the courage to embark upon such a journey could we really find a path through the scientific philosophical experiential and theological thickets that surround the great questions of life And if we did would we know the truth and be set free Would we be forced to face a long feared despair Or would we find ourselves still staring impotently at an enigmatic universe This is a book unlike any other It addresses these questions with unflinching honesty drawing evidence from a diversity of scientific fields and subjecting the competing arguments to rigorous skeptical analysis **Politically Incorrect**

Shurtleff,2006-06-01 One of the characteristics of the true church of Jesus Christ is that it will always face persecution and attack This book outlines the similarities between the Pharisees of old who sought to persecute Jesus and his kingdom and their modern day counterparts This book is based on real life experiences of the author occurring over his lifetime including his many years of service as a chaplain within the U S Army Those years of service placed him in close contact with the preachers and doctrines of Christianity and occasionally exposed him to the intricacies of the age old tactics used by the modern day Pharisees This book provides insights into how the modern disciple of Jesus can counter the influence and arguments of the modern Pharisees and further reveals their motivations techniques and weaknesses It is also written for those enemies of truth in hopes that if they read this book they will awake to see themselves in the unhappy position of fighting against the living Christ and will like Saul of Tarsus turn from their course and embrace what they once sought to destroy **The Sceptic's Guide to God** David Heenan,2008 Why have so many well known statesmen and scientists as well as famous sportsmen musicians and writers from our current era and from past ages expressed such a passionate belief in God

In this revealing information packed and thought provoking book you will Discover why more and more scientists are rejecting Darwin s Theory of Evolution Learn how palaeontology the study of fossils fails to provide the crucial evidence needed to support Evolution Furthermore leading evolutionists admit it Find out why DNA is such convincing evidence of God at work in creation Discover how The Bible makes secret reference to famous events and people ranging from Shakespeare and Picasso to the assassination of President Kennedy and the destruction of New York s Twin Towers Find out how The Bible supports modern day findings by astrophysicists See the scientific evidence for Noah s Ark and the parting of the RedSea by Moses Discover what God thinks about us Learn what heaven is really like Find out what the Bible predicts for the future and much much more **Stitched-up** Stephanie Vermeulen,2004 This feisty and inspiring treatise blames the destructive cultural myth of female self sacrifice for the desire for breast implants the conservative insistence on family values and the general cultural attitude that prevents women from supporting one another s accomplishments Using everything from psychological analysis to clever fairy tale parodies called fairer tales the author promotes an ideology for women that is neither bra burning feminism nor passive conservatism but rather a belief in self development **A Thematic**

**Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often

requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

**INERRANCY OF SCRIPTURE** Edward D. Andrews, 2020-08-13 Inerrancy of Scripture How Can We Believe Inerrancy of Scripture in the Originals When We Don't Have the Originals delves into the complexities surrounding the authenticity and inerrancy of the Bible Author and conservative Bible scholar provides a comprehensive exploration of how faith in the inerrancy of Scripture can be maintained even in the absence of original biblical texts Throughout the book the author examines the formation of the Canon scrutinizes the doctrine of biblical inerrancy and infallibility and explores why we don't necessarily need the original manuscripts to believe in the inerrancy of Scripture The discourse extends to why the Holy Spirit would allow for errors in copies after inspiring the original inerrant texts and probes how we can reconcile belief in inerrant originals when we don't possess them Diving into the book writing process of the New Testament the author discusses the place of writing the role of the scribe and the influence of inspiration and inerrancy during the writing process

Further sections of the book tackle the issues of textual variants the early Christian view of the integrity of the Greek New Testament books and the legacy of the Hebrew Scriptures As skepticism grows in the modern age the author brings attention to the dangers of skepticism ambiguity and uncertainty and offers readers a faithful response to selective skepticism when it comes to God and the Bible The book also explores the role of the Holy Spirit in the inspiration of the Bible s authors and presents explanations for common Bible difficulties Inerrancy of Scripture concludes with a thoughtful consideration of why God has allowed the proliferation of different religions numerous Christian denominations and a multitude of textual variants in the books He inspired This work serves as a detailed and nuanced study for those seeking to navigate the intersections of faith historical criticism and scriptural understanding in the pursuit of biblical inerrancy Ideal for scholars theologians and anyone seeking a deeper understanding of the reliability of Scripture this book is an invaluable addition to your theological library

[The Simple Book of Profound Truths](#) Matthew L. Williams M.A. Ph.D., 2011-08-04 This book is a revolutionary text for revolutionary spiritual times Facing imminent global financial collapse and great adversity for the foreseeable future people will need a powerful faith in God just to survive But who can have great faith if they don't know anything about God and how he works in our lives or if he even exists God reveals spiritual knowledge to mankind not in an even continuous flow but in rare bursts or quantum leaps forward The last such spiritual burst in Christianity occurred almost 2000 years ago with the teachings of the New Testament Since then virtually no progress has been made in terms of spiritual insight into the Bible Even worse scholars today don't understand very well God's lessons from the last burst That's why you'll find even prominent Christian teachers still debating such basic spiritual concepts as the following Can non Christians be saved What is the role of science and especially evolution in relation to the

Bible What roles do free will and predestination play in our lives and salvation Unfortunately while Christian spirituality has remained stuck in the past mankind has pushed ahead into the twenty first century With the explosive growth of knowledge science and global communications Christianity must improve the way it addresses peoples spiritual concerns or face irrelevance and eventual extinction This book represents a revolution in spiritual understanding that takes Christianity into the twenty first century and beyond It is the latest burst of spiritual insight 2000 years in coming Mankinds oldest and most vexing spiritual questions are answered here in full accord with logic science and reason In addition the reader will find new insights into understanding the Bible living a spiritual life and for the first time ever a new vision of Bible prophecy and the end of the world There is no book like this      **Subject Guide to Books in Print** ,1997
