Racism: A Very Short Introduction Ali Rattansi, 2007-03-22 From subtle discrimination in everyday life and scandals in politics to incidents like lynchings in the American South cultural imperialism and ethnic cleansing racism exists in many different forms in almost every facet of society But what actually is race How has racism come to be so firmly established Why do so few people actually admit to being racist How are race ethnicity and xenophobia related Racism A Very Short Introduction incorporates the latest research to demystify the subject of racism and explore its history science and culture It sheds light not only on how racism has evolved since its earliest beginnings but will also explore the numerous embodiments of racism highlighting the paradox of its survival despite the scientific discrediting of the notion of race with the latest advances in genetics ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Multiculturalism , 2011 Has multiculturalism failed Is it time to move on What is the alternative Ali Rattansi explores the issues from national identity and social cohesion to cultural fragmentation and political correctness Providing a balanced assessment of the truth and falsity of the charges against multiculturalism he explores new ideas for the future Multiculturalism appears to be in terminal crisis It has been blamed for undermining national identity diluting social cohesion creating ethnic ghettos and cultural fragmentation providing fertile ground for Islamic radicalism encouraging perverse political correctness and restricting liberal freedoms of expression amongst other things The public debate over multiculturalism has polarised opinion amongst the general public policy makers and politicians But how much real evidence beyond tabloid headlines and anecdotes exists for these claims In this Very Short Introduction Ali Rattansi considers the actual evidence from social science research to provide a balanced assessment of the truth and falsity of the charges against multiculturalism Dispelling many myths in the process he also warns about the dangers that lurk in an uncritical endorsement of multiculturalism and concludes by arguing that it is time to move on to a form of interculturalism ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Muslim Perspectives on Islamophobia Zouhir Gabsi, 2024-08-06 The Islamic positioning of

Islamophobia is presented in this book Through Islamic or Muslim perspectives the book engages with various Islamic texts and discourses spoken and written emanating from preachers and scholars of Islam to discuss the points of convergence and divergence with the Western interpretation of the phenomenon The book aims to look at Islamophobia from a hitherto unexplored angle by first analyzing the points of convergence and divergence between the internal Muslim and external Western perspectives and then by providing new approaches to curbing Islamophobia through a holistic spiritual dimension of Islam and cultural memory The book contends that the bridges of understanding between the East and the West can only be built if some of Islam s theological concepts such as the place of reason in Islam are reinterpreted by considering the Islamic perspectives While the book acknowledges previous work on Islamophobia it contributes to a deeper understanding of Islamophobia in its internal and external manifestations by considering the theoretical frameworks of racism and xenophobia Readers interested in Islamic studies and anti racism narratives would find this book s eclectic approach and balanced perspective of the phenomenon informative and enlightening **Racism a Very Short Introduction** ,2015

Racism Anthony Moran,2023-11-30 Racism has a long history and its devastating impacts continue to spark heated moral and political debate and give rise to social movements and widespread protest This accessible primer provides a cogent introduction to the study and confrontation of racism in the twenty first century making use of key insights from sociology and other social sciences Drawing on a range of scholars including from the radical black tradition and the Global South this book explores key issues in racism studies Putting racism into historical context Moran explains the modernity of racism and its creation through European colonialism and imperialism racial capitalism and the development of racist hierarchies stimulated by colonialist exploitation as well as pseudoscientific and Enlightenment thinking centred upon white supremacy Moran also discusses the intersectional structural institutional and systemic nature of racism and the connections between race racism and nationalism evident in the explosion of right wing nationalist populism around the world The book also investigates how the self and subjectivity are involved in racism and contribute to the reproduction of racism as a system before considering whether there are new cultural forms of racism and how we can account for Islamophobia and other racisms described as new such as colour blind racism post racial racism and racism without racists Crucially the book explores anti racist social movements such as Black Lives Matter and how racism has been challenged and discusses how accounts of race and racism can be given without reproducing the category of race as a natural organiser of people groups and identities This book will appeal to the general reader and students in the humanities and social sciences with an interest in the continuing impact of racism racial identities migration multiculturalism ethnic and racial studies nationalism and identity studies **The Degradation of Ethics Through the Holocaust** Paul E. Wilson,2023-05-12 This book discusses ethical behavior through the genocidal stages of the Holocaust Paul E Wilson first looks at the antisemitism in Germany and Europe beginning in the decades preceding the Nazis reign of terror and goes on to discuss the ethical decisions made in the

initial stages that moved society toward genocide The author maintains that the stages of genocide represent subtle changes that can be happening within a society in response to the moral choices made by actors By giving attention to the stages of genocide in the Holocaust this book contributes to the overall understanding of how the Holocaust was possible and encourages the moral community to join the watch for the development of genocide in the modern world

Sexual Racism and Social Justice Denton Callander,Panteá Farvid,Amir Baradaran,Thomas A. Vance,2024 This book brings together a collection of research personal reflection and creative work to provide a comprehensive in depth account of sexual racism from an international and interdisciplinary perspective The volume makes the case that sexual racism is in the very foundations of our societies determining the ideas bodies and systems positioned as desirable From this provocative perspective Sexual Racism and Social Justice offers a new understanding of the relationship between sex and race arguing that to undoes whiteness is to help undo sexual racism which are essential steps in the meaningful advancement of social justice

Global Outlook on Racism and Discrimination Borgonovi, Francesca,Chan, Qiu Qing,Mackway-Jones, Euan,Rattansi, Ali,Sehgal, Aishwarya,Squicciarini, Mariagrazia,UNESCO,2024-12-31

Institutional Racism Shamila Ahmed,2024-02-29 Institutional Racism explores the role of colonialism truth and knowledge in creating and maintaining institutional racism It documents how the manipulation of truth and knowledge facilitated colonialism and epistemicide to create a perpetrator perspective of institutional racism that maintains the illusionary status of equality and justice and continues to conceal the breadth and depth of victimisation The chapters present an understanding of how epistemicide critical race theory post colonialism white racial frames white privilege and insidious trauma can be used to critique the discourses and mechanisms that sustain a perpetrator perspective of institutional racism and how these concepts facilitate a victim perspective of institutional racism that documents the cumulative psychological and physical harms of institutional racism The second half of the book provides grounded case studies of institutional racism in the areas of education policing the war on terror and Covid 19 to demonstrate how contemporary processes of colonialism and epistemicide maintain and reinforce institutional racism to negatively impact physical and mental health and contribute to cumulative trauma This book will be of great interest to students and scholars of criminology sociology criminal justice history law and politics and those studying race ethnicity and racism as well as anyone interested in learning about racism structural inequality and institutional racism

Racism, Policy and Politics Karim Murji,2017-12-06 This book analyses and bridges the gap between critical social research on race and politics by reviewing the academic field of race theorising and scholarship covering changes in race and racism debates in recent decades and assessing the extent scope and limits of academic engagements with and impact on policy and politics

What We Now Know About Race and Ethnicity Michael Banton,2015-10 Attempts of nineteenth century writers to establish race as a biological concept failed after Charles Darwin opened the door to a new world of knowledge Yet this word already had a place in the organization of everyday life and in ordinary English language

usage This book explains how the idea of race became so important in the USA generating conceptual confusion that can now be clarified Developing an international approach it reviews references to race racism and ethnicity in sociology anthropology philosophy and comparative politics and identifies promising lines of research that may make it possible to supersede misleading notions of race in the social sciences **Origin Narratives** Macarena Garcia-Gonzalez,2017-05-18

Humour Simon Weaver,2016-02-24 In today s multicultural and multireligious societies humour and comedy often become the focus of controversy over alleged racist or offensive content as shown for instance by the intense debate of Sacha Baron Cohen s characters Ali G and Borat and the Prophet Muhammad cartoons published in the Danish newspaper Jyllands Posten Despite these intense debates commentary on humour in the academy lacks a clear way of connecting the serious and the humorous and a clear way of accounting for the serious impact of comic language The absence of a developed serious vocabulary with which to judge the humorous tends to encourage polarized debates which fail to account for the paradoxes of humour This book draws on the social theory of Zygmunt Baumann to examine the linguistic structure of humour arguing that as a form of language similar to metaphor it is both unstable and unpredictable and structurally prone to act rhetorically that is to be convincing Deconstructing the dominant form of racism aimed at black people in the US and that aimed at Asians in the UK The Rhetoric of Racist Humour shows how racist humour expresses and supports racial stereotypes in the

US and UK while also exploring the forms of resistance presented by the humour of Black and Asian comedians to such stereotypes An engaging exploration of modern late modern and fluid or postmodern forms of humour this book will be of interest to sociologists and scholars of cultural and media studies as well as those working in the fields of race and ethnicity humour and cultural theory

When Music Mattered James Wierzbicki, 2022-04-27 This book examines the American Sixties and how that period's socio political essence was reflected and refracted in certain forms of the period's music Its five main chapters bear the names of familiar musical categories Folk Rock Jazz Avant Garde Classical But the book's real subject matter treated at length in the Prologue and the Epilogue but spread throughout all that comes between is the Sixties tangled mess of hopes and frustrations of hungers as much for self identity as for self indulgence of crises of conscience that bothered Americans of almost all ages and regardless of political persuasion

Theories of Race and Ethnicity Karim Murji, John Solomos, 2015-01-08 An authoritative and cutting edge collection of theoretically grounded and empirically informed essays exploring the contemporary terrain of race and racism

Racial Justice and the Limits of Law Bharat Malkani, Leslie Thomas (Barrister), 2024-04-23 Racial justice is never far from the headlines The Windrush scandal the toppling of the statue of Edward Colston and racism within the police have all recently captured the public's attention and generated legal action But although the ideals of the legal system such as fairness and equality seem allied to the struggle for racial justice all too often campaigners have been let down by the system This book examines law's troubled relationship with racial justice It explains that law's historical role in creating and perpetuating racial injustices continues to stifle its ability to advance the cause of racial justice today Both a lawyer's guide to antiracism and an antiracist's guide to legal action it unites these perspectives to help both groups understand how to use the law to tackle racial injustices

The Failures of Ethics John K. Roth, 2015 The Failures of Ethics concentrates on the multiple shortfalls and shortcomings of thought decision and action that tempt and incite us human beings to inflict incalculable harm Absent the overriding of moral sensibilities if not the collapse or collaboration of ethical traditions the Holocaust genocide and other mass atrocities could not have happened Our senses of moral and religious authority have been fragmented and weakened by the accumulated ruins of history and the depersonalized advances of civilization that have taken us from a bloody twentieth century into an immensely problematic twenty first Salvaging the fragmented condition of ethics this book shows how respect and honor for those who save lives and resist atrocity deepened attention to the dead and to death itself and appeals for human rights and renewed spiritual sensitivity confirm that ethics contains and remains an irreplaceable safeguard against its own failures
