Son of Thunder Murray Leeder, 2012-10-02 It was the best thing that ever happened to him It was his god's blessing It was hell Vell was content to be a mere warrior in the Thunderbeast tribe staying behind on the hunt to guard the camp But then something alien awakened deep within him the spirit of a behemoth that he could not control With it came attacks from the sky visitors from far lands and a mysterious command from their ancestral totem Find the living And this time no one was going to let him just stay behind

John, the Son of Zebedee R. Alan Culpepper, 2000-01-01 Beginning with New Testament descriptions of John as fisherman and extending through the most recent Johannine scholarship Alan Culpepper gathers stories from church fathers the apocryphal acts of John medieval sources Victorian poets and nineteenth and twentieth century historians of earliest Christianity to explore the life exploits and the death of this most significant apostle The resulting picture of John is one of the most important and complete and is a fascinating account of the development of the Johannine legend no less than the historical tradition

Sons of Thunder John James Boanerges, 2020-06-10 A few years ago I gave my granddaughter

a KJV Bible On the inside cover I wrote In this book are all of the answers to all of life s questions At one time in our history nearly every home had a family Bible In it were kept the records of births deaths marriages and many other events that occurred in the family If a home today has a Bible it is most likely to gather dust To those who attend church it may or may not be opened up on Sunday Bible studies have become more social planning events than they have in studying the Word of God Dark days are upon us Most people have just enough religion to inoculate them against the real thing Too many have embraced their vanities and have fallen prey to the ravenous lion My prayer is that this book will prompt readers to examine more closely both what they believe and why they believe it It is my hope that the reader will become more educated and encouraged to study God s Word If this writing encourages but one soul to seek a deeper relationship with Jesus then all will have been worth every effort No greater reward can be given to the writer than to know that I had some small role to play in the salvation of a wandering soul Solomon made us to know that of the making of books there is no end The technological era that we live in has us plugged into all sorts of devices Perhaps we should unplug from the world long enough to discover what really matters

Hidden Wisdom Gedaliahu A. Guy Stroumsa, Guy G. Ştîrîmzâ, 2005 This book investigates the problem of esoteric traditions in early Christianity their origin and their transformation in Patristic hermeneutics in the West as well as in the East It argues that these traditions eventually formed the basis of nascent Christian mysticism in Late Antiquity These esoteric traditions do not reflect the influence of Greek Mystery religions as has often been claimed but rather seem to stem from the Jewish background of Christianity They were adopted by various Gnostic teachings a fact which helps explaining their eventual disappearance from Patristic literature The eleven chapters study each a different aspect of the problem including the questions of Gnostic and Manichaean esotericism This book will be of interest to all students of religious history in Late Antiquity Revised and extended paperback edition Originally published in 1996 Please click here for details

The Devil's Pulpit Robert Taylor, 2006-06-19 A series of sermons meant to challenge the rigid and uncompromising views held by Christianity in England at the time The Author came to the conclusion that Christianity is based on much older religions and its rituals are directly descended from ancient Egyptian and pagan practices

BEN KANE An all action adventure a brilliant story beautifully told **SUNDAY EXPRESS** This was a brilliant read for me as a weathered historical fiction reader Reader review The action oozes energy so that for those precious hours you are happily lost within this book s own universe Reader review **IF YOU BETRAY A FELLOWSHIP YOU ARE A DEAD MAN** Raven and the Wolfpack plough the sea road in pursuit of the Saxon traitor Ealdred

who has left the Fellowship for dead and fled to the Frankish Emperor Charlemagne and the promise of untold riches Sailing in search of revenge the pagan Norsemen venture into the heart of a Christian empire that would wipe their kind from the face of the earth a place where danger lies in wait around every bend of the great river up which they travel A young man with no memory and a blood tainted eye Raven has found friendship and purpose amongst this fierce band of warriors Having proved himself in battle he is now certain that Viking blood flows in his veins But to survive this adventure his cunning must be as sharp as his blade Raven Sons of Thunder is the second title in the Raven trilogy The story continues in Raven Odin s Wolves Have you read Raven Blood Eye the first in the trilogy
