The attitude of Nick Carraway to Jay Gatsby can be easily recognized from the very first mention of the character:

Only Gatsby, the man who gives his name to this book, was exempt from my reaction — Gatsby who represented everything for which I have an unaffected scorn. If personality is an unbroken series of successful gestures, then there was something gorgeous about him, some heightened sensitivity to the promises of life, as if he were related to one of those intricate machines that register earthquakes ten thousand miles away. (Fitzgerald 4)

Bloom's how to Write about Edgar Allan Poe Susan Amper, 2008 Bloom's How to Write About Edgar Allan Poe offers valuable paper topic suggestions clearly outlined strategies on how to write a strong essay and an insightful introduction by Harold Bloom designed to help students develop their analytical writing skills and critical comprehension of this important author's turbulent life and unforgettable works *Deep in Thought* Thomas A. Tyner, Thomas E. Tyner, 1992 DEEP IN THOUGHT is a critical thinking and writing text which unifies the many disparate problems involved in composition around a single theme the environment and applies what it teaches to interesting and understandable writing assignments Each section of the text builds on the previous section and relates to the upcoming section so that students have a tangible sense of growth not only in terms of their writing skills but also in terms of their knowledge of a given subject The class is involved in a single project that lasts the entire semester Students are thus able to work together in groups in a productive way and to share their knowledge with one another **Teaching Writing as Journey, Not Destination** P. L. Thomas, 2019-01-01 American author Kurt Vonnegut has famously declared that writing is unteachable yet formal education persists in that task Teaching Writing as Journey Not Destination is the culmination of P L Thomas's experiences as both a writer and a teacher of writing reaching into the fourth decade of struggling with both This volume collects essays that examine the enduring and contemporary questions facing writing teachers including grammar instruction authentic practices in high stakes environments student choice citation and plagiarism the five paragraph essay grading and the intersections of being a writer and teaching writing Thomas offers concrete classroom experiences drawn from teaching high school ELA first year composition and a wide range of undergraduate and graduate courses Ultimately however the essays are a reflection of

Thomas's journey and a concession to both writing and teaching writing as journeys without ultimate destinations

Combating Plagiarism Terry Darr, 2019-09-24 Offers an instructional plan for plagiarism education for middle school and high school students allowing librarians to become a resource for students, teachers and school administrators. The proliferation of resources now available through libraries and the internet requires a new set of information management skills in order for students to avoid plagiarism. While educators legitimately expect students to approach academic work with honesty and integrity, students need to be able to understand the context of their academic resources, both print and digital, well enough to use them appropriately and ethically. *Combating Plagiarism* helps middle and high school teachers and librarians understand and teach the authorship and publication process so students learn to use relevant information in an ethically and academically sound fashion. Terry Darr's long-term collaboration with a high school history teacher taught her the challenges faced by students conducting research and by librarians and teachers tasked with teaching plagiarism prevention. Her book is full of tested concepts for teaching these complex topics, emphasizing our modern reliance on digital sources. An extensive student reference section covers common knowledge, fact and opinion. A wealth of practical resources includes real-life examples from research papers as well as plenty of instructional materials, exercises and lesson plans.

The Essential Guide to Writing History Essays Katherine Pickering Antonova, 2020 *The Essential Guide to Writing History Essays* is a step-by-step guide to the typical assignments of any undergraduate or master's level history program in North America. Effective writing is a process of discovery achieved through the continual act of making choices: what to include or exclude, how to order elements and which style to choose, each according to the author's goals and the intended audience. The book integrates reading and specialized vocabulary with writing and revision and addresses the evolving nature of digital media while teaching the terms and logic of traditional sources and the reasons for citation as well as the styles. This approach to writing not only helps students produce an effective final product and build from writing simple short essays to completing a full research thesis, it also teaches students why and how an essay is effective, empowering them to approach new writing challenges with the freedom to find their own voice.

Restorative Literacy Practices Deirdre Faughey, 2023 See what happens when learning is approached as a creative transaction between teachers, students, texts and methods. The author shares scenarios or problems from her ELA classroom, the action she took to address it and the outcomes. The text includes examples of student work, lesson plans, rubrics, handouts and suggestions for teacher preparation programs.
