- **TANGO COURSE** Horacio Salgán,2020-06-10 Writing this Tango Course is both an obligation and a great pleasure for me It is an obligation because I would like to contribute something of all the things that I owe in return as an appreciation of having been fortunate enough to educate myself in the Orchestras where I learned to play Tango The Orchestras were a crucible where the ideas of its members and or other creative musicians experimented played and came together to create playing styles rhythmic forms etc These contributions were what took the Tango little by little to such a high musical level Nowadays it is not at all easy to belong to an Orchestra considering the fact that so few can subsist This makes it more difficult for those who want to have careers in Tango music to acquire the vast knowledge necessary for playing and interpreting it Let us not forget that the Orchestras have always been the best schools for such an apprenticeship It is also a great pleasure to be able to transmit and share that what I have learned trying always not to leave anything out that is my real intention by relying on my memory which fortunately still helps me I never intended for my conclusions to be taken as the absolute truth nor wanted to win something over anyone in anything This course just shows my position and the ideas with which I have always worked We will deal here with the Tango in versions which in my understanding are genuine manifestations of itself I love the Tango because I love good music and I got into it to learn to play it not to change it If my versions and arrangements have something different about them it is only because this is my language and I have expressed myself through it I will also talk about the incorporation of new contributions and changes as long as they are authentic within the genre The many streams of opinion may or may not coincide with what will be said in this course Considering the broadness of the theme and the flexibility which should govern artistic creation other concepts may prove constructive as well I sincerely hope that this course will be useful to someone Horacio Salg n **The Motion Picture Guide** Jay Robert Nash,Stanley Ralph Ross,1985 **Leahy's Hotel-motel Guide and Travel Atlas of the United States, Canada, and Mexico** ,1978 **The Guide to Supernatural Fiction** Everett Franklin Bleiler,1983 *Reel Views 2* James Berardinelli,2005 Thoroughly revised and updated for 2005 Includes a new chapter on the best special edition DVDs and a new chapter on finding hidden easter egg features **American Railroad Journal** ,1835 **The Dictionary of 1980s Slang** Rick Carlile,2021-08-09 STRANGER THAN FICTION Ideal for any 80s kid and anyone who wants to discover what made the 80s great Packed with over 800 scrupulously researched entries Over 500 citations from 80s movies music and books Incisive humorous definitions examining etymology history and more Numerous explanatory illustrations From the author of the USA 1 best selling unofficial Scrabble book The Dictionary of Two Letter Words Bonus Print out and play yuppie simulator card game The 1980s a decade of uplifting energy exhilarating confidence raw power and uncompromising style A decade of Armani wearing slicked back dudes and power dressing big haired babes zooming down open highways in sports cars breakdancers gyrating to the sounds of the boombox neon clad skaters and BMXers soaring through the skies in a sparkling endless Californian heatwave It was the decade hip hop and new wave went mainstream home computing planted
