We Are The Revolution:

The Nature of Revolution United States. Congress. Senate. Committee on Foreign Relations, 1968 Analyzes stages of various national and social revolutions from the 17th through the 20th centuries *The Revival of China* MAO Min, The book is about the revival of China in the 20th century and the first decade of the 21st century It has eight parts 1 The civil revolution in China 2 The countryside bases 3 The Long March of the Red Army 4 The Anti Japanese War 5 Decisive civil battles before the establishment of the People's Republic of China 6 The Mao Era before the Great Cultural Revolution 7 The Great Cultural Revolution and 8 The Reform and opening up This version of the book is without pictures Indigenous Revolution in Ecuador and Bolivia, 1990-2005 Jeffery M. Paige, 2020-05-05 Uprisings by indigenous peoples of Ecuador and Bolivia between 1990 and 2005 overthrew the five hundred year old racial and class order inherited from the Spanish Empire It started in Ecuador with the Great Indigenous Uprising which was fought for cultural and economic rights A few years later massive indigenous mobilizations began in Bolivia culminating in 2005 with the election of Evo Morales the first indigenous president Jeffrey M Paige an internationally recognized authority on the sociology of revolutionary movements interviewed forty five indigenous leaders who were actively involved in the uprisings The leaders recount how peaceful protest and electoral democracy paved the path to power Through the interviews we learn how new ideologies of indigenous socialism drew on the deep commonalities between the communal dreams of their ancestors and the modern ideology of democratic socialism This new discourse spoke to the people most oppressed by both withering racism and neoliberal capitalism Emphasizing mutual respect among ethnic groups including the dominant Hispanic group the new revolutionary dynamic proposes a communal worldview similar to but more inclusive than Western socialism because it adds indigenous cultures and nature in a spiritual whole Although absent in the major revolutions of the past century the themes of indigenous revolution democracy indigeneity spirituality community and ecology are critically important Paige's interviews present the powerful personal experiences and emotional intensity of the revolutionary leadership They share the stories of mass mobilization elections and indigenous socialism that created a new form of twenty first century revolution with far reaching applications beyond the Andes **Inter-American Series, No. 1-** United States.
