### INTRODUCTION

[Name of Organisation] needs a clear process for creating, passing, and implementing policy. Policy documents should be based on a uniform template, and policy documents should be gathered together as a policy manual.

### PURPOSE

The purpose of this policy is to:

- Lay down a template for all policies and procedures;
- outline a standard procedure for policies and procedures to be taken from their first drafts through to implementation; and to
- illustrate a typical usage of the template.

### POLICY

Fundamental decisions as to the aims, goals and mission of the organisation must be approved by the membership at a general meeting.

Policies, which are designed to serve the organisation's mission by ensuring that day-to-day decisions are informed by deliberation and consultation, must be approved by the Board. The Board may delegate to the CEO responsibility for designing procedures to put those policies into effect.

Policies can be established or altered only by the Board. Procedures may be altered by the CEO.

Amato,2021-06-15 As far as I am aware Tourist Guide Techniques have not previously been the subject of many manuals I have decided then to offer the future tourist guides everything my long career in the tourism field has taught me about the technical aspects of guiding This to help them to better understand their role as interpreters of what is observed and how to practise it efficiently There is no such thing as a universal way in which to guide tourists since this art and profession derives its uniqueness from the spontaneity and individual charisma of each tourist guide What is presented in this manual is a method based on assorted suggestions and procedures that will assist the tourist guides and establish a sound understanding of what they must know This manual therefore does not intend to supply a set formula which must be followed slavishly since that would inhibit the individual creativity which each tourist guide should possess Instead this manual provides a mean to better prepare them TECHNICALLY for their future tasks Author      **Resources in Education** ,1997      **Rules and**
