declined and the work of other artists and reporters appeared instead The ILN's own obituary on Wirgman was published on 28 March 1891 By the late 1880s new photogravure printing technology was in place and the appearance of the paper changed significantly Furthermore the reporting from Japan diminished noticeably indeed there were a number of years in the period featured in this volume when not a single item on Japan appeared But in the mid 1890s the ILN carried in depth reporting on the Sino Japanese War 1894-5 to the virtual exclusion of any other stories and then reported nothing for the following two years This volume concludes in 1899 the year of ratification of the ending of the Unequal Treaties between Japan and the Great Powers which had major implications for Japan and its nascent empire yet the ILN failed to make any reference to it Instead its one report for the final year of the nineteenth century was on the launch of the British built battleship Asahi which was to play a major role in the Imperial Japanese Navy during the forthcoming Russo Japanese War 1904-5 a war which once again was to preoccupy the ILN pages Thus Japan and The Illustrated London News provides readers and researchers for the first time with a one stop access point to the complete record of reported events relating to Japan in the critical half century following its opening to the West Phineas Redux ...
