Vampires Are Us Margot Adler, 2014-03-01 The author of *Drawing Down the Moon* offers a literate imaginative and just plain fascinating exploration of the enduring allure of vampires Whitley Strieber author of *The Hunger* Author and NPR correspondent Margot Adler found herself newly drawn to vampire novels while sitting vigil at her dying husband's bedside Intrigued by the way this ever evolving myth lets us contemplate mortality she embarked on a years long journey of reading hundreds vampire novels from teen to adult from gothic to modern from detective to comic She began to see just how each era creates the vampires it needs Dracula an Eastern European monster was the perfect vehicle for 19th century England's fear of outsiders and of disease seeping in through its large ports In 1960s America the television show *Dark Shadows* gave us the morally conflicted vampire struggling against his own predatory nature who still enthralls us today From Bram Stoker to Ann Rice from vampire detective thrillers to lesbian vampire fiction and from *Buffy the Vampire Slayer* to *Twilight* and *True Blood* *Vampires Are Us* explores the issues of power politics morality identity and even the fate of the planet that show up in vampire novels today Perhaps Adler suggests our blood is oil perhaps our prey is the planet Perhaps vampires are us

Buffy Conquers the Academy U. Melissa Anyiwo, Karoline Szatek-Tudor, 2014-07-24 *Buffy Conquers the Academy* represents the cusp of pioneering research into a television show that has inspired a wealth of academic study since its cancellation in 2003 As a reflection of the current obsession with all things vampiric this text offers an alternative perspective on the vampire myth from the point of view of scholars in the field and thereby celebrates the continuing existence of *Buffy Studies* as an endlessly fruitful academic discipline that is truly global and interdisciplinary The Associations of Popular Culture and American Culture PCA ACA have a tradition of encouraging growth in intellectual inquiry and the acceptance of *Buffy Studies* as a subgenre of the Vampire area in 2008 reflected the belief in this globally recognized sustainable discipline In this volume *Buffyologists* delve into the intricate world of Sunnydale from multiple perspectives that cut across all academic disciplines ranging from gender sexuality to religion making this collection an excellent reflection of the current body of work under the umbrella of *Buffy Studies*

of management **Hideaway** Nora Roberts, 2020-05-26 A powerful new novel from global bestseller Nora Roberts about finding what matters most in the least expected places If you're after the perfect pick me up take me away from the world read then she's your woman The Guardian One day she thought one moment one innocent game How was it that day that moment that game never seemed to end Caitlyn Sullivan is just nine years old when a game of Hide and Seek at a family party will change her life forever The betrayal she experienced that night will shape Caitlyn's life and for years she runs and runs hiding from the aftermath of the trauma But Caitlyn comes to realise that if she wants to not just survive but thrive she must return to the family home to face up to her past What happened that night may always haunt Caitlyn but she must decide if it's what you're running from that matters Or who finds you Nora Roberts is quite simply a one woman phenomenon Heat I love Nora Roberts Stephen King **Nora Roberts: A Biography** Sarah Lilton, 2012-07-30 ABOUT THE BOOK Nora Roberts scoffs at spineless heroines Weak passive people don't make good characters she says She is equally brutal about needy men If a man wants someone to take care of him he should get a dog as a companion and live with his mother Washington Post It was a dark and stormy night although it may not have been stormy or even dark but the infamous blizzard of February 1979 was enough to lock Nora Roberts inside with her two young sons board games and a rapidly decreasing supply of chocolate For something new to do she grabbed a tablet and began writing her first novel in longhand and voila she had found what she was meant to do By 1980 her first novel was published From such humble beginnings Nora Roberts today has written over 200 books countless articles and stories and earns over 60 million each year Not bad for a highschool graduate with no formal college or writing training EXCERPT FROM THE BOOK Her writing is full of strong powerful women able to solve problems and able enter into healthy solid relationships with men Another thing that makes her writing unique is that unlike most romance writing the point of view is not always female Roberts with four older brothers and two sons understands the male point of view something she learned since she was surrounded by men all her life She finally has a grand daughter so the streak of only male relatives is over This often gives her books a new perspective and understanding of those stalwart heroes of romantic fiction Her women are quite capable and not waiting to be rescued They are equal adversaries of the men and their relationships capture the sexual tension that permeates each page Roberts' lovers hover between the sublime and the mundane treating sex as a wonderful useful outlet but it is not the all encompassing flame that obfuscates the remainder of life One of the reasons that romance literature is so soundly denigrated by reviewers and literary types is that it is fiction written by women for women When a man writes a romance novel it is immediately categorized as something else so that it won't fall under the chick lit stigma As Roberts says Unless a guy writes one and they call it something else And it gets reviewed and made into a movie A woman writes it and it's just one of those she says I mean how long are you going to fight that battle Meg Cabot the author of the Princess Diaries novels says is the cornerstone of her success Her heroes and heroines are so strong yet so flawed They have these personal handicaps and that's something that's

made Nora's books so different to many written in the past because the characters are so relatable Roberts keeps her finger on the pulse of her readers interests and produces works that reflects the times For instance in her The Circle Trilogy 2006 Roberts draws upon the rising interest in the supernatural Irish mythology wicca witches alternate worlds vampire hunters and of course vampires at war with humanity She has three couples and despite adversity produces a happy ending Her three female characters are strong women capable of leading nations and battles conjuring spells and demon slaying as everyday occurrences Her male characters are hot tempered testy and brave equal to the women in every way even the vampire hero Roberts fills her books with pop culture references with characters drinking a coke or watching TV using a laptop or even copying shower schematics to translate to a more medieval world What works best though is the interplay between the characters the sexual tension and its ultimate release
