## The Long Kill:

*Kill And Tell* Linda Howard,2012-12-11 Still reeling from her mother s recent death Karen Whitlaw is stunned when she receives a package containing a mysterious notebook from the father she has barely seen since his return from Vietnam over twenty years ago Karen packs the notebook away putting it and her father out of her mind until she receives a shocking phone call Her father has been murdered Homicide detective Marc Chastain considers the murder nothing more than street violence and Karen accepts his judgment at first But she changes her mind when she s burgled and accidents begin to happen Desperate for answers Karen knows she needs to find that notebook again *Ten Minutes Late for Reality* Lou Morris,2011-07-28 It s a story as old as time or at least ten minutes Boy meets girl Boy loses girl Boy loses job Boy loses car Boy loses mind and writes an awful novel about wizards and talking eyes It s tragic really *We Kill Because We Can* Laurie Calhoun,2015-09-15 Welcome to the Drone Age Where self defense has become naked aggression Where courage has become cowardice Where black ops have become standard operating procedure In this remarkable and often shocking book Laurie Calhoun dissects the moral psychological and cultural impact of remote control killing in the twenty first century Can a drone operator conducting a targeted killing be likened to a mafia hitman What difference if any is there between the Trayvon Martin case and the drone killing of a teen in Yemen *We Kill Because We Can* takes a scalpel to the dark heart of Western foreign policy in order to answer these and many other troubling questions 3 liu qu,2024-12-10 Responsible If you have any questions please contact fawu qimao com or contact us in thehelp and feedback *Kill Or Get Killed* Rex Applegate,1976 **Britain's Killing Fields** John Igbino,2023-01-19 Britain kept meticulous records of its casualties in Southern Nigeria but it did not collect and keep any coherent records of the casualties it inflicted on the so called natives Britain s failure to collect and keep natives casualty statistics was not an unconscious omission Instead it was a deliberate policy because it placed considerably less value on the lives of natives compared to European lives It held that a drop of European blood was worth four times more than natives blood The death of a District Officer on active duty was worth the lives of up to two hundred natives and it took twenty natives to service a Political Officer on the field Additionally it accepted the arguments of its top commander Colonel Arthur Montanaro that natives were engaged in illegal resistance to His Majesty s Government therefore while he had a duty to crush their resistance to the British Government he was not duty bound to account for their deaths Accordingly the book explores these untold aspects of British History particularly the computation of the number of Indigenous people of the landmass which became Southern Nigeria who were killed between 1900 and 1930 during one of the bloodiest periods in the history of Southern Nigeria as British troops of the West African Frontier Force WAFF and the West African Service Brigade WASB rampaged through Southern Nigeria In its explorations the book posed and addressed the following questions how many Indigenous people of Southern Nigeria were killed by the British Army between 1900 and 1930 What were the names of the people who were killed Were there women and children among the dead

How old were they when they died Where were they buried Who buried them there What were the prevailing political circumstances when they were killed Under what military circumstances were they killed Was there a state of war between the Indigenous people of Southern Nigeria and Britain when they were killed The book s sources were unpublished original archival documents at the National Archives These document sources included Ordinances Proclamations Admiralty s and Crown Agents papers High Commissioners Governor General s and Lieutenant Governor s Correspondences and Despatches The Correspondences and Despatches included field reports compiled by British Army Officers Field Commanders British Police Commissioners Political Officers District Officers DO District Commissioners Divisional Officers Divisional Commissioners and Provincial Commissioners These sources are kept in the following Colonial Office Documents series Southern Nigeria CO520 series and Nigeria CO583 series      *The Long Kill* Reginald Hill,2010 When a hitman starts missing it s time to retire And where better than the Lake district the air is healthy the scenery spectacular and there s a handsome young widow who s caught your eye      **A Compulsion to Kill** Robert Cox,2014-08-21 The latest work from acclaimed historical author Robert Cox *A Compulsion to Kill* is a dramatic chronological account of 19th century Tasmanian serial murderers Never before revealed in such depth the story is the culmination of extensive research and adept craftsmanship as it probes the essence of both the crimes and the killers themselves Beginning in 1806 with Australia s first serial killers John Brown and Richard Lemon *A Compulsion to Kill* recounts the stories of Alexander Pearce the cannibal convict Thomas Jeffrey a sadist sexual predator cannibal and baby killer known as the monster Charles Routley who burnt one of his victims alive cannibal convicts Broughton and McAvoy Rocky Whelan who in twenty four days slew five men in cold blood and John Haley who killed three people in fits of rage The final chapter investigates the still unsolved Parkmount murders three killings for which the two probable culprits twice faced court only to be discharged due to faulty police investigation and neglected evidence Most of these stories have never been told before and none has previously been related with such detail and verifiable accuracy A determined storyteller Cox delivers a supremely dramatic page turner in the true crime genre The book includes extensive references and an index      *Arthur Kill Fossil Fueled Power Plant Permit* ,1981      *May I Kill?* Jeffrey K. Mann,2018-09-28 Today we live in a world where we are less exposed to violence than at any other time in history However we also know that violence can come knocking on our door at any moment Preparing for this possibility means more than physical safety it means being clear with ourselves about the ethics of violence Can violence be justified When should we fight How should we fight And in situations when things have gone badly may we kill These questions are not only for politicians soldiers and police officers but are also important considerations for civilians whose lives do not normally intersect with violence Whether advocating for government policies marching in the streets or defending ourselves and loved ones a coherent moral framework is essential to good decision making *May I Kill* examines the efficacy of different approaches to non violence and Just War Theory By scrutinizing these ethical theories the reader is encouraged to critically

examine occasions for the use of force from a moral perspective whether nations at war or violent encounters in our own neighborhoods We may then determine how best to develop ourselves body mind and spirit to respond effectively and make the world a safer place **How to Kill Your Boyfriend (in 10 Easy Steps)** D.V.
