*The Lotus and the Wind* John MASTERS (Novelist.),1953      The lotus and the wind John Masters,1958      *The Lotus and the Wind* John Masters,1953      *The Lotus and the Wind* John Masters,1953 Young British officer in India searches for truth on metaphysical level      **The Odyssey** Homer,2014 Poet and Homeric scholar Barry B Powell offers a major new translation of this enduring epic poem      **Ocean of Attainments** Yael Bentor,2024-04-16 This commentary on Guhyasamaja tantra is the seminal guide to deity yoga and tantric visualization for the Geluk school of Tibetan Buddhism Ocean of Attainments was composed by Khedrup J Gelek Palsang 1385 1438 one of Tsongkhapa Losang Drakpa s most prominent disciples Its subject is the creation stage a quintessential Buddhist tantric meditation that together with the completion stage comprises the path of unexcelled tantra The Guhyasamaja Tantra referred to as the king of all tantras is revered in Tibet especially by the Geluk school for its hermeneutic methods which are in turn applied to other tantras In the creation stage meditators visualize themselves as buddhas at the center of the celestial mandala surrounded in all directions by male and female bodhisattvas and enlightened beings Since the core of the practice is visualization this meditation perhaps more than other meditations presumes the creative power of the mind Visualizations form the basis not only of the creation stage and deity yoga but of all tantric practices and rituals since tantric practice takes place not in mundane existence but in the illusion like purity of the enlightened view While the previously published Essence of the Ocean of Attainments is a concise exposition on the practice of the Guhyasamaja sadhana Ocean of Attainments is much more detailed providing extensive scriptural citations clear explanation of the body mandala arguments on points of contention reference to other tantric systems and critiques of misinterpretations Complemented by the extensive and clear introduction this volume is a vital contribution to the growing body of scholarship on Guhyasamaja and on Buddhist tantra in general      The Lotus and the wind John Masters,1953      **John Masters' The Lotus and the Wind** John Masters,1953      **Multiplex CBT for Traumatized Multicultural Populations** Devon E. Hinton,2022-06-16 A practical and accessible manual providing a culturally sensitive approach to the treatment of PTSD and trauma more generally      Esoteric Pure Land Buddhism Aaron P. Proffitt,2023 What if anything is Esoteric Pure Land Buddhism In 1224 the medieval Japanese scholar monk Dohan 1179 1252 composed The Compendium on Esoteric Mindfulness of Buddha Himitsu nenbutsu sho which begins with another seemingly simple question Why is it that practitioners of mantra and meditation rely on the recitation of the name of the Buddha Amitabha To answer this question Dohan explored diverse areas of study spanning the whole of the East Asian Mahayana Buddhist tradition Although contemporary scholars often study Esoteric Buddhism and Pure Land Buddhism as if they were mutually exclusive diametrically opposed schools of Buddhism in the present volume Aaron Proffitt examines Dohan s Compendium in the context of the eastward flow of Mahayana Buddhism from India to Japan and uncovers Mahayana Buddhists employing multiple overlapping so called esoteric approaches along the path to awakening Proffitt

divides his study into two parts In Part I he considers how early Buddhologists working under colonialism first constructed Mahayana Buddhism Pure Land Buddhism and Esoteric Buddhism as discrete fields of inquiry He then surveys the flow of Indian Buddhist spells dhara ni and mantra texts into China and Japan and the diverse range of Buddhist masters who employed these esoteric techniques to achieve rebirth in Sukhavati the Pure Land of Bliss In Part II he considers the life of Dohan and analyzes the monk s comprehensive view of buddhanusmrti as a form of ritual technology that unified body and mind Sukhavati as a this worldly or other worldly soteriological goal synonymous with nirvana itself and the Buddha Amitabha as an object of devotion beyond this world of suffering The work concludes with the first full translation of Dohan s Himitsu nenbutsu sho into a modern language

**Fictions of India** Peter Morey,2000 Fictions of India explores the relation of narrative technique to issues of power in the work of selected writers dealing with India It examines the imperial context in which the writers operate and suggests how historical and ideological assumptions and anxieties may be read into the texts they produce The study combines aspects of colonial and post colonial debate with narrative theories to illuminate the work of these writers operating on either side of an epistemological divide formed by Indian independence in 1947 The book focuses largely on British writers on India with chapters on Kipling E M Forster John Masters J G Farrell and Paul Scott A final comparative chapter traces the issues of narrative and power in the work of two post independence Indian writers Khushwant Singh and Rohinton Mistry and deals with the burden of storytelling in a post colonial situation still fraught with communal and neo colonial abuses This book is an important contribution to our understanding of how narrative fiction can reflect and confirm but also contest and dismantle discourses of power Features Offers new interpretations of well known texts and writers Suggests an agenda for studying new and less well known texts to examine the play of narrative and power more generally Demonstrates possible relations between narrative technique and those larger narratives which feed into the operation of political power Challenges exclusivist readings which have often asserted the colonial and the post colonial to be antithetical and mutually exclusive discursive entities

Rise of the Hell Fire Storm Damian L. Johnson,2021-04-19 In the year 2030 a cluster of astral diamonds came to earth from the depths of the universe and gave all life on earth elemental spirit power manipulation But this great gift cost the human race everything they had built so far Fifty one years later Dante Saint will attempt to rebuild a fallen rebellion his parents had formed seventeen years ago The hellfire rebellion was formed to overthrow a powerful force lord of the world s richest city 7 Nations This city is the last city of pure humans and the city that controls the world s resources With the last of his family and a fiery storm of elemental power Dante will try to bring equality to the world but the death of his parents and the Hellfire Clan weigh heavy on his heart Dante must look deep within and use the power of elemental ascension to do the impossible Ascension the art of mastering mind body and spirit by absorbing new levels of elemental power an awakened one can unlock the power of the higher mind and walk the earth as the highest potential Will Dante do it Story told by Karma s Dream

character of our education we must continually forget and emancipate ourselves from knowledge previously acquired we must set aside old notions and embrace fresh ones and as we learn we must be daily unlearning something which it has cost us no small labour and anxiety to acquire And this difficulty attaches itself more closely to an age in which progress has gained a strong ascendancy over prejudice and in which persons and things are day by day finding their real level in lieu of their conventional value The same principles which have swept away traditional abuses and which are making rapid havoc among the revenues of sinecurists and stripping the thin tawdry veil from attractive superstitions are working as actively in literature as in society The credulity of one writer or the partiality of another finds as powerful a touchstone and as wholesome a chastisement in the healthy scepticism of a temperate class of antagonists as the dreams of conservatism or the impostures of pluralist sinecures in the Church History and tradition whether of ancient or comparatively recent times are subjected to very different handling from that which the indulgence or credulity of former ages could allow Mere statements are jealously watched and the motives of the writer form as important an ingredient in the analysis of his history as the facts he records Probability is a powerful and troublesome test and it is by this troublesome standard that a large portion of historical evidence is sifted Consistency is no less pertinacious and exacting in its demands In brief to write a history we must know more than mere facts Human nature viewed under an introduction of extended experience is the best help to the criticism of human history Historical characters can only be estimated by the standard which human experience whether actual or traditionary has furnished To form correct views of individuals we must regard them as forming parts of a great whole we must measure them by their relation to the mass of beings by whom they are surrounded and in contemplating the incidents in their lives or condition which tradition has handed down to us we must rather consider the general bearing of the whole narrative than the respective probability of its details
