

Turtle of the sea
Wise and patient is she
Swimming with the current
Traveling the seas
Experiencing the world

A lifetime spent growing wise
Following the changing tides
Navigating with grace and beauty
Popping up for a quick breath
Disappearing in the blink of an eye

An outer shell protects
That which is within
She is strong, wise, beautiful, patient, graceful
She is a sea turtle
Turtle of the sea

Gotera,1994 Although poets have written about warfare since at least the time of Homer the Vietnam war has struck many observers as being immune to the interpretations of poetry and myth Lyric poetry of a traditional kind writes one critic has proved inappropriate to communicate the character of the Vietnam war its remoteness its jargonized recapitulations its seeming imperviousness to aesthetics Nonetheless the past two decades have seen an unprecedented outpouring of poetry that seeks to describe and come to terms with that bitterly divisive conflict In *Radical Visions* Vince Gotera argues that poetry written by Vietnam veterans underlines the failure of traditional American myths to help Americans understand the war and its aftermath The book blends sociohistorical commentary with close readings of individual works by such poets as Michael Casey Walter McDonald and W D Ehrhart In the book s first section The Nam Gotera examines several key mythic structures the Wild West a violent extension of the mythic virgin land the machine in the garden the city on the hill regeneration through violence all of which helped delude Americans about Vietnam and the war being fought there In the second part The World Gotera shows

how another myth the American Adam as an exemplar of ahistorical innocence proved unusable for returning veterans attempting to readjust to American life In addition to exposing these failed myths Gotera argues the poetry by Vietnam veterans reflects an effort to construct new myths most notably that of the warrior against war an oxymoronic structure arising from the difficulties faced by returning veterans In the book s final chapters Gotera examines the work of Bruce Weigl and Yusef Komunyakaa two poets whom the author considers most successful at portraying the moral absurdity of the Vietnam war without sacrificing lyrical aesthetics The first comprehensive study devoted exclusively to poetry by Vietnam veterans Radical Visions argues that this body of writing registers an important advance in the aesthetics and poetics of war literature and offers a cogent antiwar statement rooted in personal experience **The Canada Educational Monthly and School Magazine** ,1882 *subcYing subcwá subcfan wan' ts'üt, iá'*. *A tonic dictionary of the Chinese language in the Canton dialect* Samuel Wells Williams,1856
