Remember English Edition:

Memorize the Stoics! Kevin Vost, 2022-03-22 Memorize the Stoics The Ancient Art of Memory Meets the Timeless Art of Living The title says it all Extolling the powers of God given human reason Stoic philosophers such as Roman knight Musonius Rufus and his student the former slave Epictetus developed powerful practical lessons for living tranquil virtuous loving lives These lessons were praised by such early Church Fathers as Justin Martyr and Origen Epictetus s Handbook was later adapted as a moral guidebook for monks A millennium later Thomas Aquinas mined the Stoic Seneca s lessons on anger gratitude patience and more for use in his Summa Theologiae And in our own day the psychological and moral teachings of the Stoics constitute an art of living that fairly cries out to act as compass for the nearly rudderless boat of our disordered contemporary world But still it is hard to live out important life lessons if you cannot remember them In those same early centuries before and after Christ Greeks like Simonides and Romans like Cicero championed a specialized art of memory Early Church Fathers such as Augustine and Jerome championed this also as did centuries later Albert the Great and Thomas Aquinas The unique virtue of Kevin Vost s book is its wedding of the ancient art of memory to the timeless art of living In his Handbook Epictetus exhorts us to remember his lessons a full dozen times and in his own book Vost shows us how to do just this thereby opening our eyes to unrecognized powers of imagination and memory and to unrecognized capacities for controlling thoughts emotions and behaviors Even so the Stoics would not mind at all if you found this exercise of imagination and intellect a rather fun thing to do Enjoy The Everything Learning Russian Book, 2nd Edition Yulia Stakhnevich, 2024-11-12 The everything learning Russian book 2nd edition is here with new online audio to make learning easier more convenient and more fun Inside you ll see how this guide makes learning Russian more accessible than textbooks and more comprehensive than language learning apps With step by step instructions practical exercises and entertaining cultural information you ll become fully immersed in Russia s language history and customs Page 4 of cover **Getting the Buggers Into Languages 2nd Edition** Amanda Barton, 2006-05-10 Provides teachers with a range of strategies for motivating pupils of various ages in modern foreign languages Containing material for primary teachers as well as teaching tips lesson ideas and a directory this book shows how learning a language can be fun *Seven Conversations with Jorge Luis Borges* Fernando Sorrentino, 2010 These wide ranging conversations have an exceptionally open and intimate tone giving us a personal glimpse of one of the most fascinating figures in contemporary world literature Interviewer Fernando Sorrentino an Argentinian writer and anthologist is endowed with literary acumen sensitivity urbanity and an encyclopedic memory of Jorge Luis Borges work in his prologue Borges jokes that Sorrentino knows his work much better than I do Borges wanders from nostalgic reminiscence to literary criticism and from philosophical speculation to political pronouncements His thoughts on literature alone run the gamut from the Bible and Homer to Ernest Hemingway and Julio Cort zar We learn that Dante is the writer who has impressed Borges most that Borges considers Federico Garc a Lorca to be a second rate poet

and that he feels Adolfo Bioy Casares is one of the most important authors of this century Borges dwells lovingly on Buenos Aires too From the preface For seven afternoons the teller of tales preceded me opening tall doors which revealed unsuspected spiral staircases through the National Library s pleasant maze of corridors in search of a secluded little room where we would not be interrupted by the telephone The Borges who speaks to us in this book is a courteous easy going gentleman who verifies no quotations who does not look back to correct mistakes who pretends to have a poor memory he is not the terse Jorge Luis Borges of the printed page that Borges who calculates and measures each comma and each parenthesis Sorrentino and translator Clark M Zlotchew have included an appendix on the Latin American writers mentioned by Borges

African Film Josef Gugler,2003 In African Film Re imagining a Continent Josef Gugler provides an introduction to African cinema through an analysis of 15 films made by African filmmakers These directors set out to re image Africa their films offer Western viewers the opportunity to re imagine the continent and its people As a point of comparison two additional films on Africa one from Hollywood the other from apartheid South Africa serve to highlight African directors altogether different perspectives Gugler s interpretation considers the financial and technical difficulties of African film production the intended audiences in Africa and the West the constraints on distribution and the critical reception of the films
