Savannah Business Report And Journal:

Secrets of the Woman in the Suit Collected by Sarahlyn U. Argrow, 2010-05-12 This book is different because it is a collection of stories from highly successful women being real about their struggles families dreams and hopes It is written to inspire the ordinary woman to become extraordinary As the orchestrator of the project Sarahlyn U Argrow has shared a personal chapter out of her life that most women in her position would not share She hopes to motivate and inspire women to rise above their circumstances and grab another woman s hand in the process The book is also unique because of the women who wrote the short stories The women have shared some of their trials and triumphs solely for the hope they will deliver and set free women throughout the world they are receiving no monetary rewards This collaborative effort is a tribute to the generous nature of women all over the world Inspired by Oprah Winfrey s Legends Ball Sarahlyn instituted the AWWIN Top Ten Working Women of the Year Awards in 2006 at their Annual Gala Silent Auction [Fort Benning, Digital Multi-Purpose Range Complex](#) ,2004

Kila,2022-09-08 This book critically analyses the prospects of overhauling the legal framework of climate change regulation of corporations in African state It adopts the dilute interventionism regulatory framework to tackle the culture of regulatory resistance by corporations in Africa Over the course of this volume Kikelomo O Kila critiques the climate change legal framework in all 53 African states and conducts an in depth case study of the two largest economies in Africa Nigeria

and South Africa to highlight the commonality of the problems in Africa and the potential for the dilute interventionism paradigm to significantly address these problems The book establishes why African states should directly intervene through legislative mechanisms to compel corporations to incorporate climate change mitigation in their business activities It proposes that this direct intervention should comprise a blend of prescriptive and facilitative mechanisms structured in a dilute interventionism regulatory model Overall this volume argues that implementing this model requires the institution of a strong and independent regulator with a veto firewall protection system that guarantees its de facto independence from government and external influences Corporate Regulation for Climate Change Mitigation in Africa will be of great interest to climate change stakeholders at the international regional and domestic levels policymakers regulatory practitioners and legal experts on corporate regulation It will also be an insightful resource for students and scholars of climate change and environmental law policy and governance
