Study Guide Volume I to Accompany Garraty/McCaughey The American Nation Ken L. Weatherbie,1991 An [Un]Likely Alliance Bernd Herzogenrath,2009-05-05 This volume presents an original and in depth study devoted to the discussion and relevance of the notion of the environment and ecology within the frame work and ontology of the philosophy of Gilles Deleuze and F lix Guattari Their non dualist and materialist re thinking of these issues is analyzed from various positions within Cultural Studies and the Sciences Thinking Environment s with Deleuze Guattari is thus far removed from what might be termed intellectual tree hugging it is a call to think complexity and to complex thinking a way to think the environment and environments as negotiations of human and nonhuman dynamics Such a thinking by default carefully evades Cartesian dualisms such as nature versus culture biology versus technology or natural versus artificial At a time when the distinctions as well as the transitions between nature and culture are getting more and more fluid Deleuze Guattari s alliance with environmental thinking turns out to be a rather fruitful exciting and likely one one that allows for a single mode of articulating environmental evolutionary and technological registers and relations and for the conceptualization of a general non anthropocentric ecoscience This book thus aims at a radical re thinking of these concepts from a Deleuzian Guattarian i e non dualist and materialist perspective *Death Becomes Her* Elizabeth Dill,Sheri Weinstein,2009-05-05 Dead and dying women are surely an age old narrative trope While associations of femininity with death have become almost prototypical in literary criticism and are familiar fodder for cultural conversations the editors of *Death Becomes Her* offer us an opportunity to investigate the values that underlie such associations But from where does our tireless investment in what constitutes a feminine death a feminine reaction to death and death s courting of women emerge These essays give voice to the idea that power and victimization are not opposites but rather are complements in an operatic fantasy of intrigue agency absence and presence that pervades American writing and experience Each chapter of *Death Becomes Her* offers a different

lens to investigate the nature of death as surely more than just an anatomical matter The penny press obsessively covers the death of a beautiful prostitute in 1840s Chicago a novel of seduction becomes also a narrative of autopsy a story of haunting allows women outlets for sexual license and the polemics of desire Overall this volume invites readers to explore the ways in which death is portrayed as both an ornamentation of femininity and an ontological reality of it how put simply death becomes her Essays include analyses of women s deathbed scenes suicides murders funerals and autopsies in literature and other nineteenth century media As such the chapters in *Death Becomes Her* show how the authorial and readerly interest in scripting and staging women s deaths is both intricate and abiding They tell us that death is never of course simply about death and they make relevant other issues from linguistics to politics as they inform the literature and lives of women from the late eighteenth to early twentieth century America Taken together the pieces in *Death Becomes Her* allow us greater access to the surrounding culture out of which the American woman emerges performs lives and dies In doing so they offer fresh insight into the often unsettling and highly relevant role of death in feminism

Adapting Nathaniel Hawthorne to the Screen Laurence Raw, 2008 Raw explains how some filmmakers have tackled the difficulty of Hawthorne s material by treating it as being firmly situated in American life of the mid nineteenth century while others have used Hawthorne s work to comment on various aspects of twentieth century American life This latter device is particularly evident in the many versions of *The Scarlet Letter* including a 1950 television broadcast that aired two months after senator Joseph McCarthy s speech about card carrying members of

the Communist Party and 1960s and early 70s versions supporting countercultural values
