Stardust Of Yesterday:

Stardust of Yesterday Lynn Kurland, 2001-04-01 A young woman inherits a castle along with a ghost who tries to scare her away Her biggest fear however is falling in love with him **Dickens on Screen** John Glavin, 2003-11-27 Television and film not libraries or scholarship have made Charles Dickens the most important unread novelist in English It is not merely that millions of people feel comfortable deploying the word Dickensian to describe their own and others lives but that many more people who have never read Dickens know what Dickensian means They know about Dickens because they have access to over a century of adaptations for the big and small screen Dickens on Screen including an exhaustive filmography is an invaluable resource for students and scholars alike **The Heavens Are Telling the Glory of God** Laurie Brink, OP, 2022-01-19 Building on the work of Teilhard de Chardin the New Cosmology integrates scientific facts and theories including discoveries about the expanding universe and evolution and proposes that creation is developing into greater complexity But how are we to understand concepts like original sin and redemption if creation isn't complete and humanity is still in process How does one retrofit religious tradition and Scripture into this scenario Is there room for the historical Jesus in the New Cosmology While a ready concern for all Christians this question has unique implications for women religious whose lives are centered on the person and mission of Jesus Christ How is a Catholic sister to understand her vows of poverty chastity and obedience in light of a cosmology in which the need for redemption and the role of Jesus are significantly redefined The Heavens Are Telling the Glory of God probes these questions and offers possible answers Beginning with the experiences of women religious and their encounter with the New Cosmology or Universe Story this book seeks to mediate among the various perspectives and proposes how informed and reflective engagement with science tradition and theology can bridge the generational divides and foster a spirituality that is both emergent and incarnational Access to online discussion and reflection questions is included *Ten Fantasy Lectures on the Sun, Moon, and Stars* John Gurley, 2011-11-04 **Where the Pavement Ends** J. T. Knoll, 2009-10 This book is an uncommon thing a direct and personal account that also possesses a communal intelligence rich in metaphor Whether recounting his boyhood experiences as a paperboy visiting a nursing home reflecting on his work as a counselor or visiting a Trappist monastery in the Missouri Ozarks J T Knoll consistently brings honesty and poetic sensibility to his writing In a voice as authentic as the people and places he describes he transports readers to the core of the human spirit It's a journey through the landscape of the heart one that speaks to the richness of the human soul and the benefits of a more contemplative life *Visualising Lost Theatres* Joanne Tompkins, Julie Holledge, Jonathan Bollen, Liyang Xia, 2022-08-25 This pioneering study harnesses virtual reality to uncover the history of five venues that have been lost to us London's 1590s Rose Theatre Bergen's mid nineteenth century Komediehuset Adelaide's Queen's Theatre of 1841 circus tents hosting Cantonese opera performances in Australia's goldfields in the 1850s and the Stardust showroom in 1950s Las Vegas Shaping some of the most enduring genres of world

theatre and cultural production each venue marks a significant cultural transformation charted here through detailed discussion of theatrical praxis and socio political history Using virtual models as performance laboratories for research Visualising Lost Theatres recreates the immersive feel of venues and reveals performance logistics for actors and audiences Proposing a new methodology for using visualisations as a tool in theatre history and providing 3D visualisations for the reader to consult alongside the text this is a landmark contribution to the digital humanities **Forgotten Origins J.**

Yesterday's Sorrow Penelope Miller,2001-07 Condemned for the name he carries Desperate to stop a fiery history from repeating itself Captain Nicholas Sinclair begins a frantic race against a madman Never could he have imagined that while tracking his brother's killer through a community racked with hate over his father's arsonist past that he would be propelled headlong into marriage with the beautiful daughter of the only man who might hold some answers nor that Briana's gentle way and her tiny imp of a daughter might actually manage to penetrate the well guarded barriers of his worn and battered heart But the clock is ticking and as Nicholas intensifies his search and struggles to save his young family he begins to wonder if his greatest threat will come not from his faceless enemy but from the woman he's dared to take for his own Haunted by a long buried secret Briana Corwin will do anything to protect her daughter and in a rash attempt to keep young Emily's not quite legal adoption from coming to light she soon finds herself the sacrifice that will keep her little girl safe She hadn't stopped to consider however that the price might well be as high as her own heart and soul nor that the secret she has guarded for very so very long could well destroy them all How could she possibly have known that the little girl she has loved and raised since infancy is the very child of Nicholas's own slain brother A child he has believed dead for some three full years From the oak strewn hills of a deteriorating plantation home in Post Civil War Virginia to the dark and mysterious swamplands beyond Nicholas and Briana are drawn into the most horrific battle they will ever have to face A battle of wills a battle of hearts and finally a battle against the twisted sickness of an arsonist's mind
