## **State Civil Society Relations In Syria:**

State-Civil Society Relations in Syria René Spitz, 2014-12-17 The European Union's EU good governance policies consider civil society an actor promoting development as well as political accountability of governments thus contributing to the democratisation of political systems By means of its European Neighbourhood Policy ENP the EU promotes good governance in its relations and cooperation with neighbouring countries to the East and the South including Syria The cooperation in the domain of good governance has not been successful in the southern neighbouring countries although some governments have allowed civil society to become more active Indeed authoritarianism prevailed in the whole Arab region until recently This study argues that the EU's good governance policy is based on questionable assumptions with respect to the nature of civil society as well as the willingness of state and civil society to cooperate Syria as an extreme case of authoritarianism is taken as an example The connotation attached by the EU to civil society in Syria is normative and overlooks its complexity and the character of its relations with the state

**Civil Society** C. M. Hann, Elizabeth Dunn, 1996 Civil Society argues that civil society should not be studied as a separate private realm in opposition to the state To gain a better understanding everyday social practices power relations and shared moralities are examined

**Charities and Politics in Bashar al-Asad's Syria** Laura Ruiz de Elvira, 2024-12-31 Charities and Politics in Bashar al Asad's Syria analyses the renewal and revival of the role of Syrian charities during Bashar al Asad's first ten years in power 2000-2010 in order to understand the political engineering deployed by the Syrian regime in the decade prior to the uprising Based on extensive ethnographic fieldwork undertaken between 2007 and 2010 as well as on more than fifty interviews and other secondary sources this book is the first comprehensive study of the country's poorly known sector of associations and charitable organisations at the beginning of the 21st century It provides first hand accounts of crucial issues that did not receive scholarly attention before the uprising such as the shift in state society relations the opening of the civic arena the partial outsourcing of welfare provision and social responsibilities and eventually the unravelling of the old social contract which the protest movement dramatically brought to the forefront in 2011 By carrying out a unique analysis of the management of civil society by state institutions and the First Lady's government operated NGOs it also provides keys to understanding both the resilience of Bashar al Asad's authoritarian regime in the 2000s and the simultaneous weakening of its credibility amongst the population

**Refugees, Civil Society and the State** Ludger Pries, 2018-04-27 Ludger Pries explores the important moral social and political challenge facing Europe and the international community the protection of refugees as one of the most vulnerable groups on the planet

Civil Society in the Middle East, Volume 1 Norton, 2022-04-11 Launched in

1992 the Civil Society in the Middle East program has brought together dozens of leading scholars to analyze political life through an exploration of civil society within the states of the region This is the first of two volumes to be published by Brill it contains original studies of Egypt Jordan Kuwait Syria Tunisia the West Bank and Gaza as well as the prospects for democratization in the Arab world the consequences of economic liberalization and contemporary Islamic thought on civil society and democracy This first volume offers a wealth of new material on unions political parties and professional syndicates and other components of civil society as the authors weigh the prospects for political reform in the Middle East and provide readable yet richly informed assessments of state society relations *Civil Society: Oxford Bibliographies Online Research Guide* Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In Islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Islamic Studies a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www aboutobo com](http://www.aboutobo.com) Fostering Pluralism through Solidarity Activism in Europe Feyzi Baban,Kim Rygiel,2020-11-04 This edited collection brings together academics artists and members of civil society organizations to engage in a discussion about the ideas of living with others through concepts such as cosmopolitanism solidarity and conviviality and the practices of doing so In recent years right wing and populist movements have emerged and strengthened across Europe and North America rejecting the value of cultural ethnic and religious plurality Governments in Europe and North America are weakening their commitment to the international refugee regime erecting new barriers to entry Even as governments fail to accommodate growing pluralism however civil society initiatives have emerged with the aim of welcoming newcomers such as migrants and refugees and finding alternative ways of living together in diverse societies Motivated by a desire to show solidarity these initiatives demonstrate enormous creativity in fostering pluralism in an environment that has largely become hostile to the arrival of newcomers The contributions gathered here seek to explore such initiatives and the important work that they do in fostering ways of living together with others from diverse cultural and religious backgrounds In focusing

conceptually and empirically on discussions and examples of civil society initiatives this book interrogates why how and under what circumstances are some communities more welcoming than others

**Religion and Civil Society in the Arab World** Tania Haddad, Elie Al Hindy, 2018-06-14 This book examines the links between civil society religion and politics in the Middle East and North Africa region The chapters in the volume explore the role of religion in shaping and changing the public sphere in regions that are developing and or in conflict They also discuss how these relations are reflected on civil society organizations and the role they are expected to play in transitional periods This volume investigates the conceptual dilemmas regarding what is civil society in the Arab world today examines the dynamic roles of civil society organizations and religion in the Middle East and North Africa explores the future of the Arab civil society post Arab Spring events and how the latter continues to reshape the demand for democracy in the region A comprehensive study of how the Arab civil society has come into being and its changing roles this eclectic work will be of interest to scholars and researchers of politics especially political Islam international relations Middle East Studies African Studies sociology and social anthropology

**Syria** Raymond A. Hinnebusch, 2002

**Resourceful Civil Society** Zhanna Kravchenko, Lisa Kings, Katarzyna Jezierska, 2022-06-07 This open access book examines how civil society organizations in Poland Russia and Sweden react to transformations of opportunities and limitations in access to various forms of resources The volume's contributions discuss the constraints associated with different types of resources as well as organizations capacities to generate resources or compensate for their lack as they negotiate and contest barriers The resourcefulness of civil society is revealed to be rooted in a variety of capabilities converting resources eliciting organizational change and metamorphosing in response to organizational and environmental development

*Civil Society in the Global South* Palash Kamruzzaman, 2018-12-07 In recent years civil society has been seen as a key route for democracy promotion and solving development problems in low income countries However the very concept of civil society is deeply rooted in European traditions and values In pursuing civil society reform in non Western countries many scholars along with well meaning international agencies and donor organisations fail to account for non Western values and historical experiences Civil Society in the Global South seeks to redress this balance by offering diverse accounts of civil society from the global South authored by scholars and researchers who are reflecting on their observations of civil society in their own countries The countries studied in the volume range from across Africa Latin America Asia and the Middle East to give a rich account of how countries from the global south conceptualise and construct civil society The book demonstrates how local conditions are often unsuited to the ideal type of civil society as delineated in Western values for instance in cases where numerous political racial and ethnic sub groups are fighting for autonomy By disentangling local contexts of countries from across the global South this book demonstrates that it is important to view civil society through the lens of local conditions rather than viewing it as something that needs to be discovered or manufactured in non Western societies Civil Society in the Global South will be particularly useful to high level

students and scholars within development studies sociology anthropology social policy politics international relations and human geography

**Sectarianism and Civil War in Syria** Raymond Hinnebusch, Morten Valbjørn, 2025-04-14 As an epicentre of sectarian conflict before and after the Arab uprising Syria provides an excellent laboratory for the study of sectarianization This book compares variance in Syria's sectarianism over time and across place to expose its causes and its varying impact on Syria's society and polity The book begins with an introductory chapter examining key approaches to and debates over sectarianism in Syria from which a framework of analysis is derived Subsequent empirical chapters are divided into two sections Several chapters examine key aspects of sectarianism at the national level looking at the interaction of sectarianism and state formation over the long term the internal evolution of sectarianization during the uprising the impact of the regional power struggle on Syria's sectarianization and whether sectarianism was institutionalized by civil war governance in both regime and opposition controlled areas A second set of chapters looks at sectarianism in Syria's different cities regions and communities notably in Damascus Homs Hama Aleppo Idlib the Alawi coast and the Druze and Christian communities The concluding chapter makes use of the analytical framework to systematically compare the evidence from the empirical cases in order to identify regularities Providing nuanced insights into the Syrian case whilst informing broader theoretical discussions of sectarianism this book will appeal to students researchers and general readers interested in Middle Eastern politics and political science generally

*Inheriting Syria* Flynt Leverett, 2005-04-15 A detailed analytic portrait of Syria under the Asad dynasty offering a new strategy for achieving American foreign policy and security objectives in the Middle East largely independent of the Arab Israeli peace process Provided by publisher

*Syria after the Uprisings* Joseph Daher, 2019-06-20 Syria has been at the centre of world news since 2011 following the beginnings of a popular uprising in the country and its subsequent violent repression Eight years on Joseph Daher analyses the resilience of the regime and the failings of the uprising while also taking a closer look at the counter revolutionary processes that have been undermining the uprising from without and within Through a sharp reconstruction of the key historical developments Daher focuses on the reasons behind the transition of a peaceful uprising into a destructive war with multiple regional and international actors He argues that other approaches have so far neglected a global analysis of the conflict's economic social and political characteristics He also shows that it is impossible to understand the Syrian uprising without a historical perspective dating back to the seizure of power by Hafez al Assad in 1970 A result of years of research and discussions with activists students members of political parties and Syrian academics this book will be the go to analysis of Syria for years to come

Turkey-Syria Relations Özlem Tür, 2016-02-17 In 1997 Turkey and Syria were on the brink of war engaged in a very real power struggle Turkey was aligned with Syria's main enemy Israel and there were seemingly intractable differences on the issues of borders the sharing of river waters and trans border communities In less than a decade relations were transformed from enmity to amity Border issues and water sharing quarrels were moving towards amicable settlement and the two states

policies toward the Kurdish issue converging Turkey undertook to mediate the Syrian Israeli conflict and close political and economic relations were developing rapidly between the two states Yet with the Syrian Uprising relations returned to enmity What explains these remarkable changes Given that Turkey and Syria are two pivotal states in the region what are the implications of this changing relationship for the international politics of the Middle East the balance of power and regional stability In this internationally collaborative work co edited by Raymond Hinnebusch and Zlem T r British Syrian and Turkish scholars address these questions and examine the various domestic and international drivers in this key regional relationship They discuss what theories best help us understand these seismic realignments and explore the impact of economic interdependence identity changes and power balances on the evolving relationship between these two key regional powers

*Adaptable Autocrats* Joshua Stacher, 2012-04-25 The decades long resilience of Middle Eastern regimes meant that few anticipated the 2011 Arab Spring But from the seemingly rapid leadership turnovers in Tunisia and Egypt to the protracted stalemates in Yemen and Syria there remains a common outcome ongoing control of the ruling regimes While some analysts and media outlets rush to look for democratic breakthroughs autocratic continuity not wide ranging political change remains the hallmark of the region's upheaval Contrasting Egypt and Syria Joshua Stacher examines how executive power is structured in each country to show how these preexisting power configurations shaped the uprisings and in turn the outcomes Presidential power in Egypt was centralized Even as Mubarak was forced to relinquish the presidency military generals from the regime were charged with leading the transition The course of the Syrian uprising reveals a key difference the decentralized character of Syrian politics Only time will tell if Asad will survive in office but for now the regime continues to unify around him While debates about election timetables new laws and the constitution have come about in Egypt bloody street confrontations continue to define Syrian politics the differences in authoritarian rule could not be more stark Political structures elite alliances state institutions and governing practices are seldom swept away entirely even following successful revolutions so it is vital to examine the various contexts for regime survival Elections protests and political struggles will continue to define the region in the upcoming years Examining the lead up to the Egyptian and Syrian uprisings helps us unlock the complexity behind the protests and transitions Without this understanding we lack a roadmap to make sense of the Middle East's most important political moment in decades

*Activism and Authoritarian Governance in Asia* Amy Barrow, Sara Fuller, 2022-09-30 This interdisciplinary book offers a new analysis of the concepts spaces and practices of activism that emerge under diverse authoritarian modes of governance in Asia Demonstrating the limitations of existing conceptual approaches in accounting for activism in Asia the book also offers new understandings of authoritarian governance practices and how these shape state civil society relations In conjunction with its tripartite theoretical framework the book presents regional knowledge from an array of countries in Asia with empirically rich contributions from both scholars and activists Through in depth case studies the book offers new scholarly insights that highlight the ways in which

activism emerges and is contested across Asia As such it will be of interest to students and scholars of Asian politics law and sociology

**The Oxford Handbook of the Sociology of the Middle East** Armando Salvatore, Sārī Ḥanafī, Kieko Obuse, 2022 The Oxford Handbook of the Sociology of the Middle East integrates the study of the social dynamics in the Middle East within history culture and politics The volume transcends a purely regional perspective to investigate the global nature of these dynamics and their impact on the life of people in the region It provides a comprehensive perspective in connecting the vexed state society relations in the region with movements of transformation and the affirmation of rights and creativity in the public arenas

**Area Studies and Social Science** Mark Tessler, Jodi Nachtwey, Anne Banda, 1999-05-22 The volume edited by Mark Tessler addresses a set of critical issues confronting all social scientists whose field of inquiry is extra American Tessler and his contributors succeed admirably in their goal American Historical Review How should scholars construct knowledge about politics economics and international relations in major world regions According to the contributors to this lively volume the conflicting approaches of regional specialists and discipline oriented social scientists must be combined to provide a firm foundation for studying the contemporary politics of the Middle East Contributors are Lisa Anderson Anne Banda Laurie A Brand Laura Zittrain Eisenberg John P Entelis Clement M Henry Magda Kandil Baghat Korany Jodi Nachtwey Augustus Richard Norton and Mark Tessler
