Watching My Wife in Jamaica Victoria Kasari, 2014-08-13 36 000 words alternate ending male point of view Adults only I didn't mean to start showing off my wife But the way the local men stared at her undressing her with their eyes I couldn't help it I was overjoyed when she went along with my game pretending to be single and flirting with the local men All my fantasies were coming true But when we met Jaric everything changed He wasn't satisfied with just looking and flirting He wanted to take her body to the limits of pleasure right in front of me while she was fertile and unprotected The question was how far would I let her go **Jamaica as it is** B. My Green Hills of Jamaica Claude McKay, 1979 *Jamaica As It Is, 1903* Bessie Pullen-Burry, Mandeville 1st January 1903 Our horizon is not limited by the things of time The expectation we entertain of a future life tends to make us view things in their true proportion These sentences were uttered last Sunday morning by the Assistant Bishop of Jamaica at the Parish Church of the little inland town of Mandeville of which he is also Rector The occasion which called forth his eloquent sermon upon the future life was the death of Dr Temple the late Archbishop of Canterbury The choice and scholarly English spoken by the Bishop together with the breadth of thought which characterised his views riveted my attention Looking round at the mixed congregation of whites and blacks I noted that the preacher had equally gained the attention of the dusky worshippers I wondered how much they understood of what he said and what they really looked for in the life to come for the creed must be simple if these grown up children are to learn and digest it I am told that a place where golden crowns will be placed upon their heads harps in their hands if they behave properly appeals to their imagination as do white robes to their sense of what constitutes decorous clothing for so great an occasion One can also imagine that the old fashioned doctrine of hell fire would not be without efficacy as a check upon the habits of the black when he inclines to revert to his former type Although the negro is naturally argumentative and litigious it will be many years before his brain adapts itself to the study of the deep things of theological casuistry One could scarcely expect him to grapple with the subtleties of the thirty nine Articles or as I have irreverently heard them called the forty stripes save one in his present evolutionary state of development My lot having fallen to me in a house overrun with Americans the dignified language of that morning s sermon and the sonorous tones of the preacher had come as balm to my afflicted ears If the virility energy and business capacities of our friends across the Atlantic are of world wide fame so honesty compels me to say are their bragging and their boasting When one is the only Briton amongst a crowd of Yankees the discordant nasal voices in which they discuss food and dollars from morning till night is apt to get on one s nerves However I did not come to Jamaica to write about Americans I am glad they visit this island in search of health and bring their much prized dollars with them for

the good of the Commonwealth Two months have scarcely passed since I left my native shores Hosts of new experiences fresh sensations and interests have filled up the intervening weeks I had intended to write a diary instead I have made some progress down that path which is said to be paved with good intentions They say of the natives of these latitudes that they were born tired grew up tired and have been tired ever since I cannot truthfully say that of myself although the enervating climate tries the strongest when they feel tropical heat for the first time Energies which were rampant in the temperate zone find the end of their tether very soon under Jamaican skies Perhaps this is why the island is said to be beneficial to persons suffering from overdone nerves They must rest in the middle of the day the heat is too great for any real exertion I have not had much time to take notes but as I propose staying four weeks in this quiet spot I intend to gather together the mental fragments at present lying scattered about in that organ which for want of better knowledge I designate my brain pan and piece them together into something which may be of use to people contemplating a visit to Jamaica And I cannot help thinking if it were more generally known in England how easy it is to take such a trip and how much there is to reward one for the trouble many persons would be only too desirous of becoming acquainted with this lovely island When I told friends that I intended to visit Jamaica this winter I was amused at the hazy notion prevailing even amongst the well educated not only as to its geographical position but regarding life in general as it is lived out here One lady said to me I call it flying in the face of Providence to go so near those horrid volcanoes I meekly explained that Jamaica lay several hundred miles away but she went on to say Well I read in the papers the other day that an American geologist says that the Pel e catastrophe is only the beginning of the end Sooner or later all the West Indies will go There is no doubt that this feeling exists in some circles in England and I think the sooner accurate knowledge replaces panic stricken ignorance the better will it be for the colonists here and for English people obliged to escape from the rigours of a northern winter

From New Mills to New Life Joshua Spencer, 2009-10-28 In this scintillating heart wrenching and tear eliciting autobiography From New Mills to New Life Joshua Spencer shares his extraordinary experiences from birth to his fiftieth year It starts in Albion Montego Bay where the author was born but where he spent the least of his life of half of a century It then extends to several other areas of his native land but finds as its pivot a small impoverished district known as New Mills where he spent much time in a little shamble he called home with his grandmother A home that lacked the basic facilities and necessities such as electricity and water From New Mills to New Life radiates back and forth to its pivot but in an orderly sequential fashion until it culminates in Canada It exposes all the challenges and successes that the author experiences in both jurisdictions including family challenges being on the verge of bankruptcy and so on It describes quite liberally his weaknesses and his strengths those challenges he conquers and those he approaches optimistically in the future You will cry intermittently laugh regularly and even get deeply saddened sporadically as you share in this masterpiece From New Mills to New Life

[Women in Jamaican Music](#) Heather Augustyn,2020-06-09 As the ubiquitous Jamaican musician Bob Marley once famously sang half the story has never been told This rings particularly true for the little known women in Jamaican music who comprise significantly less than half of the Caribbean nation s musical landscape This book covers the female contribution to Jamaican music and its subgenres through dozens of interviews with vocalists instrumentalists bandleaders producers deejays and supporters of the arts Relegated to marginalized spaces these pioneering women fought for their claim to the spotlight amid oppressive conditions to help create and shape Jamaica s musical heritage **An Ocean Free Lance** William Clark Russell,1896 **The Spooky Smart - Watch** Deepak Singh,2017-11-30 Axel a fun loving boy who likes to read fantasy stories and always wish for magical powers His classmates makes fun of him and so he usually gets disturbed Life changing moment comes when his friend gifts him a present What is in the present and how he will use it If you want to know the Mystery behind the present then Go Find It **Apalachee** Joyce Rockwood Hudson,2012-06-01 This powerful novel tells the story of Hinachuba Lucia a Native American wise woman caught in the rapidly changing world of the early colonial South With compelling drama and historical accuracy Apalachee portrays the decimation of the Indian mission culture of Spanish Florida by English Carolina during Queen Anne s war at the beginning of the eighteenth century and also portrays the little known institution of Indian slavery in colonial America The novel recounts the beginnings of the colony of South Carolina and the struggle between the colonists and the Indians who were at first trading partners bartering deerskins and Indian slaves

for guns and cloth and then enemies in the Yamasee War of 1715 When the novel opens Spanish missionaries have settled in the Apalachee homeland on what is now the eastern Florida panhandle ravaging the native population with disease and altering its culture with Christianity Despite these changes the Apalachees maintain an uneasy coexistence with the friars Everything changes when English soldiers and their Indian allies from the colony of Carolina invade Spanish Florida After being driven from her Apalachee homeland by the English Lucia is captured by Creek Indians and sold into slavery in Carolina where she becomes a house slave at Fairmeadow a turpentine plantation near Charles Town Her beloved husband Carlos is left behind free but helpless to get Lucia back Swept by intricate and inexorable currents Lucia s fate is interwoven with those of Juan de Villalva a Spanish mission priest and Isaac Bull an Englishman in search of fortune in the New World As the three lives unfold the reader is drawn into a morally complex world where cultures meet and often clash Both major and minor characters come alive in Hudson s hands but none so memorably as the wise woman Lucia beautiful aristocratic and strong Informed by the author s extensive research Apalachee is an ambitious compelling novel that tells us as much about the ethnic and social diversity of the southern colonies as it does about the human heart **Belonging in Brixton** Audrey

Allwood,2020-11-19 This volume provides a unique perspective on elderly working class West Indian migrants in the UK particularly examining how they negotiate their sense of belonging Utilizing the life span gaze and including elements of oral history and narrative this ethnography provides rich insight into the ordinary lives migratory circumstances social networks and interactions with the state as residents in a sheltered housing scheme in Brixton London The author further compiles a variety of genealogy charts providing a uniquely vivid scholarly analysis of the Caribbean migrant experience both in a place and through space and time Ultimately this work contemplates how communities face change whilst at once developing a local symbolic cultural site navigating adaptation to new economic and social environments **Deported** Tanya Maria

leads to deindustrialization decline in urban communities and consequently heavy policing Many immigrants are exposed to the same racial profiling and policing as native born blacks and Latinos Unlike the native born though when immigrants enter the criminal justice system deportation is often their only way out Ultimately Golash Boza argues that deportation has become a state strategy of social control both in the United States and in the many countries that receive deportees
