Coaching in the Classroom Linda L. Hopper Ph.D., 2024-08-18 Coaching has become mainstream in today's society You can hire a coach for sports training sorting out your finances making career decisions or in relationships Why then don't we have more coaching in education Linda Hopper took her 20 years of experience in business and coaching into the classroom to figure out how any teacher desiring more empowerment for students and teachers could become a teacher coach Knowing that teachers have precious little time Linda shares how she used Lesson Bites mini lessons in as little as 20 to 50 minutes a week to coach middle and high school students integrating principles of positive psychology and social emotional learning With a change in focus teacher coaches empower students with the mindsets tools and strategies to design a more meaningful life of well being bringing more relevance to learning in the classroom Despite being outdated the education system today still uses a one size fits all approach to learning that expects all students learn the same way and then evaluates progress only through standardized testing The good news is that teachers have the power to mitigate this obsolete method Through coaching educators can help students and themselves design lives that bring more joy a creative use of abilities and strengths and greater freedom from stress Linda Hopper PhD relies on over three decades of experience in business education coaching

and as a parent to share insights into how the empowerment method of coaching fits into education and why teachers need to coach emotions first followed by information about the three key areas of personal development for students lesson bites from her toolbox and other resources that help educators coach students to attain better well being Through her guidance teachers will learn how to shift their perspective and empower students with the mindsets tools and strategies to create a life of purpose and meaning while bringing more relevance to learning in the classroom In this practical guide an experienced educator coach and parent offers ways to bring a greater awareness of well being into the classroom through coaching that benefits both teachers and students

Radical Recovery Kelly,2012-12-20 In reading this book you will discover that you are much more powerful than your addiction much more powerful than the obsessive thoughts compulsive feelings and physical cravings that create so much pain and suffering in your life and the lives of those you love You will learn that there is no future in addiction just a regrettable past that keeps repeating itself over and over again You will cut through the recovery myths that result in an endless cycle of relapses It can inspire and motivate you to reach deep inside yourself and awaken the extraordinary powers that nature has bestowed on you as it guides you through a process that transforms cravings for alcohol or drugs into cravings for courage freedom honesty integrity humility and peace According to HBO s documentary Rehab of the 2 million people who seek treatment each year in the United States 1 840 000 will relapse within twelve months some the first day That s a 92 percent failure rate This is a national disgrace THE ANTIDOTE FOR ADDICTION With more than thirty five years of continuous sobriety Kelly presents not a cure but a powerful antidote for addiction something that counteracts or relieves a harmful or unwanted condition
