

Saving Private Brian

Nicole LaPorte

Saving Private Brian:

Family Guy , Armed Forces Robert Eberwein,2007-06-13 In war films the portrayal of deep friendships between men is commonplace Given the sexually anxious nature of the American imagination such bonds are often interpreted as carrying a homoerotic subtext In *Armed Forces* Robert Eberwein argues that an expanded conception of masculinity and sexuality is necessary in order to understand more fully the intricacy of these intense and emotional human relationships Drawing on a range of examples from silent films such as *What Price Glory* and *Wings* to sound era works like *The Deer Hunter* *Platoon* *Three Kings* and *Pearl Harbor* he shows how close readings of war films particularly in relation to their cultural contexts demonstrate that depictions of heterosexual love including those in romantic triangles actually help to define and clarify the nonsexual nature of male love The book also explores the problematic aspects of masculinity and sexuality when threatened by wounds as in *The Best Years of Our Lives* and considers the complex and persistent analogy between weapons and the male body as in *Full Metal Jacket* and *Saving Private Ryan*

Masculinity in Fiction and Film Brian Baker,2006-04-09 This book looks at a wide range of fiction and film texts from the 1950s to the present in order to analyse the ways in which masculinity has been represented in popular culture in Britain and the United States It covers numerous genres including spy fiction science fiction the Western and police thrillers Each chapter focuses on key forms of masculinity found in each genre such as the double agent the rogue cop and the citizen soldier Brian Baker takes a broad contextual approach placing a detailed discussion of key texts and issues concerning masculinity in their historical and cultural context Written in a clear accessible way it explores the changing representation of men over the last fifty years

The Men Who Would Be King Nicole LaPorte,2010-05-04 The definitive history of the studio created by the larger than life team of Spielberg Geffen and Katzenberg Los Angeles Times For sixty years since the birth of United Artists the studio landscape was unchanged Then came Hollywood s Circus Maximus created by director Steven Spielberg billionaire David Geffen and Jeffrey Katzenberg who gave the world *The Lion King* an entertainment empire called DreamWorks Now Nicole LaPorte who covered the company for Variety goes behind the hype to reveal for the first time the delicious truth of what happened Readers will feel they are part of the creative calamities of moviemaking as LaPorte s fly on the wall detail shows us Hollywood s bizarre rules of business We see the clashes between the often otherworldly Spielberg s troops and Katzenberg s warriors the debacles and disasters but also the Oscar winning triumphs including *Saving Private Ryan* We watch as the studio burns through billions of dollars its rich owners get richer and everybody else suffers LaPorte displays Geffen seducing investors like Microsoft s Paul Allen showing his steel against CAA s Michael Ovitz and staging fireworks during negotiations with Paramount and Disney Here is a blockbuster behind the scenes Hollywood story up close glamorous and gritty

Mr. Mikey's Video Views; Volume One J. Michael Dlugos,2000 Mr Mikey s *Video Views* started as a response to the three line reviews found in most review guides and the self serving and exceedingly picky reviews written by

most popular critics Mr Mikey is a movie lover and has fun and enjoys virtually every movie he sees His reviews reflect this love of movies

Destructive Sublime Tanine Allison, 2018-06-25 The American popular imagination has long portrayed World War II as the good war fought by the greatest generation for the sake of freedom and democracy Yet combat films and other war media complicate this conventional view by indulging in explosive displays of spectacular violence Combat sequences Tanine Allison argues construct a counter narrative of World War II by reminding viewers of the war's harsh brutality Destructive Sublime traces a new aesthetic history of the World War II combat genre by looking back at it through the lens of contemporary video games like Call of Duty Allison locates some of video games glorification of violence disruptive audiovisual style and bodily sensation in even the most canonical and seemingly conservative films of the genre In a series of case studies spanning more than seventy years from wartime documentaries like The Battle of San Pietro to fictional reenactments like The Longest Day and Saving Private Ryan to combat video games like Medal of Honor this book reveals how the genre's aesthetic forms reflect and influence how American culture conceives of war nation and representation itself

Headquarters Intercom United States. Federal Aviation Administration, 1998-08

Reel Vulnerability Sarah Hagelin, 2013-07-25 Wonder women G I Janes and vampire slayers increasingly populate the American cultural landscape What do these figures mean in the American cultural imagination What can they tell us about the female body in action or in pain Reel Vulnerability explores the way American popular culture thinks about vulnerability arguing that our culture and our scholarship remain stubbornly invested in the myth of the helplessness of the female body The book examines the shifting constructions of vulnerability in the wake of the cultural upheavals of World War II the Cold War and 9 11 placing defenseless male bodies onscreen alongside representations of the female body in the military in the interrogation room and on the margins Sarah Hagelin challenges the ways film theory and cultural studies confuse vulnerability and femaleness Such films as G I Jane and Saving Private Ryan as well as such post 9 11 television shows as Battlestar Galactica and Deadwood present vulnerable men who demand our sympathy abused women who don't want our pity and images of the body in pain that do not portray weakness Hagelin's intent is to help scholarship catch up to the new iconographies emerging in theaters and in living rooms images that offer viewers reactions to the suffering body beyond pity identification with the bleeding body beyond masochism and feminist images of the female body where we least expect to find them

Prologue, 2013

Classical Myth and Culture in the Cinema Martin M. Winkler, 2001-06-21 Classical Myth and Culture in the Cinema is a collection of essays presenting a variety of approaches to films set in ancient Greece and Rome and to films that reflect archetypal features of classical literature The diversity of content and theoretical stances found in this volume will make it required reading for scholars and students interested in interdisciplinary approaches to text and image and for anyone interested in the presence of Greece and Rome in modern popular culture

Schuld und Sühne? 2, 2016-09-12 Der Beginn des Zweiten Weltkrieges liegt mehr als 50 Jahre zurück Bis heute haben aber die Fragen mit denen dieses katastrophale

Ereignis alle Deutschen konfrontiert nicht an Bedeutung und Aktualität verloren Vielmehr fordert das öffentliche Gedächtnis mit jedem Generationswechsel neue Bilder von diesem Krieg Im Rückblick auf den Zeitraum seit 1945 ist sich ein Zyklus von Erinnern Verstummen und erneutem Erinnern ausmachen der bereits dreifach durchlaufen worden ist Insofern ist der Umgang mit dem Thema in den deutschen Medien gleich nach Kriegsende auch für die Gegenwart aufschlussreich Deutungen und Formen des Gedenkens die heute praktiziert werden haben selber inzwischen eine Geschichte Mehrfach glaubte man bereits in beiden Teilen Deutschlands da die Schuldfrage gelöst sei und die Kriegserfahrung bewältigt Jedesmal stellte sich heraus da die Deutschen noch immer in der Schuld sind nicht nur aus der Perspektive ihrer europäischen Nachbarn Die Beiträge in diesem Band gehen auf den Anfang eines un abgeschlossenen Prozesses zurück Die Befragung gilt nicht den Menschen sondern den Medien Gefragt wird wie in der Literatur in der Presse im Fernsehen und Film in den 40er und 50er Jahren mit dem Krieg umgegangen worden ist welche Bilder davon die Literatur die Presse Fernsehen Film und Hörspiel anzubieten hatten und welche Tendenzen sich dabei in den beiden deutschen Staaten in Österreich Polen und Frankreich nachweisen lassen Eine Reflexion auf die neunziger Jahre macht das Thema spannend denn dadurch wird den Bildern vom Krieg die im wiedervereinigten Deutschland im Umlauf sind ihr Ort im Zyklus zugewiesen Ein Beitrag zur wiederentstandenen

Orientierung **The Neuro-Image** Patricia Pisters, 2012-07-11 Arguing that today's viewers move through a character's brain instead of looking through his or her eyes or mental landscape this book approaches twenty-first century globalized cinema through the concept of the neuro image Pisters explains why this concept has emerged now and she elaborates its threefold nature through research from three domains Deleuzian schizoanalytic philosophy digital networked screen culture and neuroscientific research These domains return in the book's tripartite structure Part One on the brain as neuroscreen suggests rich connections between film theory mental illness and cognitive neuroscience Part Two explores neuro images from a philosophical perspective paying close attention to their ontological epistemological and aesthetic dimensions Political and ethical aspects of the neuro image are discussed in Part Three Topics covered along the way include the omnipresence of surveillance the blurring of the false and the real and the affective powers of the neo baroque and the use of neuro images in politics historical memory and war

Teachers, Teaching, and Media, 2019-06-24 Popular representations of teachers and teaching are easy to take for granted precisely because they are so accessible and pervasive Our lives are intertextual in the way lived experiences overlap with the stories of others presented to us through mass media It is this set of connected narratives that we bring into classrooms and into discussions of educational policy In this day and time with public education under siege by forces eager to deprofessionalize teaching and transfer public funds to benefit private enterprises we ignore the dominant discourse about education and the patterns of representation that typify educator characters at our peril This edited volume offers a fresh take on educator characters in popular culture and also includes important essays about media texts that have not been addressed adequately in the literature previously The 15 chapters cover diverse forms from literary

classics to iconic teacher movies to popular television to rock n roll Topics explored include pedagogy through the lenses of gender sexuality race disability politics narrative archetypes curriculum teaching strategies and liberatory praxis The various perspectives represented in this volume come from scholars and practitioners of education at all levels of schooling This book is especially timely in an era when public education in the United States is under assault from conservative political forces and undervalued by the general public Contributors are Steve Benton Naeemah Clark Kristy Liles Crawley Elizabeth Currin Mary M Dalton Jill Ewing Flynn Chad E Harris Gary Kenton Mark A Lewis Ian Parker Renga Stephanie Schroeder Roslin Smith Jeff Spanke and Andrew Wirth *Focus On: 100 Most Popular English-language Film Directors* Wikipedia

contributors, **A Companion to Steven Spielberg** Nigel Morris, 2017-01-30 A Companion to Steven Spielberg provides an authoritative collection of essays exploring the achievements and legacy of one of the most influential film directors of the modern era Offers comprehensive coverage of Spielberg s directorial output from early works including *Duel* *The Sugarland Express* and *Jaws* to recent films Explores Spielberg s contribution to the development of visual effects and computer games as well as the critical and popular reception of his films Topics include in depth analyses of Spielberg s themes style and filming techniques commercial and cultural significance of the Spielberg brand and his parallel career as a producer and collaborative projects with artists and composers Brings together an international team of renowned scholars and emergent voices balancing multiple perspectives and critical approaches Creates a timely and illuminating resource which acknowledges the ambiguity and complexity of Spielberg s work and reflects its increasing importance to film scholarship

Projecting Politics Elizabeth Haas, Terry Christensen, Peter J. Haas, 2015-04-10 The new edition of this influential work updates and expands the scope of the original including more sustained analyses of individual films from *The Birth of a Nation* to *The Wolf of Wall Street* An interdisciplinary exploration of the relationship between American politics and popular films of all kinds including comedy science fiction melodrama and action adventure *Projecting Politics* offers original approaches to determining the political contours of films and to connecting cinematic language to political messaging A new chapter covering 2000 to 2013 updates the decade by decade look at the Washington Hollywood nexus with special areas of focus including the post 9 11 increase in political films the rise of political war films and films about the 2008 economic recession The new edition also considers recent developments such as the Citizens United Supreme Court decision the controversy sparked by the film *Zero Dark Thirty* newer generation actor activists and the effects of shifting industrial financing structures on political content A new chapter addresses the resurgence of the disaster apocalyptic film genre with particular attention paid to its themes of political nostalgia and the turn to global settings and audiences Updated and expanded chapters on nonfiction film and advocacy documentaries the politics of race and African American film and women and gender in political films round out this expansive timely new work A companion website offers two additional appendices and further materials for those using the book in class **Violence and American Cinema** J. David Slocum, 2013-09-13

American cinema has always been violent and never more so than now exploding heads buses that blow up if they stop racial attacks and general mayhem From slapstick s comic violence to film noir from silent cinema to Tarantino violence has been an integral part of America on screen This new volume in a successful series analyzes violence examining its nature its effects and its cinematic and social meaning

Combat Films Steven Jay Rubin,2011-07-25 This critical text offers a behind the scenes look at fifteen of the most important American war films of the last 60 years Based on original interviews and archival research and featuring rare photographs this book covers films considered unusually realistic for the genre The original edition 1981 covered war films through World War II while the present expanded edition includes seven new chapters covering the Civil War the American gunboat presence in China in the 1920s the Korean War the Vietnam War the fighting in Mogadishu in 1993 and the war in Iraq

Mission Unaccomplished Alan Nadel,2025-10-07 An analysis of how post 9 11 war movies changed from following soldiers on specific missions to chronicling war as a day to day occupation In 2003 the United States began a war in Iraq without a mission Instead of fighting to restore peace the traditional objective of warfare servicemembers faced the grim reality that there was no goal Lacking even certainty as to who was the enemy soldiers discovered that their task was simply to survive Mission Unaccomplished explores how Hollywood grasped the experience of Iraq from the perspective of US soldiers reinventing the war film in the process Historically films such as Saving Private Ryan valorized the goals of war by chronicling missions that unambiguously contribute to the defeat of the enemy and the restoration of peace But in The Hurt Locker American Sniper Green Zone and other recent dramas soldiers just try to outlast the chaos Dramatizing the aimlessness of the war events occur in random order and soldiers have no sense of how their actions contribute to victory or peace Looking to recent WWII movies such as Dunkirk and Hacksaw Ridge which use this same cinematic vocabulary to position soldiering as merely a deadly job to be endured Alan Nadel argues that the disillusionment of Iraq has influenced cinema broadly inspiring a newly critical war film genre

Programming for TV, Radio, and the Internet Philippe Perebinosoff,Brian Gross,Lynne S. Gross,2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company
