The Publishers' Circular and General Record of British and Foreign Literature ,1851 To Save the Country Francis Lieber, Will Smiley, G. Norman Lieber, John Fabian Witt, 2019-07-23 A Civil War era treatise addressing the power of governments in moments of emergency The last work of Abraham Lincoln's law of war expert Francis Lieber was long considered lost until Will Smiley and John Fabian Witt discovered it in the National Archives Lieber's manuscript on emergency powers and martial law addresses important contemporary debates in law and political philosophy and stands as a significant historical discovery As a key legal advisor to the Lincoln White House Columbia College professor Francis Lieber was one of the architects and defenders of Lincoln's most famous uses of emergency powers during the Civil War Lieber's work laid the foundation for rules now accepted worldwide In the years after the war Lieber and his son turned their attention to the question of emergency powers The Liebers treatise addresses a vital question as prominent since 9/11 as it was in Lieber's lifetime how much power should the government have in a crisis The Liebers present a theory that aims to preserve legal restraint while giving the executive necessary freedom of action Smiley and Witt have written a lucid introduction that explains how this manuscript is a key discovery in two ways both as a historical document and as an important contribution to the current debate over emergency powers in constitutional democracies **The Publishers'**

Dr. George G. Hunter III,2011-11-01 Celtic Christianity the form of Christian faith that flourished among the people of Ireland during the Middle Ages has gained a great deal of attention lately George G Hunter III points out that while the attention paid to the Celtic Christians is well deserved much of it fails to recognize the true genius of this ancient form of Christianity What many contemporary Christians do not realize is that Celtic Christianity was one of the most successfully evangelistic branches of the church in history The Celtic church converted Ireland from paganism to Christianity in a remarkably short period and then proceeded to send missionaries throughout Europe North America is today in the same situation as the environment in which the early Celtic preachers found their mission fields unfamiliar with the Christian message yet spiritually seeking and open to a vibrant new faith If we are to spread the gospel in this culture of secular seekers we would do well to learn from the Celts Their ability to work with the beliefs of those they evangelized to adapt worship and church life to the indigenous patterns they encountered remains unparalleled in Christian history If we are to succeed in reaching the West again then we must begin by learning from these powerful witnesses to the saving love of Jesus Christ This classic book on the power of indigenous evangelism has been thoroughly revised and updated proving once again how much these ancient Christians have to teach anyone who seeks to spread the word of the gospel **The Jest Book the Choicest Anecdotes and Savings Selected and Arranged by Mark Lemon ,1865** American Artist Ernest William Watson,Arthur Leighton Guptill,1975 **Gaelic Prose in the Irish Free State** Philip O'Leary,2010-07-01 This is an authoritative account of the a major but neglected aspect of the Irish cultural renaissance prose literature of the Gaelic Revival The period following the War of Independence and Civil War saw an outpouring of book length works in Irish from the state publishing agency An Gum The frequency and production of new plays both original and translated have never been approached since This book investigates all of these works as well as journalism and manuscript material and discusses them in a lively and often humorous manner Publisher description Southern and Western Literary Messenger and Review Edgar Allan Poe,1853 **The British Quarterly Review** Henry Allon,1878 **The British Quarterly Review** ,1878 *The Biographical Treasury.
