No Chains Around My Feet Nomoya M Mahlangu, 2017-11-06 This book closely examines how the enterprise of running mirrors the key facets of life The author draws parallels between running and life so as to enhance the lessons that readers can draw from each of these phenomena Running resembles life and the latter carries a myriad of lessons for the former This book is not about running per se nor is it meant to be an all encompassing self help manual about life though it contains these aspects to a certain degree Such an undertaking would be preposterous in the least You can however draw valuable lessons for personal mastery within organizational societal and familial relationships and other relationship contexts The books purpose is to drive the dual message that invisible chains shackle an unexamined life and that the activity of running competitively or not entails a lot of principles processes guidelines theories and lessons that can apply to everyday life experiences and enhance the human experience Consequently the book is meant for professional and social runners and those who appreciate running from the comfort of their couch remote in hand It explores the seemingly and misleadingly easy exercise of running as a source for profound lessons about the sometimes complex business of living

Historical Parallels, vol 2 (of 3) Arthur Thomas Malkin, 2014-11-26

Example in this ebook CHAPTER VII Upon the expulsion of Hippias the direction of Athenian politics passed into the hands of Cleisthenes son of Megacles the head of the Alcmæonid. He soon found a rival in Isagoras a man of noble extraction whose popularity with the rich and noble preponderated over his own and being in consequence driven to advocate the popular cause and thus recovering the ascendant he introduced several changes tending to make the constitution more democratical. Isagoras sought to regain his advantage by foreign aid and at his suggestion Cleomenes one of the kings of Sparta required the expulsion of the Alcmæonid as an atonement for the sacrilegious murder of Cylon's partisans in which they had been the chief actors. Offensive as such an interference appears the religious feelings of Greece gave weight to the requisition which was besides backed by the whole power of Sparta and in obedience to it Cleisthenes and his chief supporters withdrew. Not content with this the Spartan king went with a small force to Athens and proceeded to banish seven hundred families as concerned in the sacrilege to change the forms of the constitution and place all power in the hands of Isagoras and his friends. But he miscalculated the forbearance of the Athenians. Fearful as they were of a rupture with their powerful rival they flew to arms and besieged Cleomenes in the citadel. On the third day he and his troops surrendered on condition that they should be allowed to depart and Cleisthenes returning reassumed the direction of affairs. His first object was to find some assistance in the war which appeared inevitable and as the Persian empire was now at its height he sent ambassadors to Sardis where the satrap or governor of Lydia resided to request admission to the Persian alliance. The satrap inquired who the Athenians were and where they lived and then scornfully answered that if they would give earth and water to King Darius in token of subjection their request should be granted otherwise they must depart. The ambassadors complied but on returning to Athens they were strongly censured. This was the first public transaction between Greece and Persia. As was expected the Lacedæmonians invaded Attica but the Corinthians refused to support them and this attempt to procure the restoration of Hippias failed. Thus baffled they summoned a meeting of their allies at which the banished chief was invited to be present but here again their views were frustrated by the agency of the Corinthians. Hippias returning to Sigeum went thence to Sardis with the view of persuading the satrap Artaphernes to reduce Athens and replace him in the monarchy under vassalage to the Persian monarch. The Athenians on receiving these tidings sent to request Artaphernes not to listen to their banished subjects but they were met by a peremptory command to receive back Hippias as they wished to be safe. From this time they considered themselves openly at war with Persia. Under these circumstances when an insurrection broke out among the Asiatic Greeks of Ionia and the Athenians readily gave their assistance to the revolters. Twenty ships of theirs with five of the Eretrians joined the Ionian fleet the collective force disembarked at Ephesus marched sixty miles into the interior took Sardis by surprise and burnt it. Returning they were entirely defeated under the

walls of Ephesus and the Athenians then withdrew their ships and took no further part in the war These events took place b c 499 To be continue in this ebook *War* Alfred S Bradford,2014-12-19 Over 2600 years ago the Parian poet Archilochus wrote we chased seven and killed them the thousand of us In all parts of the world and in all civilizations the history of warfare as well as the ironic humour of those who fight and die can be traced back to the earliest records But the vocabulary of modern warfare army military strategy tactics derives from Greek and Latin while metaphors of conflict similarly evoke ancient times Such expressions and phrases as Live by the sword and die by the sword Pyrrhic victory and arms and the man are commonplace and all come from the classical age Wilfred Owen famous soldier of the Great War could write the bitter line the old lie Dulce et decorum est pro patria mori while expecting his readers to understand both Latin and allusion Combining astute analysis of the logistics of conflict with the ethics of war and drawing on a diverse range of cultural texts from the Iliad to Hugo Grotius and von Clausewitz Alfred S Bradford draws fascinating parallels between warfare and battle in ancient and modern societies He shows that despite huge differences in weaponry and firepower the basic principles of warfare have remained unchanged over thousands of years War in the modern age is persistently illuminated by antiquity
