**The Kashmir Conflict** Rakesh Ankit,2016-06-17 This book presents a study of the international dimensions of the Kashmir dispute between India and Pakistan from before its outbreak in October 1947 until the Tashkent

Summit in January 1966 By focusing on Kashmir s under researched transnational dimensions it represents a different approach to this intractable territorial conflict Concentrating on the global context s in which the dispute unfolded it argues that the dispute s evolution was determined by international concerns that existed from before and went beyond the Indian subcontinent Based on new and diverse official and personal papers across four countries the book foregrounds the Kashmir dispute in a twin setting of Decolonisation and the Cold War and investigates the international understanding around it within the imperatives of these two processes In doing so it traces Kashmir s journey from being a residual irritant of the British Indian Empire to becoming a Commonwealth embarrassment and its eventual metamorphosis into a security concern in the Cold War climate s A princely state of exceptional geo strategic location complex religious composition and unique significance in the context of Indian and Pakistani notions of nation and statehood Kashmir also complicated their relations with Britain the United States Soviet Union China the Commonwealth countries and the Afro Arab Asian world This book is of interest to scholars in the field of Asian History Cold War History Decolonisation and South Asian Studies

**India, Pakistan and the Secret Jihad** ,2007 Birth of a Tragedy Alastair Lamb,1994 **Incomplete Partition** Alastair Lamb,2002 Fifty years on the Kashmir dispute between India and Pakistan seems to be no nearer solution than it was in 1947 when the British Indian Empire ended with the partition of the Indian subcontinent Alastair Lamb argues on the basis of research into a great deal of archival and other documentary material that in many ways the Kashmir question was a direct product of the process of partition which in important respects was never completed and any serious attempt at its resolution will inevitably involve a conscious effort to complete that process This book adds a detailed study of the treatment of the Kashmir issue by the United Nations during the course of the year 19348 A concluding chapter considers the events of 1947 and 1948 in the light of the current situation and explores the possibilities for some kind of settlement of the dispute which has so profoundly disrupted relations between India and Pakistan for virtually the whole of their lives as sovereign states

The situation in Kashmir Valley on 27 October 1947 had got out of hand and the administration had collapsed. The raiders numbering in thousands had reached Baramulla in the morning and but for a rag tag force of handful remnants of State forces nothing stood between the fanatics and the helpless population of Kashmir. By then much of Western Kashmir had already been plundered. And it was the day of Eid. And suddenly as if as a response to the prayers of the locals angels started to touch down at the airfield just outside the city of Srinagar. Within next few hours a small force of braves had made contact with the enemy at Baramulla itself. Had there been any delay even of a few hours Srinagar airfield the only link with the outside world would have been lost. Yes it had happened just in the nick of time and Kashmir got saved.
