

# STAR WARRIOR DEATH MARKS

*"Marked from death with cosmic beauty."*

Upon dying, a Star Warrior's soul is imbued with the flow of the cosmos.

Their cosmic body is formed by their soul, fresh with the sensations of their death. The areas they last felt pain are weakened by this, causing their cosmic flow to show through death marks like windows.

Death marks come in many shapes and patterns, unique to the cause of death as seen below. Each death mark can be a unique mix of these, should it represent multiple causes of death at the same time. Many Star Warriors have unique markings as a result of their unique deaths. Though, stardust can be used to conceal these markings at the expense of reducing the output of their cosmic powers.

More traditional Star Warriors gauge one another by their death marks. Death by old age signifies someone who has commendably lived their life to see their dreams through to the end, while the suicide mark's notches indicate one who gave up on their own wishes, and shouldn't be trusted with the wishes of others.
