

Watching a Miracle

When Luna and Venus dance,
Together at dawn,

You and I are looking at a Miracle,
From half a world apart,

Before the sun says goodnight,
To Luna and Venus,
Before the stars are covered with a blanket of blue,

Before the sun says goodnight to a Miracle,
Before the stars shine brightly over you,
It's time for you and me to look and see,

Our Miracle,
Our dream,

As the Sun says goodnight to a Miracle,
My Soul and the Stars will guard you, as you dream,
From half a world away,

Waiting to see you and me dancing at dawn,
Looking at each other's Miracle.

Watching Miracles And Other Poems:

Watching Miracles and Other Poems Tyler Rebik, 2015-02-19 Watching Miracles and Other Poems is a collection of poetry written by Tyler Rebik. The poems deal in the beauty of life, the mysteries of love, and the essence of wonder. All poetry has been read but never published in any way until now. The Miracle, and Other Poems Virna Sheard, 2019-12-12 In *The Miracle and Other Poems* Virna Sheard delivers a collection that navigates the complexities of human emotion, spirituality, and existential inquiry through her finely crafted verses. Her lyrical style resonates with the natural imagery and metaphysical explorations found in early 20th century Canadian poetry. This anthology, enriched by vivid metaphors and an introspective tone, invites readers to contemplate the nuances of faith and nature, reflecting a profound connection to the lived experience and the intangible forces that shape it. Virna Sheard, a prominent Canadian poet and novelist in the early 1900s, was known for her deep engagement with themes of identity and spirituality, influenced by her own life experiences and the societal movements of her time. A member of the Toronto literary community, Sheard's work emerged amidst a growing recognition of women's voices in literature, allowing her to express the delicate balance between personal and universal truths. Her background and context provide depth to her reflections on life's miracles, inviting readers to immerse themselves in her thoughtful portrayals of the human condition. This collection is a must-read for anyone seeking to explore the interplay between doubt and belief, the tangible and the ethereal. Sheard's poems serve not only as artistic expressions but also as philosophical reflections that provoke thought and inspire. *The Miracle and Other Poems* stands as a testament to the enduring power of poetry to illuminate the often unspoken complexities of existence. *A Study Guide for Walt Whitman's "Miracles"* Gale, Cengage Learning, 2016 *Living Martyrs in Late Antiquity and Beyond* Diane Fruchtmann, 2023-02-01 This book demonstrates that living martyrdom was an important spiritual aspiration in the late antique Latin West and argues that consequently, attempts to define, study, or locate martyrdom must move away from conceptualizations that require or center on death. After an introduction that traces the persistence of living martyrs as real objects of spiritual devotion and emulation across the span of Christian history and discusses why such martyrs have been overlooked, the book focuses on three significant authors from the late ancient Latin West for whom martyrdom did not require death: the Spanish poet Prudentius (c. 348–413), the senator-turned-ascetic Paulinus of Nola (353–431), and the influential North African bishop Augustine of Hippo (354–430). Through historically and literarily contextualized close readings of their work, this book shows that each of these three authors attempted to create a new paradigm of martyrdom focused on living rather than dying for God. By focusing on these living martyrs, we are able to see more clearly the aspirations and agendas of those who promoted them as martyrs and how their martyrological discourse illuminates the variety of ways that martyrdom is and can be mobilized in any era to construct new community, creating worldviews. *Living Martyrs in Late Antiquity and Beyond* is an important resource for historians of Christianity, scholars of religious studies, and anyone interested in exploring

or understanding martyrological discourse The Introduction of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Music & Poetry in the Early Tudor Court John Stevens, 1961 While the music of the Elizabethans is widely known that of the early Tudors is still mostly unpublished Dr Stevens provides a scholarly study of this unaccountably neglected subject and gives the first full description of three song books which contain virtually all that remains of English secular song from 1480-1530 Beginning with a detailed description of the song books he goes on to discuss the relationship between music and poetry during the period before the Reformation This is followed by a description of the tradition of the courtly makers from Chaucer to Wyatt including an important section on the social manifestations of courtly love and he deals thoroughly with the role of the musician and the quality of musical life at the time This is a book which for the first time provides the relevant musical and social information on which a fresh assessment of the poetry of the early Tudors can be based Dr Stevens's conclusions lead him to question the prevailing view that there was an idealized union of poetry and music in early Tudor England which led up to and culminated in the great Elizabethans The literary text of the songs in the three song books is given in an appendix together with a commentary a first line index of some 370 songs and a list of sources

Recognizing Miracles in Antiquity and Beyond Maria Gerolemou, 2018-04-23 In recent years scholars have extensively explored the function of the miraculous and wondrous in ancient narratives mostly pondering on how ancient authors view wondrous accounts i.e. the treatment of the descriptions of wondrous occurrences as true events or their use More precisely these narratives investigate whether the wondrous pursues a display of erudition or merely provides stylistic variety sometimes such narratives even represent the wish of the author to grant a rational explanation to extraordinary actions At present however two aspects of the topic have not been fully examined a) the ability of the wondrous miraculous to set cognitive mechanisms in motion and b) the power of the wondrous miraculous to contribute to the construction of an authorial identity that of kings gods or narrators To this extent the volume approaches miracles and wonders as counter intuitive phenomena beyond cognitive grasp which challenge the authenticity of human experience and knowledge and push forward the frontiers of intellectual and aesthetic experience Some of the articles of the volume examine miracles on the basis of bewilderment that could lead to new factual knowledge the supernatural is here registered as something natural although strange the rest of the articles treat miracles as an endpoint where human knowledge stops and the unknown divine begins here the supernatural is confirmed Thence questions like whether the experience of a miracle or wonder as a counter intuitive phenomenon could be part of long term memory i.e. if miracles could be transformed into solid knowledge and what mental functions are encompassed in this process are central in the discussion
