The Great Cosmic Lesson Plan Sam Menahem Ph.D., 2015-03-18. The Great Cosmic Lesson Plan is a unique way of looking at life. It presents a perspective that combines spirituality, psychology, humor, and music as pieces of the puzzle leading to a happy, peaceful, meaningful life. We are all connected to each other in the great energy source that is God. We become unhappy when things don't go our way in the material world. This book suggests that happiness will come from a gradual shift to spiritual values. The book presents practical techniques for letting go of anger, fear, guilt, and negative beliefs. Additionally, humor and music are very helpful in aiding the process of letting go. Part One explores changes which need to be made to find happiness and the means to accomplish those changes. Ultimately, to reach this goal, there needs to be a connection to the source of all being, often called God. Part Two presents this message in the form of a comic novel. Dr. Hans Off, a chiropractor, meets tragedy when he is bitten by an armadillo and can no longer practice his profession. Instead of sinking into depression, he goes on a spiritual search to find new meaning in his life. He visits a variety of therapists, including an analyst, an existentialist, and a spiritual therapist. Dr. Off discovers that enlightenment requires "lightening up."

Dr. Alexandra Marxer, with over 25 years of experience as a medical doctor, has discovered the spiritual insights inherent in the diseases affecting our major organ systems, including the heart, brain, lungs, intestines, etc. She utilizes this knowledge to guide individuals in healing both their bodies and minds through spiritual techniques. She presents nine practical techniques for personal healing, as well as nine advanced methods designed for medical doctors and therapists. These approaches not only assist people in regaining their health but also facilitate a transformative shift in their mindset towards a happier and mentally aligned life.
