Perspectives on Individual Differences Affecting Therapeutic Change in Communication Disorders Amy L. Weiss,2012-12-06 This volume examines the ramifications of individual differences in therapy outcomes for a wide variety of communication disorders In an era where evidence based practice is the clinical profession s watchword each chapter attacks this highly relevant issue from a somewhat different perspective In some areas of communication disorders considering the variance brought by the client into the therapeutic mix has a healthy history whereas in others the notion of how individual client profiles mesh with therapy outcomes has rarely been considered Through the use of research results case study descriptions and speculation the contributors have creatively woven what we know and what we have yet to substantiate into an interesting collection of summaries useful for therapy programming and designing clinical research

Pictorial Atlas Illustrating the Spanish-American War Le Roy Armstrong,1899 *Comprehension Strategies in the Acquiring of a Second Language* Harris Winitz,2020-10-08 This book provides a critical analysis and account of the development of the Comprehension Approach as a method for language learning The author draws on interrelated sub fields including linguistic theory child language acquisition and educational technology to examine how a comprehension based strategy could have pedagogical potential for adult second language learning While second language pedagogy has to date been dominated by production models this book takes another look at the Comprehension Approach as a possible alternative presenting results from both child first language and adult second language contexts It will be of interest to psycholinguistics and applied linguistics scholars particularly those with an interest in second language teaching and learning
