Proceedings, The Second AAAI Conference on Human Computation and Crowdsourcing

2–4 November 2014
Pittsburgh, Pennsylvania
USA

Jeffrey P. Bigham
and David Parkes
Conference Chairs

Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing

Yang Cai,Adrian Vetta

Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing:

Proceedings, the Second AAAI Conference on Human Computation and Crowdsourcing Jeffrey P. Bigham,David Parkes,2014-10-21 The HCOMP conference was created as a venue for exchanging ideas and developments on principles experiments and implementations of systems that rely on programmatic access to human intellect to perform some aspect of computation or where human perception knowledge reasoning or coordinated physical activities contributes to the operation of larger systems and applications Human computation promises to play an important role in research on principles of artificial intelligence as well as in the engineering of systems that can take advantage of the changing complementarities of human and machine intellect **Computational Interaction** Antti Oulasvirta,Per Ola Kristensson,Xiaojun Bi,Andrew Howes,2018 This book introduces a new perspective on how to design user interfaces called Computational Interaction This new method applies principles of computational thinking abstraction automation and analysis to inform our understanding of how people interact with user interfaces *Mobile Crowdsourcing* Jie Wu,En Wang,2023-07-16 This book offers the latest research results in recent development on the principles techniques and applications in mobile crowdsourcing It presents state of the art content and provides an in depth overview of the basic background in this related field Crowdsourcing involves a large crowd of participants working together to contribute or produce goods and services for the society The early 21st century applications of crowdsourcing can be called crowdsourcing 1 0 which includes businesses using crowdsourcing to accomplish various tasks such as the ability to offload peak demand access cheap labor generate better results in a timely matter and reach a wider array of talent outside the organization Mobile crowdsensing can be described as an extension of crowdsourcing to the mobile network to combine the idea of crowdsourcing with the sensing capacity of mobile devices As a promising paradigm for completing complex sensing and computationtasks mobile crowdsensing serves the vital purpose of exploiting the ubiquitous smart devices carried by mobile users to make conscious or unconscious collaboration through mobile networks Considering that we are in the era of mobile internet mobile crowdsensing is developing rapidly and has great advantages in deployment and maintenance sensing range and granularity reusability and other aspects Due to the benefits of using mobile crowdsensing many emergent applications are now available for individuals business enterprises and governments In addition many new techniques have been developed and are being adopted This book will be of value to researchers and students targeting this topic as a reference book Practitioners government officials business organizations and even customers working participating or those interested in fields related to crowdsourcing will also want to purchase this book **Macrotask Crowdsourcing** Vassillis-Javed Khan,Konstantinos Papangelis,Ioanna Lykourentzou,Panos Markopoulos,2019-08-06 Crowdsourcing is an emerging paradigm that promises to transform several domains creative work business work cultural cooperation etc Crowdsourcing reflects the close knit interplay between the latest computer technologies the rapidly changing work model of the 21st century and the very nature of people The interplay makes for an

exciting but at the same time challenging new field to investigate under the lens of a diverse set of disciplines ranging from the technical to the social and from the theoretical to the applied Early research has focused on an aspect of crowdsourcing known as micro tasking Micro tasks are simple tasks like image annotations that anyone could perform An emerging area is how to utilize crowdsourcing to solve problems that go beyond simple tasks towards more complex ones that require collaboration and creativity In juxtaposition to micro task crowdsourcing this book investigates macro task crowdsourcing and its potential   ECAI 2016 G.A. Kaminka,M. Fox,P. Bouquet,2016-08-24 Artificial Intelligence continues to be one of the most exciting and fast developing fields of computer science This book presents the 177 long papers and 123 short papers accepted for ECAI 2016 the latest edition of the biennial European Conference on Artificial Intelligence Europe s premier venue for presenting scientific results in AI The conference was held in The Hague the Netherlands from August 29 to September 2 2016 ECAI 2016 also incorporated the conference on Prestigious Applications of Intelligent Systems PAIS 2016 and the Starting AI Researcher Symposium STAIRS The papers from PAIS are included in this volume the papers from STAIRS are published in a separate volume in the Frontiers in Artificial Intelligence and Applications FAIA series Organized by the European Association for Artificial Intelligence EurAI and the Benelux Association for Artificial Intelligence BNVKI the ECAI conference provides an opportunity for researchers to present and hear about the very best research in contemporary AI This proceedings will be of interest to all those seeking an overview of the very latest innovations and developments in this field   *Design Thinking Research* Hasso Plattner,Christoph Meinel,Larry Leifer,2017-10-26 This book summarizes the results of Design Thinking Research Program at Stanford University in Palo Alto California USA and the Hasso Plattner Institute in Potsdam Germany Offering readers a closer look at design thinking its innovation processes and methods it covers topics ranging from how to design ideas methods and technologies to creativity experiments and creative collaboration in the real world and the interplay between designers and engineers But the topics go beyond this in their detailed exploration of design thinking and its use in IT systems engineering fields and even from a management perspective The authors show how these methods and strategies actually work in companies and introduce new technologies and their functions Furthermore readers learn how special purpose design thinking can be used to solve thorny problems in complex fields Thinking and devising innovations are fundamentally and inherently human activities so is design thinking Accordingly design thinking is not merely the result of special courses nor of being gifted or trained it s a way of dealing with our environment and improving techniques technologies and life This edition offers a historic perspective on the theoretical foundations of design thinking Within the four topic areas various frameworks methodologies mindsets systems and tools are explored and further developed The first topic area focuses on team interaction while the second part addresses tools and techniques for productive collaboration The third section explores new approaches to teaching and enabling creative skills and lastly the book examines how design thinking is put into practice All in all the contributions shed light and provide

deeper insights into how to support the collaboration of design teams in order to systematically and successfully develop innovations and design progressive solutions for tomorrow   Advances in Affective and Pleasurable Design Shuichi Fukuda,2018-06-26 This book discusses the latest advances in affective and pleasurable design Further it reports on important theoretical and practical issues covering a wealth of topics including aesthetics in product and system design design driven innovation affective computing evaluation tools for emotion Kansei engineering for products and services and many more Based on the AHFE 2018 International Conference on Affective and Pleasurable Design held on July 21 25 2018 in Orlando Florida USA the book provides a timely survey and inspiring guide for all researchers and professionals involved in design e g industrial designers emotion designers ethnographers human computer interaction researchers human factors engineers interaction designers mobile product designers and vehicle system designers   Decision Support Systems X: Cognitive Decision Support Systems and Technologies José María Moreno-Jiménez,Isabelle Linden,Fatima Dargam,Uchitha Jayawickrama,2020-05-18 This book constitutes the proceedings of the 6th International Conference on Decision Support Systems Technologies ICDSST 2020 organised in Zaragoza Spain in May 2020 The conference was held online only due to the Corona pandemic The EWG DSS series of International Conference on Decision Support System Technology ICDSST is planned to consolidate the tradition of annual events organized by the EWG DSS in offering a platform for European and international DSS communities comprising the academic and industrial sectors to present state of the art DSS research and developments to discuss current challenges that surround decision making processes to exchange ideas about realistic and innovative solutions and to co develop potential business opportunities The main topic of this year s conference was Cognitive Decision Support Systems and Technologies The 13 papers presented in this volume were carefully reviewed and selected from 51 submissions Theywere organized in topical sections named methodological contributions case studies and applications and overview on the current state and future trends of DSS BI and data analytics research   **ECAI 2020** G. De Giacomo,A. Catala,B. Dilkina,2020-09-11 This book presents the proceedings of the 24th European Conference on Artificial Intelligence ECAI 2020 held in Santiago de Compostela Spain from 29 August to 8 September 2020 The conference was postponed from June and much of it conducted online due to the COVID 19 restrictions The conference is one of the principal occasions for researchers and practitioners of AI to meet and discuss the latest trends and challenges in all fields of AI and to demonstrate innovative applications and uses of advanced AI technology The book also includes the proceedings of the 10th Conference on Prestigious Applications of Artificial Intelligence PAIS 2020 held at the same time A record number of more than 1 700 submissions was received for ECAI 2020 of which 1 443 were reviewed Of these 361 full papers and 36 highlight papers were accepted an acceptance rate of 25% for full papers and 45% for highlight papers The book is divided into three sections ECAI full papers ECAI highlight papers and PAIS papers The topics of these papers cover all aspects of AI including Agent based and Multi agent Systems Computational Intelligence Constraints and Satisfiability Games and Virtual

Environments Heuristic Search Human Aspects in AI Information Retrieval and Filtering Knowledge Representation and Reasoning Machine Learning Multidisciplinary Topics and Applications Natural Language Processing Planning and Scheduling Robotics Safe Explainable and Trustworthy AI Semantic Technologies Uncertainty in AI and Vision The book will be of interest to all those whose work involves the use of AI technology *Evaluation in the Crowd. Crowdsourcing and Human-Centered Experiments* Daniel Archambault,Helen Purchase,Tobias Hoßfeld,2017-09-27 As the outcome of the Dagstuhl Seminar 15481 on Crowdsourcing and Human Centered Experiments this book is a primer for computer science researchers who intend to use crowdsourcing technology for human centered experiments The focus of this Dagstuhl seminar held in Dagstuhl Castle in November 2015 was to discuss experiences and methodological considerations when using crowdsourcing platforms to run human centered experiments to test the effectiveness of visual representations The inspiring Dagstuhl atmosphere fostered discussions and brought together researchers from different research directions The papers provide information on crowdsourcing technology and experimental methodologies comparisons between crowdsourcing and lab experiments the use of crowdsourcing for visualisation psychology QoE and HCI empirical studies and finally the nature of crowdworkers and their work their motivation and demographic background as well as the relationships among people forming the crowdsourcing community Frontiers of Algorithmic Wisdom Minming Li,Xiaoming Sun,2023-01-01 This book constitutes the proceedings of the International Joint Conference on Theoretical Computer Science Frontier of Algorithmic Wisdom IJTCS FAW 2022 for the 16th International Conference on Frontier of Algorithmic Wisdom FAW and the third International Joint Conference on Theoretical Computer Science IJTCS held in Hong Kong China in August 15 19 2022 FAW started as the Frontiers of Algorithmic Workshop in 2007 at Lanzhou China and was held annually from 2007 to 2021 and published archival proceedings IJTCS the International joint theoretical Computer Science Conference started in 2020 aimed to bring in presentations covering active topics in selected tracks in theoretical computer science To accommodate the diversified new research directions in theoretical computer science FAW and IJTCS joined their forces together to organize an event for information exchange of new findings and work of enduring value in the field In addition to four keynote speakers 26 invited speakers and 19 contributed speakers IJTCS FAW2022 organized Forums for undergraduate research young PhD graduates young TCS faculty members female researchers as well as a forum in Conscious AI and a CSIAM Forum in blockchain The 19 full papers presented in this book were carefully reviewed and selected from 25 submissions They were organized in topical sections as follows Algorithmic Game Theory Game Theory in Block Chain Frontiers of Algorithmic Wisdom Computational and Network Economics *Information in Contemporary Society* Natalie Greene Taylor,Caitlin Christian-Lamb,Michelle H. Martin,Bonnie Nardi,2019-03-12 This book constitutes the proceedings of the 14th International Conference on Information in Contemporary Society iConference 2019 held in Washington DC USA in March April 2019 The 44 full papers and 33 short papers presented in this volume were carefully reviewed and selected from 133 submitted full

papers and 88 submitted short papers The papers are organized in the following topical sections Scientific work and data practices methodological concerns in big data research concerns about smart interactions and privacy identity questions in online communities measuring and tracking scientific literature limits and affordances of automation collecting data about vulnerable populations supporting communities through public libraries and infrastructure information behaviors in academic environments data driven storytelling and modeling online activism digital libraries curation and preservation social media text mining and sentiment analysis data and information in the public sphere engaging with multi media content understanding online behaviors and experiences algorithms at work innovation and professionalization in technology communities information behaviors on Twitter data mining and NLP informing technology design through offline experiences digital tools for health management environmental and visual literacy and addressing social problems in iSchool research

   Web and Internet Economics Nikhil R. Devanur,Pinyan Lu,2017-11-24 This book constitutes the thoroughly refereed proceedings of the 13th International Conference on Web and Internet Economics WINE 2017 held in Bangalore India in December 2017 The 28 full and 6 short papers presented were carefully reviewed and selected from 89 submissions The papers reflect the work of researchers in theoretical computer science artificial intelligence and microeconomics who have joined forces to tackle problems at the intersection of computation game theory and economics   Human and Machine Learning Jianlong Zhou,Fang Chen,2018-06-07 With an evolutionary advancement of Machine Learning ML algorithms a rapid increase of data volumes and a significant improvement of computation powers machine learning becomes hot in different applications However because of the nature of black box in ML methods ML still needs to be interpreted to link human and machine learning for transparency and user acceptance of delivered solutions This edited book addresses such links from the perspectives of visualisation explanation trustworthiness and transparency The book establishes the link between human and machine learning by exploring transparency in machine learning visual explanation of ML processes algorithmic explanation of ML models human cognitive responses in ML based decision making human evaluation of machine learning and domain knowledge in transparent ML applications This is the first book of its kind to systematically understand the current active research activities and outcomes related to human and machine learning The book will not only inspire researchers to passionately develop new algorithms incorporating human for human centred ML algorithms resulting in the overall advancement of ML but also help ML practitioners proactively use ML outputs for informative and trustworthy decision making This book is intended for researchers and practitioners involved with machine learning and its applications The book will especially benefit researchers in areas like artificial intelligence decision support systems and human computer interaction   **HHAI 2023: Augmenting Human Intellect** P. Lukowicz,S. Mayer,J. Koch,2023-07-07 Artificial intelligence AI has been much in the news recently with some commentators expressing concern that AI might eventually replace humans But many developments in AI are designed to enhance and supplement the performance of humans rather than replace them

and a novel field of study with new approaches and solutions to the development of AI has arisen to focus on this aspect of the technology This book presents the proceedings of HHAI2023 the 2nd International Conference on Hybrid Human Artificial Intelligence held from 26 30 June 2023 in Munich Germany The HHAI international conference series is focused on the study of artificially intelligent systems that cooperate synergistically proactively responsibly and purposefully with humans amplifying rather than replacing human intelligence and invites contributions from various fields including AI human computer interaction the cognitive and social sciences computer science philosophy among others A total of 78 submissions were received for the main conference track and most papers were reviewed by at least three reviewers The overall final acceptance rate was 43% with 14 contributions accepted as full papers 14 as working papers and 6 as extended abstracts The papers presented here cover topics including interactive hybrid agents hybrid intelligence for decision support hybrid intelligence for health and values such as fairness and trust in hybrid intelligence We further accepted 17 posters and 4 demos as well as 8 students to the first HHAI doctoral consortium this year The authors of 4 working papers and 2 doctoral consortium submissions opted for not publishing their submissions to allow a later full submission resulting in a total of 57 papers included in this proceedings Addressing all aspects of AI systems that assist humans and emphasizing the need for adaptive collaborative responsible interactive and human centered artificial intelligence systems which can leverage human strengths and compensate for human weaknesses while considering social ethical and legal considerations the book will be of interest to all those working in the field   Web and Internet Economics George Christodoulou,Tobias Harks,2018-12-03 This book constitutes the thoroughly refereed proceedings of the 14th International Conference on Web and Internet Economics WINE 2018 held in Oxford UK in December 2018 The 28 full papers presented were carefully reviewed and selected from 119 submissions The papers reflect the work of researchers in theoretical computer science artificial intelligence and microeconomics who have joined forces to tackle problems at the intersection of computation game theory and economics   Advanced Intelligent Computing Technology and Applications De-Shuang Huang,Prashan Premaratne,Baohua Jin,Boyang Qu,Kang-Hyun Jo,Abir Hussain,2023-07-30 This three volume set of LNCS 14086 LNCS 14087 and LNCS 14088 constitutes in conjunction with the double volume set LNAI 14089 14090 the refereed proceedings of the 19th International Conference on Intelligent Computing ICIC 2023 held in Zhengzhou China in August 2023 The 337 full papers of the three proceedings volumes were carefully reviewed and selected from 828 submissions This year the conference concentrated mainly on the theories and methodologies as well as the emerging applications of intelligent computing Its aim was to unify the picture of contemporary intelligent computing techniques as an integral concept that highlights the trends in advanced computational intelligence and bridges theoretical research with applications Therefore the theme for this conference was Advanced Intelligent Computing Technology and Applications Papers that focused on this theme were solicited addressing theories methodologies and applications in science and technology   **Web and Internet**

Economics Yang Cai,Adrian Vetta,2016-12-09 This book constitutes the thoroughly refereed proceedings of the 12th International Conference on Web and Internet Economics WINE 2016 held in Montreal QC Canada in December 2016 The 35 regular papers presented together with 3 invited talks were carefully reviewed and selected from 88 submissions The Conference on Web and Internet Economics WINE is an interdisciplinary forum for the exchange of ideas and results on incentives and computation arising from the following fields Theoretical Computer Science Artificial Intelligence and Microeconomics *Web and Internet Economics* Michal Feldman,Hu Fu,Inbal Talgam-Cohen,2022-01-20 This book constitutes the refereed proceedings of the 17th International Conference on Web and Internet Economics WINE 2021 which was held online during December 14 17 2021 The conference was originally planned to take place in Potsdam Germany but changed to a virtual event due to the COVID 19 pandemic The 41 full papers presented in this volume were carefully reviewed and selected from 146 submissions They were organized in topical sections as follows mechanism design and pricing matching markets and equilibria learning fairness privacy and behavioral models social choice and cryptocurrencies *Explainable and Transparent AI and Multi-Agent Systems* Davide Calvaresi,Amro Najjar,Andrea Omicini,Reyhan Aydogan,Rachele Carli,Giovanni Ciatto,Joris Hulstijn,Kary Främling,2024-09-24 This volume constitutes the papers of several workshops which were held in conjunction with the 6th International Workshop on Explainable and Transparent AI and Multi Agent Systems EXTRAAMAS 2024 in Auckland New Zealand during May 6 10 2024 The 13 full papers presented in this book were carefully reviewed and selected from 25 submissions The papers are organized in the following topical sections User centric XAI XAI and Reinforcement Learning Neuro symbolic AI and Explainable Machine Learning and XAI Ethics

Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has be much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Introduction

Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Offers a diverse range of free eBooks across various genres. Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Focuses mainly on educational books,

textbooks, and business books. It offers free PDF downloads for educational purposes. Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing, especially related to Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing books or magazines might include. Look for these in online stores or libraries. Remember that while Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing eBooks for free, including popular titles.Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books.Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing eBooks, including some popular titles.

FAQs About Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing Books

1. Where can I buy Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.

3. How do I choose a Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Proceedings The Second Aaai Conference On Human Computation And Crowdsourcing books for free? Public Domain Books: Many classic books are available for free as theyre in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
