The Shadow of Silver Tip Max Brand, 1995 Tom Converse was the kind of man to pull a Colt from his back pocket faster than the seasoned gunslingers could draw from a hip holster It seemed to come easy to him like breathing in and out But was he also the kind of man to make a whole town trigger happy with fear Did he hide behind a dark mask and come back for vengeance Was he The Shadow Sylvia didn't think so I'm the only one who knows the face of the real Shadow she said A dappled chestnut with black points is the only cue to the identity of a town's secret horror It could be a case of mistaken identity but yet again This early Max Brand classic features the mysterious and ambiguous figure of The Shadow a masked and lonely gunslinger who foreshadows great Western legends like Zorro and the Lone Ranger
