Peace Prize Theodore Roosevelt's autobiography was completed in 1913 6 years before his death It chronicles the life of one of America's greatest presidents **Autobiography of Theodore Roosevelt** Theodore Roosevelt,2021-03-20 Among his many other talents the 26th President could genuinely write It is fortunate that he could because only a tremendous writer could do justice to the extraordinary life he lived The book covers Teddy's unconventional younger years spent taming the wilderness his controversial role in the Spanish American War It also recounts his remarkable Presidency including the peace mediation which landed him the Nobel Peace Prize **The Autobiography of Theodore Roosevelt** Theodore Roosevelt,2011-11-12 **An Autobiography by Theodore Roosevelt** Theodore Roosevelt,2016-07-26 The acclaimed autobiography of Theodore Teddy Roosevelt is brought to the reader anew in this well produced edition Written over a course of years and first published in 1913 this lengthy yet unceasingly interesting biography sees one of the United States finest Presidents recount his own life in his own words Theodore Roosevelt sets out his life's events in a way which clarify how he came to possess his beliefs We hear of his love of the great outdoors which would in turn result in the establishment of America's national parks and the belief in commerce as an engine for progress which would lead to the state sponsored construction of the Panama Canal during the years of his presidency Seldom straying to dryness or overly technical description of the many and varied events of his lifetime Theodore Roosevelt instead imbues every chapter with keynote personality and liveliness Personal letters with influential figures are shared placing the reader deeply into the political world which the popular and charismatic author was immersed Written with vitality and wisdom verve and passion the autobiographical effort of Theodore Roosevelt has aged well Consistently praised by critics to this day this book remains essential reading for any reader intrigued by American history culture and politics as well as general appreciators of good biography **Theodore Roosevelt** Philipp Weiss,2021-06-11 Theodore Roosevelt was a fascinating man This autobiography written a hundred years ago presents his life and career from his own perspective **Theodore Roosevelt** Theodore Roosevelt,2014-01 Naturally there are chapters of my autobiography which cannot now be written It seems to me that for the nation as for the individual what is most important is to insist on the vital need of combining certain sets of qualities which separately are common enough and alas useless enough Practical efficiency is common and lofty idealism not uncommon it is the combination which is necessary and the combination is rare Love of peace is common among weak short sighted timid and lazy persons and on the other hand courage is found among many men of evil temper and bad character Neither quality shall by itself avail Justice among the nations of mankind and the uplifting of humanity can be brought about only by those strong and daring men who with wisdom love peace but who love righteousness more than peace Facing the immense complexity of modern social and industrial conditions there is need to use freely and unhesitatingly the collective power of all of us and yet no exercise of collective power will ever avail if the average individual does not keep his or her sense of personal duty initiative and responsibility There is need to develop all the virtues that have the state for their sphere of

action but these virtues are as dust in a windy street unless back of them lie the strong and tender virtues of a family life based on the love of the one man for the one woman and on their joyous and fearless acceptance of their common obligation to the children that are theirs There must be the keenest sense of duty and with it must go the joy of living there must be shame at the thought of shirking the hard work of the world and at the same time delight in the many sided beauty of life With soul of flame and temper of steel we must act as our coolest judgment bids us We must exercise the largest charity towards the wrong doer that is compatible with relentless war against the wrong doing We must be just to others generous to others and yet we must realize that it is a shameful and a wicked thing not to withstand oppression with high heart and ready hand With gentleness and tenderness there must go dauntless bravery and grim acceptance of labor and hardship and peril All for each and each for all is a good motto but only on condition that each works with might and main to so maintain himself as not to be a burden to others We of the great modern democracies must strive unceasingly to make our several countries lands in which a poor man who works hard can live comfortably and honestly and in which a rich man cannot live dishonestly nor in slothful avoidance of duty and yet we must judge rich man and poor man alike by a standard which rests on conduct and not on caste and we must frown with the same stern severity on the mean and vicious envy which hates and would plunder a man because he is well off and on the brutal and selfish arrogance which looks down on and exploits the man with whom life has gone hard
