Teaching Interculturality 'Otherwise' Fred Dervin, Mei Yuan, Sude, 2022-12-14 This edited volume focuses on the thorny and somewhat controversial issue of teaching and learning interculturality in a way that considers the notion from critical and reflexive perspectives when introduced to students Comprised of three parts the book discusses the nuts and bolts of teaching interculturality considers changes in the teaching of interculturality and provides pedagogical insights into interculturalising the notion It studies both teaching explicitly about interculturality and how to incorporate interculturality into teaching practices or into an institution By sharing varied cases and theoretical reflections on the topic the editors and contributors from different parts of the world aim to stimulate more initiatives to enrich the field instead of delimiting it especially in complement to and beyond the West or Global North and also to build up further reflexivity in the way readers engage with interculturality in education This will be a must read for teachers and researchers of intercultural communication education at different educational levels as well as anyone interested in scholarship on education for interculturality Chapter 3 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons 4.0 license
