many expect to be the last stepping stone to a new life While they long for their new life to unfold most asylum seekers become embroiled in the complexities of living in transit Indonesia a vast archipelago of more than 17 000 islands is more than a location where people spend time waiting it is a nation state that interacts with transiting asylum seekers and formulates policies that have a profound impact on their experience in transit there Troubled Transit tries to explain the complexities faced by the transiting migrants within the context of the Indonesian government and its political challenges including its relationship with Australia The Australia centric view of recent asylum seeker issues has tended to ignore the larger socio political context of the migratory routes and the perspectives of transit states towards asylum seekers stuck in transit This book hopes to direct the Australia centric gaze northwards to take Indonesian policies and policymaking into account thereby giving Indonesia more relevance as a transit country and as an important partner in regional protection schemes and migration management Even though some Indonesian policies and practices are less than favourable for asylum seekers and even reprehensible from a human rights perspective more attention must be paid to ongoing developments that impact on transiting asylum seekers in Indonesia if any of the hardships they suffer there are to be alleviated
