The New Jerusalem Gilbert Keith Chesterton, 2018 The Zionists have often spoken about the hoped-for Jewish homeland in Palestine becoming a center whence would emanate as of old great ideas and ideals Such a radiation has already begun but it is interesting indeed curious that among the firstlings of the New Jerusalem is a product from the very un-Hebraic pen of Mr G K Chesterton The New Jerusalem is an uneven book at times a rather confusing book but it is always thoughtful always thought-provoking And when the reader is once thoroughly oriented when he realizes that he is not perusing a birth rate total population gross tonnage of export sort of thing but rather a poetic philosophic mosaic woven of reflections inspired by the Holy City then he is ready to appreciate the matter in hand A man cannot say the writer eat the Pyramids he cannot buy or sell the Holy City there can be no practical aspect either of his coming or going If he has not come for a poetic mood he has come for nothing

Sherlock Holmes through the Microscope
Carl Heifetz, 2018-07-31 The life and career of Mr Sherlock Holmes have inspired the interest of many of the brightest intellects in the world They have expended great efforts to penetrate beyond the glimpses afforded us in the 60 published adventures to detect the real underlying character of the best and the wisest man Dr Watson has ever known The Final Problem by A C Doyle To the hundreds of past and present day Sherlockians Holmesians Doyeleans we owe a great deal of gratitude for helping to shred the veil which has been created to obfuscate the real character of our remarkable hero from the sainted Christopher Morley and Vincent Starrett to the renowned commentators Ronald A Knox William S Baring Gould Edgar W Smith Sydney C Roberts Michael Harrison Michael Hardwick and many others too numerous to mention Commentators have included bookmen journalists and essayists physicians psychiatrists and pathologists chemists monsignors and vicars barristers and solicitors and automobile executives All have brought their intelligence unique perspectives and most of all a very desperate need for knowledge to this quest their labor of love With great humility but stout heart I feel highly motivated even obligated to attempt to add my voice to this ongoing effort As a microbiologist I hope to bring a different perspective to these studies I am used to dealing with very minute objects that produce consequences much greater than their size would indicate Is not this obsession with minutiae the perfect training and background for one who feels the need to participate in Sherlockian studies I do hope that this makes me somewhat qualified to join in this important area of scholarly research
