Assessing L2 Listening Gary J. Ockey,Elvis Wagner,2018-08-08 This book is relevant for language testers listening researchers and oral proficiency teachers in that it explores four broad themes related to the assessment of L2 listening ability the use of authentic real world spoken texts the effects of different speech varieties of listening inputs the use of audio visual texts and assessing listening as part of an interactive speaking listening construct Each theme is introduced with a review of the relevant literature and then is examined through either two or three empirical studies The notion of authenticity underlies each of these four themes By creating more authentic test tasks that are similar to real world language tasks test developers can create listening assessments that not only more effectively assess test takers communicative competence but can also have a positive washback effect on educational systems

Aural and the University Music Undergraduate Colin R. Wright,2016-12-14 Research indicates that aural skills are vital in developing musical expertise yet the precise nature of those skills and the emphasis placed upon them in educational contexts merit closer attention and exploration This book assesses the relevance of aural in a university music degree and as a preparation for the professional career of a classical musician By way of the discussion of four empirical studies two main areas are investigated firstly the relationship between university music students aural ability and their overall success on a music degree programme and secondly the views of music students and professional musicians about aural and its relevance to their career are analysed The subject is investigated particularly in the light of the current socio educational background of the past fifty years which has greatly influenced the participation of music and the study and development of musicianship Many related issues are touched upon as part of the research for this project and these emerge as relevant topics in the discussion of aural Apart from students and musicians views on training and singing aspects considered include the role of improvisation memorisation and notation examinations absolute pitch and the affinity with language all of which have a part to play in the debate about the importance of aural
