

Welcome Speech for Fresher's

Respected Chairperson, Guest of Honour, Hon'ble Vice Chancellor, and Hon'ble Chief Guest, faculty members, the student friends and my dear new comers- good Morning to all. I am real privileged and immensely honoured today for getting this opportunity to deliver the welcome address in this special occasion. At the very outset I, on behalf of the Centre wish all the newcomers a warm welcome to the Centre and the University in particular. This function is organized as before in order to welcome the newcomers so that they may socialize with other students and also with the academic staff of our institution.

I congratulate all of you for having secured a seat in this Centre. This is the first step towards fulfilment of your dreams and for the five years that you are here, we hope, that you can gather the best of knowledge and experience.

For most of you, this might be the first time that you are away from home. You might face problems trying to adjust to the new environment; I assure you that the teachers of our Centre are available and you can freely discuss your problems with them.

Legal profession has pleasure and thrill of its own. It invites challenge which hardly any other profession invites. The Bar Council of India after the detailed study, developed a five year integrated LLB programme with a view to give a profession orientation, a multi-disciplinary approach and a thrust to legal education. It give more importance to practical training involved by the Council in such a manner as may give the law student a much needed professional training and equipping them with adequate legal skill during the course of the study which they undergo.

Each and every law student should have an aptitude, snack and lust for acquiring knowledge and they should believe in hardwork, discipline and sincerity. Each student of law should engrave within himself or herself a solemn promise to bring laurel to legal profession.

Apart from academics, you should also make an effort to excel in various extra-curricular activities of the University and represent our Centre in all the activities. Let us make a commitment on this day to maintain a friendly and cordial relationship with each other and make this institute proud of being disciplined, punctual and giving in our best in all fields. Wishing you all a great success in days to come.

Some Other Note Ross W. Duffin, 2018 English comedy from the fifteenth to the early seventeenth century abounds in song lyrics but most of the original tunes were thought to have been lost until now By deducing that playwrights borrowed melodies from songs they already knew Ross W Duffin has used the existing English repertory of songs both popular and composed to reconstruct hundreds of songs from more than a hundred plays and other stage entertainments Thanks to Duffin's incredible breakthrough these plays have been rendered performable with period music for the first time in five hundred years Some Other Note not only brings these songs back from the dead but tells a thrilling tale of the investigations that unraveled these centuries old mysteries Publisher description

[Public Religious Disputation in England, 1558-1626](#) Joshua Rodda, 2016-04-15 With a focus on England from the accession of Elizabeth I to the mid 1620s this book examines the practice of direct scholarly disputation between fundamentally opposing and oftentimes antagonistic Catholic Protestant and nonconformist puritan divines Introducing a form of discourse hitherto neglected in studies of religious controversy the volume works to rehabilitate a body of material only previously examined as part of the great subjective mass of polemic

produced in the wake of the Reformation In so doing it argues that public religious disputation debate between opposing clergymen arranged according to strict academic formulae can offer new insights into contemporary beliefs thought processes and conceptions of religious identity as well as an accessible and dramatic window into the major theological controversies of the age Formal disputation crossed confessional lines and here provides an opportunity for a broad comparative analysis More than any other type of interaction or material these encounters and the dialogic accounts they produced displayed the shared methods underpinning religious divisions allowing Catholic and reformed clergymen to meet on the same field The present volume asserts the significance of public religious disputation and accounts thereof in this regard and explores their use of formal logic academic procedure and recorded dialogue form to bolster religious controversy In this it further demonstrates how we might begin to move from the surviving source material for these encounters to the events themselves and how the disputations then offer a remarkable new glimpse into the construction rationalization and expression of post Reformation religious argument

Yin, 2012-12-06 The author has spent upwards of ten years in working on this book His objective is to clarify the military aspect of the Moscow Peking dialogue which has not yet received its deserved treatment The apogee of that dialogue seems to have been passed toward the end of the rule of Khrushchev Yet the Vietnam war spawns fresh contention Our coverage will span the development from 1956 to the present The beginning of the dispute with regard to the origins of war in general is taken up in the first two chapters The next three chapters discuss the several types of war with the frame of reference set in what now appears to be a quondam era But the principle differences between the disputants are just as outstanding today as they were then The penultimate chapter is somewhat wide in scope in order to deal with the larger and more intensely bitter polemics evolving after Khrushchev left office There have been many new and startling views held by both sides since then views splitting them poles apart Obviously at issue now is the question of Sino Soviet peaceful coexistence Our work obviously cannot wait until that question is answered to be finished The final chapter concludes our study To write of subjects as dynamic as this one is a challenge because they are current affairs Due to the swift change of events no sooner is our typescript put to press than it needs a revision **The Church of England magazine [afterw.] The Church of England and Lambeth magazine** , 1874 *King James I and the Religious Culture of England* James Doelman, 2000

Examination of the influence of James I on the religious and cultural life of England **Parliamentary Debates** New South Wales. Parliament, 1894 The History of English Stephan Gramley, Vivian Gramley, 2024-05-31 The History of English An Introduction provides a chronological analysis of the linguistic social and cultural development of the English language from before its establishment in Britain around the year 450 to the present Each chapter represents a new stage in the evolution of the language all illustrated with a rich and diverse selection of primary texts The book also explores the wider global course of the language including a historical review of English in its pidgin and creole varieties and as a native and or second language in the Caribbean Africa Asia and Australasia The third edition carefully revised and updated throughout includes chapter introductions and conclusions to assist in orientation plus additional marginal references throughout the addition of 21 timelines often running from Old English to Present Day English and focusing on a variety of features a new focus on the relevance of change for and in Present Day English discussions on the role and image of women the in visibility of social classes and regional variation in English material on bilingualism code switching and borrowing and on the effects of the social media on language use over 90 textual examples demonstrating linguistic change and over 100 figures tables and maps including 31 colour images to support and illuminate the text updated online support material including brief introductions to Old and to Middle English further articles on linguistic historical and cultural phenomena which go beyond the scope of the book additional sample texts exercises and audio clips With study questions as well as recommendations for further reading and topics for further study The History of English is essential reading for any student of the English language and will be of relevance to any course addressing the origins and development of the English language The Framing Text in Early Modern English Drama Dr Brian W Schneider, 2013-05-28 Though individual prologues and epilogues have been treated in depth very little scholarship has been published on early modern framing texts as a whole The Framing Text in Early Modern English Drama fills a gap in the literature by examining the origins of these texts and investigating their growing importance and influence in the theatre of the period This topic led discussion of prologues and epilogues deals with the origins of these texts the difficulty of definition and the way in which many prologues and epilogues appear to interact on such subjects as the composition of the theatre audience and the perceived place of women in such an audience Author Brian Schneider also examines the reasons for and the evidence leading to the apparently sudden burgeoning of these texts after the Restoration when prologues and epilogues grace nearly all the dramas of the time and become a virtual cottage industry of their own The second section a comprehensive list of prologues and epilogues details play titles playwrights theatres and theatre companies first performance and the earliest edition in which the framing text s appears It quotes the first line of the prologue and or epilogue and uses the printer s signature to denote the page on which the texts can be found Further information is provided in notes appended to the relevant entry A final section deals with free floating and free standing framing texts that appear in verse collections manuscripts and other publications and to which no play can

be positively ascribed Combining original analysis with carefully compiled comprehensive reference data The Framing Text in Early Modern English Drama provides a genuinely new angle on the drama of early modern England Design, Development, and Integration of Reliable Electronic Healthcare Platforms Moumtzoglou, Anastasius, 2016-10-19
