rendered some into fiction Central to this work is the idea that interactions with people from outside our culture challenge our expectations Meanings and understandings must often be negotiated in intangible non rational and unseen ways Foucault's notion of the third space has influenced this work as has the Balinese belief that reality is an interaction of Sekala the Seen and Niskala the Unseen The unseen also has a political dimension here the elephant in the room Choosing not to see comforted by one's own culture alone is to ignore that regional and global events are unfettered by such introspection
