The Art of War Samuel B. Griffith, Sunzi, 6th cent. B.C., 2006 Practical ancient wisdom on how to beat aggression by non-aggression with key lessons for business. The masterpiece of the sage Sun Tzu is a military treatise written in China more than 2,500 years ago. He recognized that we live in a world of conflict which could not be ignored or denied but had to be understood and mastered. Sun Tzu's profound wisdom is not limited to military applications; his aphorisms offer important advice for dealing with other realms of human conflict such as the psychological tensions of everyday life and the difficulties of any joint endeavour including business ventures. Arranged into 13 chapters from Estimates to Employment of Secret Agents and enhanced by beautiful calligraphy, The Art of War is more relevant now than ever

The Art of War Sunzi, 2018-06-19 A delightfully illustrated version of Sunzi's classic The Art of War by bestselling cartoonist C. C. Tsai. C. C. Tsai is one of Asia's most popular cartoonists, and his editions of the Chinese classics have sold more than 40 million copies in over twenty languages. This volume presents Tsai's delightful graphic adaptation of Sunzi's Art of War, the most profound book on warfare and strategy ever written, a work that continues to be read as a handbook for success not just by military commanders but also by leaders in politics, business, and many other fields. Conceived by a Chinese warrior philosopher some 2,500 years ago, The Art of War speaks to those aspiring to rise through the ranks and help build successful countries. How can that goal best be achieved, and what is the role of warfare if any in the process? What are the powers and limits of the general in command? How can you win without going to war? Sunzi's answers to these and other questions are brought to life as never before by Tsai's brilliant cartoons which show Sunzi fighting on dangerous ground, launching a surprise attack, spying on his enemies, and much more. A marvelously rich introduction to a timeless classic, this book also features a foreword by Lawrence Freedman, one of the world's leading authorities on military strategy, which illuminates how The Art of War has influenced Western strategic thought. In addition, Sunzi's original Chinese text is artfully presented in narrow sidebars on each page, enriching the books for readers and students of Chinese without distracting from the self-contained English language cartoons. The text is skillfully translated by Brian Bruya, who also provides an introduction
