## GETTING STARTED

We strongly recommend you review the entire instruction packet prior to beginning the installation of your fence.

These instructions serve as a guideline for vinyl fence installation under normal conditions. Your local conditions or desired layout may require certain changes to the installation process. If you intend to install your fence in an area with extreme weather, poor soil conditions, extreme winds, or extreme heat, etc. we recommend you contact us or a local expert for additional guidance.

To help ensure that your fence lasts for years to come and meets your expectations, please ensure you properly secure your fence posts in the ground and do not exceed the recommended spacing for fence posts.
