Readings In Synthetic Christian Theology Eastern Sources:

Readings in Synthetic Christian Theology Jeffrey Mackey, 2014-12-04 This is a volume of dynamic quotations from the Eastern Fathers of the Church and other theologians of the East as well. Journal of Biblical and Theological Studies, Issue 2.2 Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2017-11-03 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view. The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world. JBTS is concerned with presenting high level original scholarship in an approachable way. Academic journals are often written by scholars for other scholars. They are technical in nature assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible. As an inter denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular we encourage articles and book reviews within the fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy and Ethics.

Orthodox Readings of Aquinas Marcus Plested, 2012-11 The foremost Roman Catholic theologian of the middle ages Thomas Aquinas was hugely popular in the last days of the Orthodox Byzantine Empire in contrast to his largely negative reception by later Orthodox commentators. This book is the first to explore the long history of Orthodox fascination with Aquinas.

The Gospel of John Charles Raith II, 2017-03-16 The Gospel of John Theological Ecumenical Readings brings together leading Catholic, Orthodox and Evangelical theologians to read and interpret John's Gospel from within their ecclesial tradition while simultaneously engaging one another in critical dialogue. Combining both theological exegesis and ecumenical dialogue, each chapter is uniquely structured with a main essay by a Catholic, Orthodox or Evangelical theologian on a section of John's Gospel followed by two responses from theologians of the other two traditions. The chapter concludes with a final response from the main author. Readers are thus provided with not only a deep and engaging reading of the Gospel of John but also the unfolding of a rich theological ecumenical dialogue centered on an authority for all Christians, namely the Gospel of John.

Readings in the Philosophy of Religion Andrew Eshleman, 2008-04-28 Offers an array of Western and non Western theistic and non theistic religious thought. Combining key readings by contemporary philosophers with pivotal historical texts, this anthology brings together some of the best work in both Western philosophy of religion and Eastern thought including selections on Hinduism, Buddhism and Confucianism.

The Sculptor and his Stone Chrysostomos, 2017-01-26 This book argues for the inseparability of classical Hellenism from the Greek patristic tradition from a distinctly Eastern Orthodox perspective. Postulating a common striving for truth in

both domains it places emphasis on the contributions of the ancients and Greek paideia to Christian learning and culture In the spirit of the late Werner Jaeger the essays contained in the volume provide a fruitful strategy for looking anew at the Greek classical world and Christianity through the eyes of the Greek Fathers the direct inheritors of the ancient Greek worldview Collectively the author and contributors excellently demonstrate that conflated with the visionary insights of the Jewish prophets and of Jewish messianism the wisdom of the ancients served to pave the way for the unfolding of the fullness of Christian teaching and its spiritually enlightening revelation

Saints of the Roman Calendar: Including Recent Feasts Proper to the English-Speaking World Enzo Lodi, 2017-08-31 The Catholic Church has always placed before the eyes of the faithful the example of holiness set by the saints In the first Preface of the Mass for Holy Men and Women we read In their lives on earth you give us an example In our communion with them you give us their friendship In their prayer for the Church you give us strength and protection Moreover as the Second Vatican Council put it every act of love offered by us to those who are in heaven tends to and terminates in Christ the crown of all the saints and through him in God who is wonderful in his saints and is glorified in them This book then should be a welcome addition to the ever increasing number of volumes that treat of the lives of the saints With the addition of feast days proper to the United States it is offered to the English speaking public in the hope that it will foster greater devotion to the saintly men and women who are not only historical figures worthy of our veneration but models worthy of our imitation

Deification and Modern Orthodox Theology Petre

Maican, 2023-04-24 Modern Orthodox identity is deeply interwoven with the notion of deification or union with God For some theologians deification represents the lens through which most if not all theological questions should be engaged In this volume Petre Maican undertakes the task of critically examining the extent to which deification informs the main debates inside Orthodox theology focusing on four essential loci anthropology the Trinity epistemology and ecclesiology Maican argues that while deification remains central to anthropology and the Orthodox understanding of the Trinity it seems less relevant in the areas of ecclesiology and complexifies the Orthodox approach to Scripture and Tradition

The Person of Jesus Christ in the Writings of Juhanon Gregorius Abu'l Faraj Commonly Called Bar Ebraya Mathunny John Panicker, 2002. Panicker's book about the Christology of the Bar Ebraya, a work he completed while living in Rome, provides a comprehensive overview of the great Middle Age theologians of the Syrian renaissance with a view to considering key Christological questions. Hence, Panicker is able to make significant contributions to modern ecumenism.

The Oxford Companion to Christian Thought Adrian Hastings, Alistair Mason, Hugh S. Pyper, 2000-12-21. Embracing the viewpoints of Catholic, Protestant or Orthodox thinkers of conservatives, liberals, radicals and agnostics, Christianity today is anything but monolithic or univocal. In *The Oxford Companion to Christian Thought*, general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought. Indeed, the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible. Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking. Within its 600 alphabetically arranged entries, readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian. There is ample coverage of Eastern thought as well as examining the Christian tradition in China, Japan, India and Africa. The contributors examine major theological topics such as resurrection, the Eucharist and grace as well as controversial issues such as homosexuality and abortion. In addition, short entries illuminate symbols such as water and wine, and there are many profiles of leading theologians of non-Christians who have deeply influenced Christian thinking, including Aristotle and Plato, and of literary figures such as Dante, Milton and Tolstoy. Most articles end with a list of suggested readings, and the book features a large number of cross-references. *The Oxford Companion to Christian Thought* is an indispensable guide to one of the central strands of Western culture. An essential volume for all Christians, it is a thoughtful gift for the holidays.

Called to Be the Children of God David Vincent Meconi, Carl Olson, 2016-04-19. This book gathers fourteen Catholic scholars to present, examine and explain the often misunderstood process of deification. The fifteen chapters show what becoming God meant for the early Church, for St Thomas Aquinas and the greatest Dominicans, and for St Francis and the early Franciscans. This book explains how this understanding of salvation played out during the Protestant Reformation and the Council of Trent. It explores the thought of the French School of Spirituality, various Thomists, John Henry Newman, John Paul II and the Vatican Councils, and it shows where such thinking can be found today in the Catechism of the Catholic Church. No other

book has gathered such an array of scholars or provided such a deep study into how humanity's divinized life in Christ has received many rich and various perspectives over the past two thousand years This book seeks to bring readers into the central mystery of Christianity by allowing the Church's greatest thinkers and texts to speak for themselves demonstrating how becoming Christ like and the Body of Christ on earth is the only ultimate purpose of the Christian faith Scripture's Doctrine and Theology's Bible Markus Bockmuehl, Alan J. Torrance, 2008-11 A team of world renowned scholars explores on what grounds and to what extent the New Testament shapes and prescribes Christian theology **Genesis 1-11:26: The Christian Standard Commentary** Kenneth A. Strawn, 2023-05-30 My Lord There is no one like you among the gods Attempting to describe the nature of God often prompts the exclamation of the psalmist that God is unlike anyone or anything else And yet the claim is not simply the overflow of an adoring heart God's incomparability is a truth lodged deep within Christian Scripture In The Incomparable God Old Testament scholar Brent Strawn offers thoughtful insight into this theological mystery This volume collects eighteen of Strawn's most provocative essays on the nature of God several of which are published for the first time here Strawn covers the following topics the complex portrayal of God in Genesis God's mercy in Exodus poetic description of God in the Psalms the Trinity in both testaments pedagogy of the Old Testament integration of faith and scholarship Encompassing close readings of Scripture biblical theological argument and considerations of praxis The Incomparable God is essential reading for Old Testament scholars and students

Modern Orthodox Theology Paul Ladouceur, 2019-04-04 Modern Orthodox theology represents a continuity of the Eastern Christian theological tradition stretching back to the early Church and especially to the Ancient Fathers of the Church This volume considers the full range of modern Orthodox theology The first chapters of the book offer a chronological study of the development of modern Orthodox theology beginning with a survey of Orthodox theology from the fall of Constantinople in 1453 until the early 19th century Ladouceur then focuses on theology in imperial Russia the Russian religious renaissance at the beginning of the 20th century and the origins and nature of neopatristic theology as well as the new theology in Greece and Romania and tradition and the restoration of patristic thought Subsequent chapters examine specific major themes God and Creation Divine humanity personhood and human rights The Church of Christ Ecumenical theology and religious diversity The Christification of life Social and Political Theology The Name of God conflict The ordination of women The volume concludes with assessments of major approaches of modern Orthodox theology and

reflections on the current status and future of Orthodox theology Designed for classroom use the book features case studies a detailed index a list of recommended readings for each chapter *Theandric and Triune* Ty Kieser, 2024-01-25 Describing Jesus as an agent of divine actions or as one who possesses human agency is commonplace in christological discussions Yet these discussions often wade in a shallow understanding of the terms meanings and the theological implications of such claims For example while many theologians who are committed to the definition of Chalcedon consider Jesus one agent we might ask if this implies that the triune God comprises three agents Or if Christ possesses singular agency how are his divinity and humanity operative in his actions In response this work draws from the theology of John Owen and advancements in philosophy of action in order to offer an account of divine and human agency in christological action from within the Reformed tradition It provides clarity to the christological and trinitarian uses of the language of agent agency in Christ and attends to the theological esp trinitarian entailments therein While at first glance there may appear to be internal inconsistencies with accounts that subscribe to classical trinitarianism and Reformed Christological agency this book argues that Owen helps us recover an understanding of christological agency that is internally coherent and theologically prudent As such the Reformed tradition can articulate Christological agency in a way that is coherent with the testimony of Scripture the ecumenical councils and classical trinitarianism while contributing to contemporary theological discussions The case not only provides terminological clarity and theological coherence but also inclines Christians to appreciate the trinitarian love of God in Christ's action and the human sympathy of Christ for his people
