Footprints on the Sands of Time Nicholas Archer, 2018-03-22 Time is like sand, innumerable yet we all leave footprints on that sand, some more heavily than others. This collection of short stories chronicles eight footprints left across the span of time from the prehistoric tale of the primordial Adam and Eve to the long lost expedition of a colony ship from the unexplainable end of the pre-classical Mayans to the future exploration of structures on Titan of a man out of time and a God beyond it or a Martian whose conscience remembers it for him. These tales of unique possibilities are designed to make you think or encourage your faith.

Footprints in the Sands of Time Hank OpdenDries, 2015-04-10 One of ten children born in 1924 in a little Dutch town close to the German border, Hank OpdenDries grew up in a world surrounded by farms and wooded hills, a life much in contrast to the fast-paced world we understand where the simple appearance of a car would be met with fascination by an entire village, the most common mode of transport at that time being the horse. As the hungry thirties set in, rumors of war precipitated by Hitler's Germany threatened to turn Hank's world upside down. When the invasion came, his world was transformed forever. Witnessing firsthand the German invasion of his homeland, Hank soon found himself along with many other able-bodied Dutchmen forced to work in the Ruhr to help the German war effort. Escaping back to the Netherlands, Hank went underground with a number of his friends remaining in occupied Holland for the duration of the war. Helping to shelter a down British airman who eventually escaped using the Dutch rail network while still dressed in his RAF uniform, Hank also saw Hitler's infamous V-2 rockets take flight along with the Nazis' sadistic treatment of Holland's Jewish population. Liberated from German occupation by Canadian soldiers in 1945, three years later Hank found himself starting a new life as an immigrant to Canada. Vividly retold, Hank's story is one of survival and resistance in a time of unprecedented violence and treachery. His story is about not only tragedy but also heroism. In short, it is the story of Holland in the Second World War and one man's determination to build a new life for himself in the country that gave him his freedom.

The Sands of Time Michael Hoeye, 2004 When his friend Mirrin Stentrill exhibits her visionary paintings, monumental portraits of cats, the rodent township of Pinchester is outraged. The mayor wants to close down the show and militant mice threaten to do much worse. Then just when things are building to fever pitch, a mysterious old chipmunk announces his revolutionary new theory. He believes that a civilisation of cats ruled the world long before mice had even scuttled out of their caves. Could there be truth in such shocking horrors? There are those who would resort to anything to stop the world from finding out the unspeakable. To discover the truth, our heroes must travel up the Longish River across the Great Desert to an ancient tomb that lies buried deep in The Sands of Time.

Beneath the Sands of Time Jody Cooke,2021-06-08 The poetry of Jody Cooke while greatly varied and at times seemingly unfocused in theme is a wonderful read and filled with rich emotional commentary From man s base desires and carnal hunger to the more brutal aspects of rage obsession and the need for violence Mr Cooke takes a deep look into man s heart and pulls out the things we all try so desperately to hide In other works he explores more romantic themes such as love family and the untamed wilds of our deepest imagination Contained within this book are many such pieces A body of work that is the result of a lifetime of creation Here is a brief examination of a few of my favorites *Of Times Three* D B
