Names John R. K. Clark, 2018-04-30 In *Kalaupapa Place Names* John Clark presents a unique history of the leprosy settlement on Molokai based on his meticulous research of more than three hundred Hawaiian language newspaper articles. He first assembled an extensive list of familiar and long forgotten place names associated with the Kalaupapa peninsula and then searched for them in the online repository of Hawaiian language newspapers. With translation assistance by Isona Ellinwood and Keao NeSmith he discovered articles that show a community of Hawaiians from every island except uninhabited Kahoolawe. Their stories reveal an active community with its members trying to live their lives as normally as possible in the face of a debilitating disease. The first section of the book contains newspaper articles arranged under an alphabetical listing of place names. The second section organizes the material into chronological segments from before the establishment of the Kalaupapa Settlement to the death of Mother Marianne Cope in 1918. These two sections are followed by a collection of kanikau or lamentations, interviews with Kalaupapa residents and a list of Hawaiian language newspapers. Introductory paragraphs for groupings of newspaper articles assist the reader in visualizing the physical landscape and understanding the history and significance of a particular location. The poetry of the Hawaiian language is evident throughout the translations, especially in the kanikau.

Capes,2025-05-20 Students in seminary or graduate theology programs learn that some books in the Bible are anonymous Their professors will make the point that many Pauline letters have disputed authorship and may in fact not be written by Paul Students will also learn about the practice of pseudonymity in the world of the Bible and how some Gospels or letters are written under a false name Now for those who become pastors or church leaders what are they to do with what they learn Do they teach their congregants about these authorship questions Do they ignore that part of their training as irrelevant to the task Do they avoid teaching or reading publicly from disputed books Do these questions not matter in the end because the church settled on the canon This book aims to address these pastoral challenges An international group of scholars from universities seminaries and graduate theology programs convened to discuss these matters at the Lanier Theological Library in May 2022 These essays represent how many faculty are wrestling with the pastoral implications of anonymity and pseudonymity in the New Testament
