should be extremely well prepared A great residency application package includes a carefully written and goal directed personal statement strong and highly supportive letters of recommendation and a clean coherent and consistent common application form Once you are invited for the interview it is equally important to understand what it means to be interviewed by the programs and what valuable information your potential residency programs are trying to extract from you It is not all about how you dress how you talk and how you have scored in your USMLE They are looking for a reliable trainee a passionate teacher and a dependable colleague Your search for residency is not over even after you have completed your interviews It is important that you appreciate what they have done for you thus far and also any further communication with the program directors PDs should not go shoddy Residency Interview and Match Real Life Examples Tailored to Your Success is a succinct but complete guide to help you chart through this process The main purpose of this book is to provide you ample examples complete with explanations so that you actually understand what should be done and why it is done this way Each of these examples are matched to your real life stories so that you will quickly figure out which cohort you belong to and what it means to you to prepare for this application Finally what you do as a medical student transitioning to become a physician makes me very proud I have spoken to several of you in the classroom in the wards in the cafeteria and occasionally in the pubs The journey you have ventured earns great respect and does not deserve a tearful approach to prepare for your residency application I hope this book will help you shape your application in a different and distinct way Enjoy reading this book and I wish you success in getting into the residency of your choice *Match Success* Stanley Zaslaw,1994 *The Residency Match* Samir P. Desai,2003 In late March a life changing day occurs for students at medical schools across the United States On Match Day students learn where they will be pursuing their residency training For some it is a time to rejoice For others however there is bitter disappointment when the match does not turn out as expected Every year there are medical students who do not match at any residency program There are many others who do match but are disappointed to learn that they did not match at one of their top programs These outcomes often leave students wondering what went wrong along the way During every step of the residency application process mistakes can be made that prevent you from matching with the residency program of your choice Although these errors have been well known to those involved in the resident selection process they are not well recognized by students applying for residency Now for the first time Dr Samir Desai identifies the 101 all too common mistakes students make during the residency application process He also shows you how to avoid them so you don't fall into the same traps Here are some of the mistakes you'll learn to avoid Mistakes made On the CV On the personal statement When interviewing When ranking residency programs And much more Take charge of the residency application process instead of letting it take charge of you Book jacket [Get the Residency](#) Joshua Caballero, Kevin A Clauson, Sandra Benavides, 2023 This book presents useful strategies for targeting residencies practical tips for each step in the submission and application process and resources for preparing for the recruitment and
