Reasoning With God Reclaiming Shari ah In The Modern Age:

Reasoning with God Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari ah in Islam and its role in the world today In *Reasoning with God* renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari ah Abou El Fadl explores the moral trajectory of Islam in today s world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari ah As the world s second largest religion Islam remains an important force on the global stage *Reasoning with God* takes readers both Muslim and non Muslim beyond superficial understandings of Shari ah to a deeper understanding of its meaning and potential

Many Muslim societies are in the throes of tumultuous political transitions and common to all has been heightened debate

over the place of sharia law in modern politics and ethical life Bringing together leading scholars of Islamic politics ethics and law this book examines the varied meanings and uses of Islamic law so as to assess the prospects for democratic plural and gender equitable Islamic ethics today These essays show that contrary to the claims of some radicals Muslim understandings of Islamic law and ethics have always been varied and emerge not from unchanging texts but from real and active engagement with Islamic traditions and everyday life The ethical debates that rage in contemporary Muslim societies reveal much about the prospects for democratic societies and a pluralist Islamic ethics in the future They also suggest that despite the tragic violence wrought in recent years by Boko Haram and the Islamic State in Iraq we may yet see an age of ethical renewal across the Muslim world *Law and the Rule of God* Joshua Ralston,2020-11-05 This book advances a constructive theological approach to the controversial issues of shar a public law and secularism in Christian Muslim relations **Toward New Democratic Imaginaries - İstanbul Seminars on Islam, Culture and Politics** Seyla Benhabib,Volker Kaul,2016-09-23 This volume combines rigorous empirical and theoretical analyses with political engagement to look beyond reductive short hands that ignore the historical evolution and varieties of Islamic doctrine and that deny the complexities of Muslim societies encounters with modernity itself Are Islam and democracy compatible Can we shed the language of Islam vs the West for new political imaginaries The authors analyze struggles over political legitimacy since the Arab Spring and the rise of Al Qaeda and ISIS in their historical and political complexity across the MENA Middle East and North Africa region Distinguishing multiculturalism from interculturalism and understanding multiple modernities philosophers in the volume tease out the complexities of civilizational encounters The volume also shows how the Paris massacres or the Danish caricature controversy do not remain confined to Europe but influence struggles and confrontations within Muslim societies Gender and Islam are addressed from a comparative perspective bringing into conversation not only the experience of different Muslim countries with Islamic law but also by analysing Jewish family law *A Geo-Legal Approach to the English Sharia Courts* Anna Marotta,2021-12-20 *A Geo Legal Approach to the English Sharia Courts* Cases and Conflicts adopts a new methodological perspective that combines Comparative Law with Geopolitics to understand the phenomenon of the English sharia courts This term is used as a geopolitical representation of specific Islamic ADR institutions The geo legal analysis illustrates the competition of the legal systems involved and brings you in the middle of the related conflict where official and unofficial legal rules are used by various actors to defend their ideas of Law and implement their strategies Accordingly the geo legal operational analysis helps assess the possible changes occurring in the relationship between the legal systems and their substratum of values Funding for the research associated with this book was provided by the University of Campania Luigi Vanvitelli Dept of Political Science and by the Italian Ministry of University and Research through the National Project PRIN 2017 n 20174EH2MR on International Migrations State Sovereignty Human Rights open legal issues directed by Prof Angela Di Stasi and Prof Ida Caracciolo *Agents of God* Jeffrey Guhin,2021 Based on a year

and a half of ethnographic observation and interviews with teachers and students at four high schools in the New York City area two of them Sunni Muslim and two Evangelical Christian sociologist Jeffrey Guhin argues that these schools use politics gender sex and the internet to separate themselves from the rest of America a country they view as both a promise and a threat In examining these boundaries he describes how the schools use scripture prayer and science as a means of maintaining their authority over the students lives

The Revolution Within Yasmin Moll, 2025-04-01 The New Preachers of Egypt so named because of their novel preaching styles which incorporate everything from melodrama to music to self help came to prominence on the world's first Islamic television channel on the cusp of the Arab Spring uprisings They promoted an innovative and inclusive Islamic piety that millions of young middle class viewers found radical and compelling but were scorned as neoliberal by leftists as stealth Islamists by secularists and as too Westernized by other Muslim preachers Drawing on long term fieldwork with the New Preachers their producers and followers in Cairo Yasmin Moll shows how Islamic media and the social life of theology mattered to contestations over the shape of a New Egypt These mass mediated fractures within Islamic Revivalism were happening at a time of both revolutionary possibility and authoritarian entrenchment The New Preachers Islamic media inspired a revolution within that transcended the country's divisions and anticipated the ethos of creativity solidarity and coexistence that soon would mark Tahrir Square the ethical epicenter of the 2011 uprising Vividly written and boldly theorized The Revolution Within challenges conventional accounts of the 2011 revolution and its aftermath as a struggle between secular and religious forces reconsidering what makes a practice virtuous a public Islamic a way of life Godly

Miskawayh's Tahḍīb al-aḥlāq Ufuk Topkara, 2022-06-14 This book engages with the work of Miskawayh a formative Islamic Philosopher in the 11th century who is acknowledged as the founder of Islamic Moral Philosophy Miskawayh's The Refinement of Character Tah b al A l q draws from both ancient Greek philosophical tradition and Islamic thought highlighting the concepts he integrated into what he argued to be the moral core of Islam This book pursues a comparative study by analyzing and outlining the inherent philosophical concerns of the Aristotelian concepts of Happiness Justice and Friendship which are then brought into conversation with Miskawayh's own conceptualizations of them While Tah b al A l q is deeply influenced by Aristotle's ethics Miskawayh employs not only a Platonizing interpretation of Aristotelian philosophy but also incorporates traditions of Islamic thought The study therefore concludes that Miskawayh is merely a transmitter of ancient Greek philosophy as shown by both his critical survey of the material available to him and his own critical contributions Essentially Miskawayh attempted to harmonize philosophical and religious concepts of knowledge demonstrating the interlinking of what are perceived as at times detrimentally incompatible positions Ufuk Topkara illustrates how Aristotle's Ethics are integrated modified and at times adjusted to the broader narrative of Islamic thought and how Miskawayh's discourse albeit philosophical in nature remains religious in its outlook Providing clear insight into Miskawayh's work this book is ideal for students and scholars of Islamic Philosophy and Muslim Theology

The Higher

Objectives of Islamic Theology Mohammed Gamal Abdelnour,2022 In The Higher Objectives of Islamic Theology

Mohammed Gamal Abdelnour introduces a new field of inquiry to the Islamic tradition by basing it on a scheme of core values Truth Justice Beauty instead of a scheme of hudud penalties arguing that the tradition s current overemphasis on law justice has relegated both theology truth and Sufism beauty to the periphery of the tradition **The Woman Question in**

Islamic Studies Kecia Ali,2024-09-17 The interconnected ways that sexism functions in academic Islamic studies and how to shift professional norms toward parity Despite remarkable shifts in the demographics of Islamic studies in recent decades the field continues to be dominated by men who often relegate other scholars and their work particularly research on gender to its periphery while treating subfields in which men predominate as more rigorous and central In The Woman Question in Islamic Studies Kecia Ali explores the interconnected ways that sexism functions in academic Islamic studies Examining publications citations curricula and media representations Ali finds that despite the growth and depth of scholarship on Islam and gender men continue to overlook women s scholarship even in work that purports to discuss gender issues Moreover media and social media dynamics make talking about Islam and Muslims for broader audiences especially fraught for scholars who are not men particularly when the topic is gender or sexuality Combining broad surveys with more focused analyses of a smaller set of texts Ali shows that textbooks and syllabi continue to exclude women as historical actors and scholars and to marginalize gender and sexuality as subject matter Finally she provides a Beginner s Guide to Eradicating Sexism in Islamic Studies offering practical strategies to help scholars avoid common pitfalls in their own work and contribute to broader professional transformations International Law, Necropolitics, and Arab Lives Khaled

Al-Kassimi,2022-10-27 International Relations and International Law continue to be accented by epistemic violence by naturalizing a separation between law and morality What does such positivist juridical ethos make possible when considering that both disciplines reify a secular immanent ontology International Law Necropolitics and Arab Lives emphasizes that positivist jurisprudence re conquered Arabia by subjugating Arab life to the power of death using extrajudicial techniques of violence seeking the implementation of a New Middle East that is no longer resistant to Latin European modernity but amenable to such exclusionary telos The monograph goes beyond the limited remonstrations asserting that the problematic with both disciplines is that they are primarily Eurocentric Rather the epistemic inquiry uncovers that legalizing necropower is necessary for the temporal coherence of secular modernity since a humanitarian logic masks sovereignty inherently being necropolitical by categorizing Arab Islamic epistemology as an internal external enemy from which national ist citizenship must be defended This creates a sense of danger around which to unite modern epistemology whilst reinforcing the purity of a particular ontology at the expense of banning and de humanizing a supposed impure Arab refugee This book will be of interest to graduate students scholars and finally practitioners of international relations political theory philosophical theology and legal theory *Feminism, Tradition and Change in Contemporary Islam* Shehnaz Haqqani,2024-10-17 The

Islamic tradition has always been flexible changing over time and constantly adapting to the different societies Muslims find themselves in Few Muslims today would abide by the fatwa against the printing press under the Ottomans Moreover although Islamic law legislates for slavery and child marriage only a vanishing minority of Muslims consider these practices acceptable today and some will even argue that Islam never permitted them Yet some issues like the prohibition on female led prayer and female interfaith marriage seem curiously impervious to change Why is that Through a mixture of interviews with ordinary Muslims in Texas and critical analysis of contemporary and historical scholarship Shehnaz Haqqani demonstrates the gendered dimensions of change and negotiation in Islamic tradition She argues that a reliance on a mostly male scholarly consensus means that the tradition preserves male privilege at the expense of justice for Muslim women

Teaching Islamic Studies in the Age of ISIS, Islamophobia, and the Internet Courtney M. Dorroll, 2019-01-24 How can teachers introduce Islam to students when daily media headlines can prejudice students perception of the subject Should Islam be taught differently in secular universities than in colleges with a clear faith based mission What are strategies for discussing Islam and violence without perpetuating stereotypes The contributors of Teaching Islamic Studies in the Age of ISIS Islamophobia and the Internet address these challenges head on and consider approaches to Islamic studies pedagogy Islamophobia and violence and suggestions for how to structure courses These approaches acknowledge the particular challenges faced when teaching a topic that students might initially fear or distrust Speaking from their own experience they include examples of collaborative teaching models reading and media suggestions and ideas for group assignments that encourage deeper engagement and broader thinking The contributors also share personal struggles when confronted with students including Muslim students and parents who suspected the courses might have ulterior motives In an age of stereotypes and misrepresentations of Islam this book offers a range of means by which teachers can encourage students to thoughtfully engage with the topic of Islam *American Journal of Islamic Social Sciences* 34:2 Jonathan Brown, Mobeen Vaid, David Raeburn Finn, Tammy Gaber, Todd M.
