### **Viv Adventures In Duality A Of Possibility:**

**ViV:Adventures in Duality** Rick Jordan,2014-10-17 The pieces of art and poetry within this book have been compiled over a series of years and have evolved over time In fact they are still evolving and may never be complete They were pieced together in this book into one single presentation of possibilities The aim of this book is to expand your mind The method is my specific dance of creation a sort of style all my own that combines both the lightest and darkest aspects of existence rolls them into one and in doing so attempts to shatter our preconditioned concept of the superiority of one side of duality over the other In this book it s the line dividing the two sides of duality that is glorified nothing more and nothing less This book is written in a kind of rap rhyming zen aimed at shattering the duality within It does not use the same method of reaching the mind that normal poetry or prose uses As you will see the emphasis is on the beat and flow of the syllables and the way of the sounds never minding all the rules Ultimately this book is meant to be an experience not necessarily read in one sitting or even in order but picked up here and there whenever you feel you need a good dose of your duality shattered **VIV** Rick Jordan,2014-10-17
