Visages De La Justice:

Chine, les visages de la justice ordinaire Stéphanie Balme, 2016-06-23 Que sait-on de la justice chinoise contemporaine ? Quelles sont les caractéristiques et la marge d'indépendance d'un système judiciaire qui a muté au rythme de l'évolution de la Chine postmaoïste pour devenir aujourd'hui l'un des plus vastes et l'un des plus high tech du monde ? Pour répondre à ces questions Stéphanie Balme a choisi d'observer la justice chinoise de l'intérieur. Son ouvrage s'appuie sur des enquêtes de terrain menées auprès des cours populaires de nombreuses localités. Il dévoile ainsi les multiples visages de la justice ordinaire tout en montrant les écarts entre les discours officiels, le droit positif et le droit en action. Ce travail inédit révèle les contradictions majeures d'un appareil judiciaire qui se reforme de façon chaotique en plaquant les principes internationaux de bonne gouvernance sur des rites ancrés dans une double tradition impériale et maoïste. Comprendre cette réalité est essentiel alors que la Chine est au cœur de la globalisation et que son modèle tant juridique que politique défie les principes fondateurs de l'état de droit.

The Gruesome Visage Pasquale De Marco, 2025-05-04 The Gruesome Visage is a powerful and moving exploration of the human condition shining a light on the hidden struggles and triumphs of those who have faced oppression and adversity. Through the eyes of individuals from diverse backgrounds and experiences, this book delves into the complexities of poverty, discrimination, violence, and displacement while also celebrating the resilience, hope, and dignity that can emerge from even the most challenging circumstances. With vivid storytelling and incisive analysis, The Gruesome Visage examines the systemic forces that perpetuate inequality and injustice while also highlighting the extraordinary capacity of the human spirit to overcome adversity. Through the voices of those who have been marginalized and silenced, this book amplifies their stories, giving them a platform to speak truth to power and inspire change. More than just a collection of narratives, The Gruesome Visage is a call to action, urging readers to confront the injustices that persist in our world and to work towards a future where all voices are heard and all lives are valued. It is a reminder that even in the darkest of times, hope can be found in the resilience of the human spirit and the power of collective action. By shedding light on the experiences of those who are often overlooked or forgotten, The Gruesome Visage challenges us to question our own assumptions and to recognize the interconnectedness of all human beings. It invites us to embrace empathy, compassion, and solidarity and to work together to create a more just and equitable world for all. The Gruesome Visage is an essential read for anyone who cares about human rights, social justice, and the power of storytelling to effect change. It is a book that will stay with you long after you finish reading it, inspiring you to become an advocate for the voiceless and to work towards a better future for all. Transforming Justice: Responses to Non-Recent Institutional Abuses Anne-Marie McAlinden, Marie Keenan, James Gallen, 2025-03-20 Over the last few decades, the issue of historical non-recent institutional abuses has resonated in a range of Western states and churches. Despite the recent proliferation of justice responses to such abuses,

including prosecutions and civil litigation inquiries redress and apologies it is a subject which is insufficiently understood in the literature Set against the complexities of the legal historical cultural and political realities of addressing non recent institutional abuses Transforming Justice Responses to Non Recent Institutional Abuses critically examines these justice responses across Northern Ireland and the Republic of Ireland Bringing together the voices of victim survivors of non recent institutional abuses with legal actors academics media professionals and church and state actors on their experiences of justice processes this book reframes discourses on accountability and responsibility and considers how to improve justice processes at the level of praxis and increase engagement between victim survivors and institutional actors Drawing on interdisciplinary literature related to restorative transitional and transformative justice and analysis of primary research the book advances analysis of the role of innovative justice in this space and a new approach to justice which bridges the accountability gap between seeking and achieving justice for non recent institutional abuses while improving outcomes for victims and survivors This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read on Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations

De L'éthique à la Justice Ernst Wolff, 2007-10-02 Emmanuel Levinas est le philosophe de la non indifférence il n'est en aucune sorte un philosophe indifférent Son inquiétude personnelle et engagement politique ont trouvé une expression philosophique dans une quinzaine de deux versants Dans le versant ontologique il cherche à montrer que même si l'homme est l'élément de compréhension de l'être tout l'homme et toute signification ne se réduisent pas à la compréhension de l'être seul Dans le versant politique il s'interroge sur la possibilité de soumettre la tendance totalitaire de toute politique à une recherche de justice qui ne dépend pas finalement de la politique même Mais ces deux versants ne font qu'un La découverte d'une signification qui excède la compréhension de l'être l'éthique fournit en même temps la source de renouvellement de la justice Ainsi par cette double question Levinas nous présente les fils conducteurs de notre enquête une signification au-delà de la compréhension de l'être et sa portée éthique que nous appelons langage et que nous explorons dans la perspective de son importance politique Les études analytiques dans lesquelles les notions de politique et de langage fonctionnent comme clef d'interprétation mutuelle débouchent sur une critique centrée sur deux problèmes l'impossibilité d'interpréter la signification de l'autre et le danger inhérent à la conception d'une justice dépassant l'Etat
