The Parent Survival

Guide Theresa Kellam, 2011-02-14 When parents turn to the parenting self help section of their local bookstore they are looking for both practical guidance and a childrearing philosophy that resonates with them an approach they can relate to and be comfortable implementing in their own household In The Parent Survival Guide From Chaos to Harmony in Ten Weeks or Less Theresa Kellam presents a way to strengthen the relationship with the child that simultaneously promotes the parent s own emotional healing and wellness Grounded in a research supported therapeutic technique that uses structured play time as the catalyst for interpersonal connection and growth Kellam's model is subtle in its simplicity Through a series of guided exercises Kellam gives parents the skills they need to begin to set aside special playtimes with their children during which the most important part of the process is simply being there in a way that promotes healing growth and communication The beauty of this approach is that in only 30 minutes once a week the results can be seen in only a few weeks Features of the book include Parent Survival Tip at the start of each chapter Original cartoon illustrations bring text to life Short but insightful workseet questions bring focus to the program The Parent Survival Guide is structured over a series of 10 chapters which can be read in conjunction with the 10 sessions of the CPRT workshops for those parents enrolled in a formal filial training program But the material in the book is designed to be read and implemented by anyone The author is not only a licensed psychologist and filial therapist but she has also gone through the program with her own son and Cognitive-Behavioral Therapy for Adult Asperger Syndrome, continues to rely on its principles within her family First Edition Valerie L. Gaus, 2007-08-10 This book has been replaced by Cognitive Behavioral Therapy for Adults with Autism Spectrum Disorder Second Edition ISBN 978 1 4625 3768 6 **Psychotherapy for a Democratic Mind Israel W.** Charny, 2018-01-19 Psychotherapy for a Democratic Mind proposes that the optimal goal of psychotherapy lies in cultivating a free mind with integrity that will not seek to do major harm to one s life or to the lives of others. This book looks at a wide range of psychiatric disorders including classic conditions of neurosis personality disorders and psychoses through a different lens Rather than simply enumerating symptoms namely how a person is addressing the opportunity of his her life and the lives of others and whether a person is doing harm to themselves and or others. This book proceeds to grapple with several critical life experiences and styles tragedy violence and evil all of which often have posed insurmountable problems in The Emotionally Abusive Relationship Beverly Act from Choice Robert Goldmann, 2017-06-17 therapy Engel, 2023-08-23 A step by step guide to help both victims of emotional abuse and their abusers escape unhealthy patterns originating from childhood abuse and neglect In the second edition of The Emotionally Abusive Relationship How to Stop Being Abused and How to Stop Abusing internationally recognized therapist Beverly Engel walks readers through a proven program designed to help readers get to the core of their unhealthy behavior patterns This book was written specifically for two types of couples those who mutually abuse each other and those with abusive partners who are willing to honestly look at themselves to and make the necessary changes to stop abusing Unique among books of this type Engel focuses on both the

abused person and the abuser offering non judgmental advice to both groups She offers effective strategies techniques and information to end abusive behaviors including Why some people are attracted to abusive people and vice versa Patterns created from childhood neglect and abuse and how to break them Determining if you or your partner suffers from a personality disorder such as Narcissism or Borderline Personality Disorder How to decide whether to continue the relationship or end it The importance of healing shame caused by childhood neglect and abuse How self compassion can help heal both victims of emotional abuse and the abusers themselves The Emotionally Abusive Relationship is essential for those involved in unhealthy relationships or who have loved ones trapped in an emotionally abusive situation Therapist recommended this book is also a must read resource for students of psychotherapy The Intuitive Advisor Mona Lisa Schulz, 2009-11 From The Intuitive Advisor After 20 years as a medical intuitive advisor I realized that teaching people how to listen for the intuitive message behind the disease wasn t enough to help them create true and lasting health A vital step was missing namely how to effectively respond to what their intuition was advising and how they could learn to heal their lives and assist in healing those around them That's when I came to the realization that the health of each of the seven energy centers of the body depends on following a rule that involves balancing two seemingly opposite or contradictory qualities in our lives I call this set of balancing acts the Seven Rules for Intuitive Health Just as harmonized brain function depends on having both the left and the right hemispheres in sync healing body and mind in each of these seven energy centers or chakras involves following a rule to balance dual identities and engage two paradoxical mind sets simultaneously thus learning the Seven Rules for Intuitive Health will help you create a healthy mind and body Whenever you re in danger of dropping the ball somewhere you ll intuitively understand the warning signs your body is sending you via your health and you ll know how to get back on track The Trauma Treatment Handbook: Protocols Across the Spectrum Robin Shapiro, 2010-10-11 The therapist s go to source for treating a range of traumatized patients
